Hi there, I'm Dr. Grant

And I want to help you fix your back pain and sciatica efficiently and non-invasively.

Since becoming a back pain specialist, **my programs have helped over 10,000+** regain mobility and live pain-free lives by reaching the root causes of their pains.

As a person who at some point had faith in typical pain relief methods (surgery, painkillers), I know how lost you may feel after the pain returns in a couple of weeks, and it all turns out to be for nothing.

This consultation is all about that one correct method. **It's an online consultation that walks you through understanding "The Centralization Process" and exactly how to live a pain-free life with it.**
