

WELCOME to Virtual Lark!

Hello everyone! Can't wait to play some blues ukulele with you!

Dani & Perry

Greetings Singers! I look forward to seeing you Sunday at 7:00 for a song circle. I'll of course lead some songs, but you are welcome to lead a song. You'll let me know you're keen to lead one in the chat. Have your lyrics handy so we can post them for everyone. All song-genres are welcome! Please remember that everyone will be waiting for their turn, so no 15-verse Child Ballads, please. ;-D –Celia Ramsay

Hello, Marla Fibish - I'm a beginner mandolin player. Is your workshop appropriate for me? Thanks- Margaret

Hello Margaret – Marla here. Thanks for your question, and for your interest in the workshop. I would say yes, you could benefit from coming. I will cover very basic material before going into more advanced techniques – the groundwork is extremely important and often hard to find – so this could give you some foundational input for your playing. And if you have questions after the workshop, I'd be happy to answer them in a break-out room.

Thanks! - Margaret

Hi, all. Looking forward to Virtual Lark! Harmonica player in Arizona here.

Adam

Howdy! I need to continue job search / work during parts of Virtual Lark. Is it OK to lurk with my camera and mic off?

- Franko from Portland, OR (moved from Nashville, TN in 2023, originally from VA)

Franko – that should not be a problem. Pretty sure most of the sessions are recorded as well, so you could catch up on what you missed!

Thanks! - Franko

Yes, the sessions will be recorded. Links will be sent out a couple of weeks after camp.
