

Voting Procedure Bill

Bill Submitter: Democratic_Wolf

Preamble:

The purpose of this bill is to set out a clear procedure in which voters may cast their votes and the timeframe in which they will have to do so when a President announces sponsorship of a law that requires a vote.

Section 1

§1. Once a law is sponsored for vote, the President sponsoring the vote must announce it on r/SimTriocracy and on its respective Discord server that a vote will be taking place.

§1.1. On r/SimTriocracy the announcement must have the 'vote' flair.

§1.2. On the Discord server it must be announced in #general-announcements with the link to the Reddit post included.

§2. Once announced, the other Presidents will have 24 hours to co-sponsor the vote, veto the vote or abstain.

§3. After the 24 hour period, voting will commence.

§4. Voting will last for 24 hours

§4.1. This may be extended by an additional 24 hours if two Presidents agree and announce the extension before the expiration of the 24 hours vote.
