

# Ti Kouka Lockdown Learning - Term 2 Week 5

Hi team! Here are the activities for the fifth week of Term 2. Keep those emails coming through showing what you have been up to!

## MATHS

### Pirates and treasure:

There are 4 pirates sharing treasure they have found. They want it to be fair, so each pirate will have the same amount of treasure. If they have 24 gold coins, how many would each pirate get? If there were the same amount of gold coins but only 3 pirates how many coins would each pirate get? What if there were only two pirates?

Extra for experts: Can you think of another number of gold coins that could be shared equally between 4 pirates and between 3 pirates so they all get the same number of coins?

## LITERACY

### WRITING

#### The Escape!

Explain how the zebra ended up in this tricky situation...What problems did she/he encounter? What is going to happen next? Describe the scene and any characters.

#### Reading - current events

Check out 'Kiwi Kids News' at [Kiwi Kids News](https://www.kiwikidsnews.co.nz/). Choose an article (or two) from National, World, Sport or Oddstuff. Share the story with a member of your family. Record **What** it was about, **Who** was involved, **Where** it took place and **Why** you found it interesting.

## I LIKE TO MOVE IT!

### Pop See Ko

Get moving to this Go Noodle song, you get to make up a dance move of your own at the end!. Click on the link in our websites section to take you to the video.

## GET CREATIVE!

Make an afternoon treat for you and your family. Check out the recipe on Kidspot [Fruity Iceblocks](#) (the link is on our blog websites section). You could always try using yoghurt or any other fruit.
