### **Email #3:**

Hey [firstname]!

Most people think client enrollment is about saying the right thing.

It's not.

It's about the energy and authority you bring into the conversation...  
... before you ever say a word.

That's why I love this simple **5-minute template** from Master Business Coach Jeanna Gabellini.

It helps you walk into any client conversation grounded, clear, and self-assured... so the right people naturally feel safe saying "yes."

When you feel solid, clients feel trust in their decision to say yes.

[\*\*Download the template\*\*](#) and set yourself up for more yeses without overthinking the conversation.

It's complimentary, and it works like a charm.

**Email #4:** – Coach Centric

Hey [firstname]!

Most coaches don't realize they're losing clients *during* the conversation... not because their package or program isn't hot, but because their energy is wonky.

Maybe they feel pressured to do it right. They're worried about what to say.

That's why I'm a fan of this quick [\*\*5-minute process\*\*](#) from Jeanna Gabellini. It helps you reset your mindset before client conversations, so you show up calm, confident, and unattached... which makes people feel comfortable saying yes.

When you can release the tension from the conversation, clients don't resist. And when clients don't have resistance, enrollment feels easy.

[\*\*This complimentary template\*\*](#) works whether you're doing 1:1 consults, webinars, or live events.

Grab it so you don't miss any more potential clients at the conversation stage.

P.S. Even a small shift in how you show up can dramatically increase how often people say yes. [This makes that shift simple.](#)
