Please note that these prices are for **personal use digital art** commissions only, no commercial use allowed. For commercial use, please contact me via email.

If you are interested in getting a commission from me, you can send me an email to gaiasorrentino.art@gmail.com with the following information:

- ❖ Image type (head shot, full body, with/without background, etc.).
- ❖ Character reference sheet or photos. If you don't have visual refs, a detailed written description works, too.
- ❖ Description of what you'd like in the commission, including pose and expression of the character/s and background, if included.
- ❖ Anything else you think I need to know.

Then, after your commission request is approved, I'll also need:

- ❖ Your email address for sending files and Paypal address.
- ❖ Your personal information for invoicing (name, address, Tax ID Number).

NOTE: If you live in a country where Tax ID is private info (like the US) we can do without it.

WHAT I CAN DRAW

I draw pets, birds, canines, felines, other mammals, some fantasy creatures and natural landscapes.

I do not draw humans, architecture, mecha, nsfw, extreme gore (but some blood and scars are ok).

I may refuse to do the commission if I don't feel comfortable with the subject.

If you aren't sure, just ask me!

PAY-WHAT-YOU-WANT

This may be a good option for you if you're on a tight budget or if you'd like an experimental piece, different from my fully detailed ones.

The amount of details and time spent on the piece will depend on how much you decide to spend.

REFERENCE SHEET

Similar to the pay-what-you-want option above, I'm not setting a fixed price for Reference sheets, as it will vary depending on the level of detail you want (sketch, flat colours, speedpaint, full detail), on how many drawings of the character you'd like to be included and on the complexity of the character.

Below you can find a couple of examples with their respective prices.

Feel free to contact me if you'd like a quote!

Character creation and concept fee

If you want to commission me a reference sheet of a character that has no existing reference pictures or an already established design, I will charge a flat rate of 30€, to add to the total price of the reference.

This fee includes trying different colour palettes, markings, features, shapes and so on. However, there is a limit to how many concepts I will make and you need to provide at least a rough idea for me to work on.

Note: the example prices below do not include the concept fee.

FLAT COLOUR REF SHEET : 170€

FULL DETAIL REF SHEET : 320€

TERMS OF USE

Once the commission request is approved, I'll make a rough sketch and I'll send it to you for your approval. Free changes can be made in this phase.

The sketch will be low resolution and watermarked.

After sketch approval I'll request full payment through your chosen method.

Payment plans can be discussed for commissions above 200€.

I can send work in progress (wip) images while I'm working, if you want.

Only minor changes can be made when the work is in progress and when it's finished.

Major changes may cost extra.

When full payment has been made and the commission is completed, I'll send the high resolution png file (and jpg, if you want it) to your email address.

If you wish to cancel a commission after payment has been made, I'll refund you in full if I've not started yet. If the commission is in progress I'll refund you partially (depending on how much work has been made). No refund if the commission is completed.

Unless agreed otherwise, I retain all the rights to produced artwork, including the right to post on my online art pages and sell prints.

You can post the commissioned artwork on your online pages, provided credit is given and it's not the full size image.

You can modify or reuse the artwork, provided credit is given and it's not for commercial use.

The commissioned artwork is for your **personal use only**.

You can not profit from the artwork.

If you want the commercial rights to the commissioned artwork, let me know and we'll discuss.

Please, **DO NOT use my art to train AI**, even if you commissioned it.

Client behaviour

You can ask for wips from time to time, but please don't overdo it.

I usually send at least one update per week to each client.

Don't question my prices or ask for discounts.

Regarding personal information you send me: it will only be used for what's strictly needed for the commission work and it will never be made public.

I need an email address for sending the final commission file, Paypal address for sending the invoice for payment and your personal information for filling in my invoice for tax paying in my country (Italy).

If you have any questions or concerns, feel free to contact me!
