

Hi y'all, this is Esther from Chromythica. We are a trans and queer-led Pathfinder2E campaign, semi-homebrewed, and set in the Pathfinder world of Golarion. Our story begins when two gnomes, a tief-elf, and a talking dog walk into a bakery, unknowingly coming together to sway the destinies of dragons and the course of history.

Our show explores themes of belonging, community, and the process of making meaning out of complex situations... but I won't give too much away here! We're so excited to bring you a special sneak peak of our Season One finale for Rainbow Roll Fest 2023.
