

## December 12th, 2022 District Administrator Report

### Positives:

We are underway with winter sports and we have a large group of students that are involved. The musical has started with practices and it's great to see all of the students participating.

### Strategic Plan

The committee met on December 7th and reviewed the 273 survey results that we received. We will be using these results to develop definitions, goals, and next steps. . Our next meeting is January 11th.

### Master Athletic Plan

The committee will be meeting on December 21st at 5 pm in the auditorium. Point of Beginning will be sharing options and costing at that time.

### Other Projects

#### Fab Lab Grant-

We turned in our second Fab Lab grant application. We hope to hear sometime later this school year if we will receive the grant.

#### Tech Ed Lab -

Equipment has been ordered and contractors are finalizing plans to install. We plan on taking pictures before and after this project to post to our website.

#### Sponsorship Signs -

We have five sponsorship signs made. We have 10 to 15 more companies that have verbally committed. Most of the other companies are waiting until after the new year to make a commitment for tax reasons.

#### Inspire Waupaca -

This is an add on to our Xello program. Xello is part of our Academic and Career Planning program. Xellow is a computer program that assists students in exploring academic and career opportunities. Inspire Waupaca is an add-on to Xello that allows companies in Waupaca County to be a resource for students. Students can contact companies to set up visits, work opportunities, and youth apprenticeships.

### My Professional Development and Meetings

December 14th –Waupaca County Sheriff's Department School Safety meeting

January 18th- 20th - WASB State Convention in Milwaukee
