<https://www.youtube.com/watch?v=tbtrMVi-00A> (Not when he's doing a voice, but his normal voice. This is just the first video I came across)

**Talking about what he's passionate about:**

"It was so much fun! All the bright lights and the singing were mesmerizing! I couldn't look away even if I tried."

**Being awkward and evasive:**

"I promise I did everything to stop myself! It's just that... I get a little ahead of myself sometimes. It's not like I'm hurting anyone... Except for my wallet, but that's besides the point."

**Mad and a bit sad, but he's trying to keep things lighthearted:**

"I care for you, I really do. But what am I supposed to think when you say you can't wait for me to finish my job and finally leave?"

**Name:** Hiro Amane

**Age:** mid-20s

**Gender Identity:** Man

**Sexuality:** Too busy to even think about it but he likes women

**Personality:**

Stoic, uptight, stern, workaholic, serious, unsociable but is kind and looks out for others despite his standoffish nature. Straightforward, and honest when critiquing his team members' work but never insults or demeans them. Has a tendency to speak fast when fired up in a conversation but still sounds professional (like when he's talking about his kami oshi's many charms).

**Voice Type:**

Medium – Low, professional, steady cadence, not very expressive but not monotone either; he's somewhere in the middle.

**Voice refs/claims:**

Vyn from Tears of Themis JP (Jun Fukuyama)

Elbert from Ikemen Villain (Takeo Otsuka)

**Working, focused on his work:**

"Place your proposal over there. I'll review it when I'm done with this."

**Gushing about his kami oshi. He's clearly obsessed but still trying to sound composed and professional. Kinda sounds like he's giving a product proposal / pitch:**

"It is not merely her talent in dancing, singing, and charisma that draws people in. It is her optimism! Her ability to instill hope in others! She is an idol in every sense of the word! She — ehem... Simply put, based on my analysis, supporting her is indeed worth the investment."

**Tipsy, and tired. Is getting some fresh air outside during a company dinner:**

"Company dinners are just an excuse for those seniles to get drunk and pretend like alcohol's what made them sleazy. Tsk. They don't even do their job right... Ahem. Apologies. It appears I'm tipsier than I thought."
