Headshots: €150

- One character per drawing.
- Stylized lines.
- Characters with rather symmetrical markings are preferred but they don't have to be 100% symmetrical. It's not a problem if some of the markings/scars/accessories/eyes are not the same on both sides of the head. I'll draw them as they should look like, don't worry!
- **I send one sketch to approve. If you want more WIPs please tell me!**

Fullbodies: start at €180 per character

Additional elements like some flowers etc: start at €20

- Multiple pets per drawing available.
- Backgrounds are minimalistic.
- Artistic freedom with the poses is welcomed, yet feel free to suggest your pet's mood or the overall colours of the piece.
- **I send one sketch to approve. If your pet "design" is quite complex I send another one with the placement of markings. If you want more WIPs please tell me!**

This drawing type has very reduced shadows, the main focus is on the composition and fur markings of pets.

Important!

These are basic prices for the characters that are fitting to my comfort zone. If your character has a complex design or other elements which I don't feel comfortable with, the prices may be slightly different because such orders require more time.
