PARAGRAPH WRITING: THE WORLD IN 1750

Purpose

Craft a written argument where you support your position with evidence from what you've learned in the last three lessons of Unit 1: The World in 1750.

Process

Write a paragraph explaining why you **agree** or **disagree** with the claim below, using evidence from Lesson 1.5 (Comparing Europe and China in 1750), Lesson 1.6 (Eurasian Land-Based Empires in 1750), and Lesson 1.7 (Africa, the Americas, and the Pacific in 1750) to support your response.

- Claim: *In 1750, it was inevitable that the world would come to be dominated by European empires.*
