Title: Estela Translation | Services

Description: Detailed descriptions of the services she is able to provide. Sample work of individual and family clients and also corporate clients.

Estela Translations seem to be split into mainly two groups of “typical” visitors. Private individuals looking for a translator for a one time job, non english speaking individuals, on average middle aged. No specific income or occupation, people who are mostly just looking for a translator to translate documents for legal or immigration purposes. The second group of typical visitors are agencies, lawyers, non-profit organizations or other entities mostly looking for certified accredited translators specializing in the medical field. A potential customer that visits her website would most likely go to her bio page to read about her and what she can do for them, first. If that client is interested in using her services after reading about her experience, they will most likely move onto attempting to obtain an estimate on their own and potentially contact her through email or by phone. As a freelance translator she has the wiggle room to accept any additional work beyond those examples. Please feel free to reach out over email for an estimate personally from Estela.
