**INTRODUCTION**

The article is written in Times New Roman font size 12pt single spaced. The introduction contains a brief background of the research, a brief review of various previous studies as well as the research gap in the current research and a brief research objective.

**LITERATURE REVIEW**

**Islamic Economics (Sub-theme)**

The literature review contains a study of various theories that underlie the emergence of research which contains various theoretical bases for the variables used in this research.

Accompanied by a framework of thinking and hypotheses (if any). (The format for writing quotations uses APA 7th edition (American Psychological Association) format. It is recommended to use a reference manager application (Mendeley, Zotero, etc.).

**RESEARCH METHODS (Only for Quantitative Research)**

Research Methods contain: type of research, population and sample, sampling method, analytical tools and reasons for their use. (Font: Timen New Roman size 12)

**DISCUSSION**

The discussion contains the results and analysis of the study. Results contain the results of data analysis.

**Example table:**

**Table 1**  
Respondent Demographics

Information	Frequency	Percentage
Man	75	75%
Woman	25	25%

Table without vertical lines

Source: data processed 2016

Analytical studies contain a combination of data presentation, theoretical studies and previous research which are combined into one study that explains various proofs of hypotheses or answers to various research conducted.

**CONCLUSION**

It contains conclusions and suggestions. The conclusion briefly describes the results discussing the hypothesis and objectives or findings of the research. This is a summary of the research and discussion, relevant to the findings, presented descriptively, not

numerically. Suggestions provide things that are expected to be done in relation to further ideas that the research has put forward.

## **BIBLIOGRAPHY**

Every source used in the text must be included in the references. And all references are included in the body of the text. References must be a minimum of 40 scientific journals with DOI, and at least 80% of them were published in the last 10 (ten) years.
