Grass Hills October 7<sup>th</sup>

Dear Princy

I returned your towel by Lewis and hope you will excuse my not doing so before. Do come out and stay a day or two with me soon. I am sure your baby is so large now that you can bring him very easily and it has been so long that you have been promising to come that you must make a long visit when you do come. Cant you come when Mary Charlotte comes with Mrs. Hawkins? By the by when does Mary expect to come, we have expected her for more than a week. Tell her that she missed some nice jelly cake by not coming last Friday. She must be sure to come soon and stay three or four days with Clara and Meg before she [Clara] goes, which I expect she will do in the course of two weeks. Do come soon or I shall of course think that you are not coming at all and I am very anxious to show you my little dear baby.

Yours  
Mary Sanders
