★ Audunn ★ [Audunn || Lead Stallion](#) ★ **Paladin**★ Kingdom of Beorg ★

1833 Silfren ☀ 100/100 Hp ☀ 2785 Roses

Age: 7 (immortal)

Breed: Percheron//Mustang

Species: Vampire

Height: 17.0HH

Level: 9 (2785/3000R)

Audunn is strangely calm and fairly well mannered for a stallion. In addition to this he is quiet spoken and somewhat awkward but he does enjoy having a friendly conversation with others once in a while. The stallion dislikes fighting but won't allow harm to befall foals and mares under his care. He does have a bit of a stubborn streak despite his otherwise good-natured personality.

He was born among the Boerg kingdom's mountains where he resided with his mother's herd until he came of age and was driven off by his father. He's not particularly upset about being an outcast horse and hopes to make the best of the situation by starting his own group, be they bachelor's like himself or an actual herd.
