Common errors:

- It's vs. its- Is it possessive or 'it is'?
- Capitalization- Hurricane Katrina, New Orleans, Zeitoun
- When to use italics- *Zeitoun*, *The New York Times*
- Run-on sentences- Do you have more than one independent clause in your sentence without a semicolon separating the clauses? Can you make a new sentence instead?
- Paragraph breaks- Is your paragraph too long? Does your WT look like a huge block of text? Do you have several different ideas that don't make sense together in one paragraph?
- Font size- Is the font the same throughout your WT?
- Remember to **format your written task to match your text type**
 - Look at examples of your text types to get ideas!
