

**Key Message Theme: Equitable Access**

**Key Message:** Water and sanitation access is a human right for everyone, forever.

**Key Message Theme: Gender**

**Key Message:** Water Rights are women's rights

**Key Message Theme: Climate Justice**

**Key Message:** The world is facing a climate crisis, and water is at the center.

**Key Message Theme: SDG 6, 2030, and Beyond**

**Key Message:** We will not solve for SDG 6, water and sanitation for all, by 2030. We can, however, use our knowledge and understanding of the current gap to push us all to work more collaboratively, innovatively, and sustainably.

**Key Message Theme: Systems-strengthening**

**Key Message:** Through partnerships with local, regional, and national governments, we strengthen the water and sanitation systems that can serve millions.
