ADOOHAY'S MONTHLY POLL RULES and GUIDELINES

The "Monthly POLL Contest" is specially created for you, the **supporters** on Patreon and SubscribeStar.Adult. There will be **12 characters** to choose. The winning character from the contest will be drawn for AdooHay's monthly content. The implementation system is as follows:

1. ACCEPTANCE OF CHARACTER SUGGESTION. (19th-20th each month*)

This stage is only accessible to **HARD & CORE-Supporters**. I will be creating a "POLL#(number) Suggestions?" post on each platform. You, the HARD-Supporters, are welcome to suggest some characters in the comments section of the post.

Please note that the pool has a capacity of only 12 spots. If the number of character suggestions exceeds the capacity, I will conduct a selection process based on the following filters.

1.1. As an artist who will be drawing characters, I also have limitations. Therefore, I **WILL NOT** be drawing:

- **Characters based on REAL people**. Even if they are fictional, I will NOT include characters based on real human actors.
- **FURRY characters**. I'm not good at drawing furry characters.
- **Big Beautiful Woman (BBW) character**. Not my taste.
- **MALE characters**. I prefer characters with breasts and vaginas.
- **MINOR Characters**! Characters who clearly look like children and are under 18 years old will not be included! (Including loli!)

1.2. NO two character names can fill the spots from the same franchise. I will ensure that each character submitted to the poll represents their respective world.

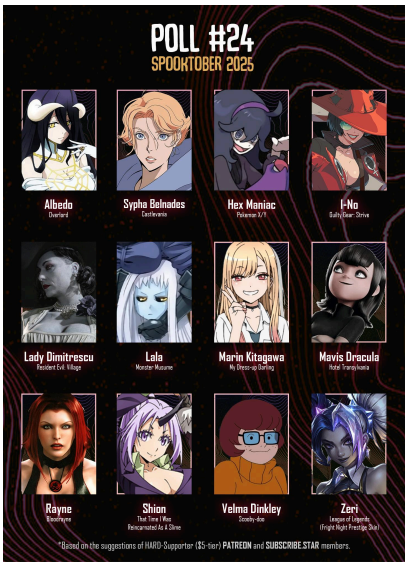

1.3. I will filter it by selecting at least **ONE** from **each member** who suggested it.

1.4. Characters who have won previous poll (solo) contests will NOT be included. See previous winners here.

1.5. Franchises that have won last month's contest may not be entered in the current monthly contest.

If after conducting the four selections above, the number of suggestions still exceeds capacity, I, as the organizer, will subjectively filter the characters that suit my taste. And if there aren't enough suggestions (which is very rare), I will fill in the blanks with my own suggestions.

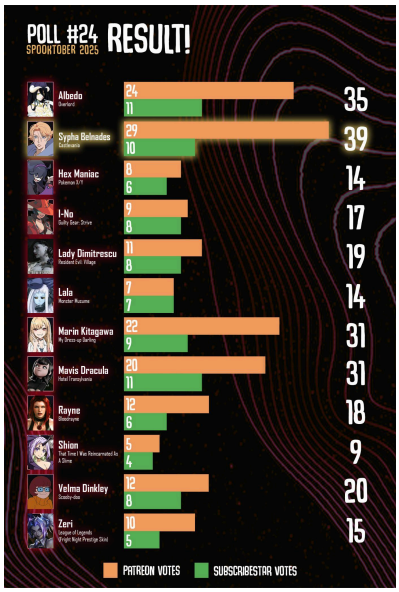

2. CHARACTER VOTING (21th-30/31th each month*)

Once the character suggestions have been determined, I will immediately create a “POLL#(number)” post. At this stage, all paid members can start voting for the available characters according to their preferences. Each tier's voting weight is equal, with no gaps between them. You are allowed to vote on multiple options/choices.

Voting starts on the 21st and ends on the last day of each month at 11:59 PM GMT+7.

3. VOTE RESULT (1st each month)

The voting results are based on the number of votes on Patreon and SubscribeStar.Adult. I'll also include screenshots of the polls from each platform as proof.

4. DRAWING POLL ARTWORK (2nd-18th each month*)

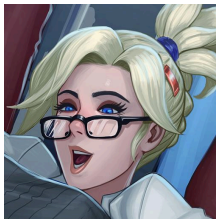

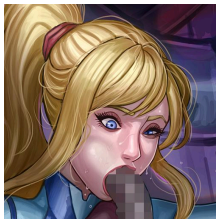

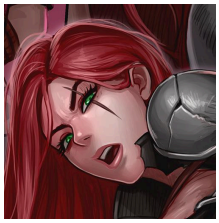

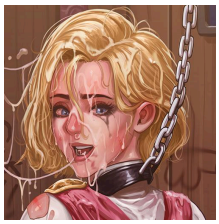

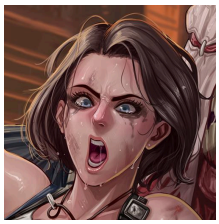

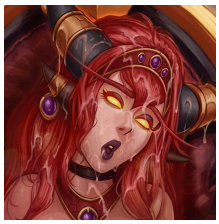

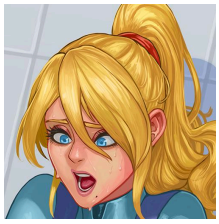

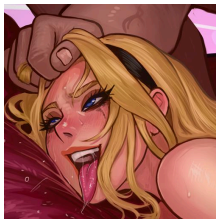

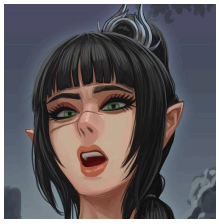

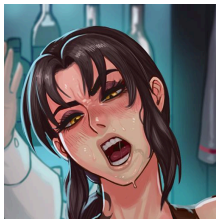

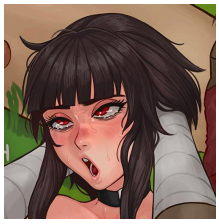

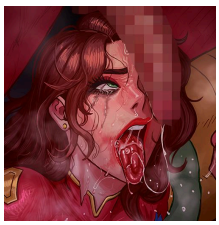

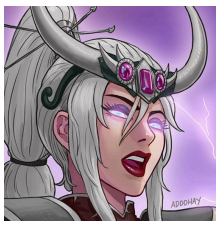

After finding out which character won the Monthly Poll Contest, I'll start brainstorming for the drawing. This starts with researching character data, references, and personality. Then, I'll turn the initial idea into a rough sketch, which I'll share in the first week of the month in a "WIP of this month..." post. After that, all my supporters have to do is wait for the final product.

That's how the Adoohay Monthly Polling Contest works. This is a program I created as a contribution to the community, and especially to my supporters. Thank you!

Dates may change at any time, depending on my situation irl!
