

Information for the FIRST Robotics World Championship
For team 1014, the Bad Robots of Dublin Robotics

Flight information: Southwest Airlines

Tuesday, April 16th

*Flight 2841 CMH (8:35pm) to BNA (8:45pm arrival)

*Flight 2089 BNA (9:35pm) to HOU (11:40pm arrival)

Monday, April 22

*Flight 3114 HOU (4:35pm) to MDW (7:00pm)

*Flight 1227 MDW (8:25pm) to CMH (10:35pm arrival)

Please plan to be at John Glenn Airport by 6:35. We will meet at the Southwest Ticket Counter. If you are 18 or older, you will need a government issued id. Under 18 does not require one, but it would be helpful to bring your school id and/or driver's license if you have it. Please review guidelines on what you can and cannot bring on board the airplane. You can check up to 2 bags - but you must be able to manage what you bring by yourself.

The hotel is the Hyatt Regency at 1200 Louisiana Street. ([713-654-1234](tel:713-654-1234)) We are about a mile away from the venue so make sure you bring comfortable shoes to walk in. There are three people assigned to a room: each room has a king bed and couch.

The venue is cashless - but there are kiosks to get a "gift card" to put money on for the food places. The FIRST store will accept cash. More information about the championship can be found at firstinspires.org, and there is an app that you can download to your phone.

We are not sure yet about our activities on Sunday, but on Monday we will check out of our hotel (we have a bus reserved for Monday) and visit the NASA Johnson Space Center. Then we will go to the airport for our return flight.

Here is a [link to the webcast](#). This is in Twitch. We are in the Curie division, and are team #1014. Because Twitch is blocked inside the school district, the easiest way to view our matches is to check on [our page on TheBlueAlliance](#) website. Match videos and results will be uploaded there shortly after each match.
