## INTRODUCTION (*Palatino Linotype 11, Space 1.5, Justify*)

The introduction is a background problem that describes academic anxiety, the irrelevant between ideality and reality, theoretical and applicable. In the background of the problem, the author must explain the latest research relevant to the topic to be discussed along with references. Then, in this sub, the author can define the position and significance of the writing to be addressed with research that is still relevant before. Furthermore, the writer can explain the purpose of the research and the significance of the study theoretically and pragmatically.

## METHOD (*Palatino Linotype 11, Space 1.5, Justify*)

It should be written in paragraphs. It explains the approach of the research, the kinds of research, the data collection technique, and data analysis. They should reflect on and describe the purpose of the study appropriately. In the next paragraph, the author must display the research framework in a concept map or diagram.

## **RESULTS AND DISCUSSION** (*Palatino Linotype 11, Space 1.5, Justify*)

Inform a number of important data (original) fields which obtained from the questionnaires, surveys, documents, interviews, observations, and other data collection techniques. It can be completed with a table or graphic to clarify the result.

All figures and tables should be centered and numbered consecutively. Tables (refer to Table 1, Table 2, and table 3...) should be presented above the table contained in center alignment. A descriptive title should be placed after the table title (refer to Table 1, table 2, and table 3...) above each table. The source of the table should be placed below the table in the right alignment. Example:

| <b>Table 1.</b> Table Description |                    |                    |                    |
|-----------------------------------|--------------------|--------------------|--------------------|
| <b>No</b>                         | <b>Description</b> | <b>Description</b> | <b>Description</b> |
| 1                                 | -                  | -                  |                    |
| 2                                 | -                  | -                  | -                  |
| 3                                 | -                  | -                  | -                  |
| 5                                 | -                  | -                  | -                  |
| 6                                 | -                  | -                  | -                  |
| 7                                 | -                  | -                  | -                  |
