

ESSAY CORRECTIONS FOR RESEARCH DRAFT #1

DIRECTIONS: In order to improve your writing, you must learn to fix the mistakes you are making so that you will not continue to commit the same errors. The numbers/letters I wrote on your research paper correspond to the explanation of the errors below.

Number all of the marked errors on your paper for both grammar and content issues. Then, on a sheet of binder paper, work through each of your errors by writing the rule you violated and show me what you would need to do to correct the error.
