PDF Transcripts of each session — to refer back to, follow directions, take notes, highlight, and search for keywords

PLUS Your BONUS PACKAGE of TWELVE compelling audio and video recordings, including a substantive Intuitive Medicine course sampler with preeminent Shift faculty (a \$297.00 value in itself!)

“Owning Your Health”: Finding Confidence, Empowerment & Inner Knowing

You're not alone in your desire to own your health, and to know at a soul-deep level the right health decisions for you. **If you've struggled with chronic ailments or mystery symptoms, intuitive medicine may provide you with the valuable insights you need to start experiencing greater wellbeing.**

In this first-ever *Intuitive Medicine Summit* series, we've gathered many of the world's foremost medical experts, mediums, energy healers, and health practitioners in this ancient and revolutionary area of science who can guide you to develop the skills to become your own medical intuitive.

Of course, intuition is not meant to replace professional medical advice or treatment. Rather, it can be used as a tool to aid in the healing process.

These days, many of us no longer have the skills or confidence to acknowledge and translate the wisdom of our bodies. Fortunately, we *can* retrain ourselves to **listen to the signals of our bodies so we can take correct action for improving our health and healing.**

The **Intuitive Medicine Wisdom Collection** gives you access to time-tested *and* contemporary perspectives, as well as practical teachings that can assist you on your journey to learn your body's signals — so you can substantially strengthen your relationship to your body and more deeply access your intuition for transformational healing.

You can use these new learnings and skills to approach healing from a fresh, new angle — and **feel more confident in partnering with your healthcare provider to pinpoint and address chronic medical issues** so you can improve and maintain your health for years to come.

PLUS, you'll receive INSTANT ACCESS to these BONUSES when you act NOW:

Intuitive Medicine for Daily Life: Course Sampler

3-Part Video Sampler From Shift Network Faculty

Discovering the Secrets of Intuitive Healing With Judith Orloff, MD

In this opening module from the Shift course *Awakening Your Intuitive Healing Power* with Dr. Judith Orloff, you'll discover how the intersection of intuition and healing awakens an inner intelligence that can harness the power of wellness and release stress and dis-ease. You'll discover how Dr. Orloff overcame her fears to integrate intuitive healing with her work as a conventional physician, ways intuition can clarify your life's meaning and purpose at every stage, a guided meditation to connect you with your intuitive self, and more.

Understanding the Language of the Body With Mona Delfino

In this opening module from the Shift course *Become Your Own Medical Intuitive* with Mona Delfino, you'll discover the true meaning of medical intuition — and the healing power that comes with understanding the language of the body, as well as the breakthroughs that happen when you tune into this language... You'll explore questions like, "How is the body created?" And "Why do we NEED a physical body?" Mona will take you on a deep dive into medical intuition's foundations as you learn how emotions, the spirit, and the mind all integrate with the physical body.

Empathic Intuition With Wendy De Rosa

In this opening module from the Shift course *Expanding Powers of Intuition for Sensitives & Empaths* with Wendy De Rosa, you'll discover insights into why as an empath you may "ground the world" at the expense of your own grounding. You'll also learn the keys to creating the ideal energetic conditions in your system to support all aspects of your intuition. You'll find out how to heal and transform through your relationships — and hold your energy as an empowered empath. Wendy will also share a guided healing to detox others' energy and ground in your empathic, intuitive Self.
