HUDL Sponsor (00244) HUDL is the premiere film review program in the nation. This is a necessity for our program as we log HUNDREDS of hours on this site watching and reviewing game and practice film along with breaking down our opponents film. We also use this software to exchange our film with our opponents.	PURCHASED \$2,699	
New Home and Away Jerseys (50 each color) (10236) These jerseys are already ordered... just not paid for. They will replace the home and away jerseys we have worn for the last seven years and will match our Black jerseys that we have. The white away jerseys will have "Burn the boots" stitched on the inner neck line as voted on my the 2021 season seniors and the Crimson home ones will have "As One" as voted on my a large group of Glencoe HS Football Alumni.	PURCHASED \$4,000	 1
Travel Bags (60) (20045) Our current travel bags are older than the athletes that are using them right now. Every varsity athlete will have their own bag for the season that will be identified as theirs.	PURCHASED \$3,000	
Wilson GST 1003 Collegiate Footballs (30) (22098) Every season we go through an average of 25 brand new footballs. That number will double if it happens to be an exceptionally wet season. If we do not have footballs that are acceptable to NFHS standards, officials will not allow us to use them in games. These are an extremely vital need in our program.	PURCHASED \$2,270	

<p>16ft dual axle Enclosed Trailer (40012)</p> <p>Every year we have had issues with not having enough bus storage to get all of our gear to a venue. We have ended up throwing stuff in a coaches car/truck or asking a parent for help. This would allow us to Haul all of our necessary gear without issues.</p>	<p>PURCHASED \$8,000</p>	
<p>Varsity Pop up dummies (6) (12294)</p> <p>Pop up dummies are a Standard at most programs across the State/Nation. They allow our athletes to tackle, hit, block and run through an object at game speed while the bag "pops back up" after being hit.</p>	<p>PURCHASED \$3,702</p>	
<p>Crowther Pan Sled (1) (11876)</p> <p>This sled is the #1 blocking sled in the business. Light enough to be used by all positions and when pushed, moves and adjusts in a natural way to create a realistic application for our athletes.</p>	<p>PURCHASED \$2,295</p>	
<p>Practice Segment Timer (1) (11746)</p> <p>It is imperative that we stay on track during practice. With the purchase of this clock, the coaches would be able to hand the reins over to our equipment staff so we would be able to focus on the coaching that happens during a practice. Having the clock on a trailer allows us to be able to move it out to the field during practice and store it away conveniently.</p>	<p>\$8,189</p>	

<p>TS 4x2 Utility Vehicle (40094) For years we have had a VERY committed group of Equipment Managers. Every practice they bring out our blocking bags, pad our sleds, and film everything. With the purchase of this vehicle, this group would be able to cut their set up time in half and it would also be much less stress on them physically, as at this time our group is made up of girls that are committed to our team.</p>	<p>\$8,149</p>	
<p>4G Motion Tackler (14359) The purchase of this sled will help us to continue to limit the amount of times we are tackling each other in practice. It also allows us to drill with a moving target, which carries over to the game of football much more than tackling a stand alone bag.</p>	<p>PURCHASED \$1,899</p>	
<p>6" Step overs (12) (14454) Key in agility drills and apply to every position. These are one of the equipment pieces that will be used EVERY DAY.</p>	<p>PURCHASED \$1,356</p>	
<p>Sideline Capes (50) (30004) In Oregon, weather always plays a factor in our game time performance. As the season stretches into October and hopefully November, the temperatures drop and the precipitation increases tremendously. These Capes would be packed and brought to our games to provide our athletes with covering to keep them warm and ready to contribute to the game.</p>	<p>\$3,700</p>
