

**I always have a
happy feeling**

**When I go to
church**

**The organ plays so
soft and sweet**

I tiptoe softly to my

seat

**My teachers and
my friends I greet**

**When I go to
church
I like to raise my
voice in singing**

**When I go to
church
I fold my arms and**

bow my head

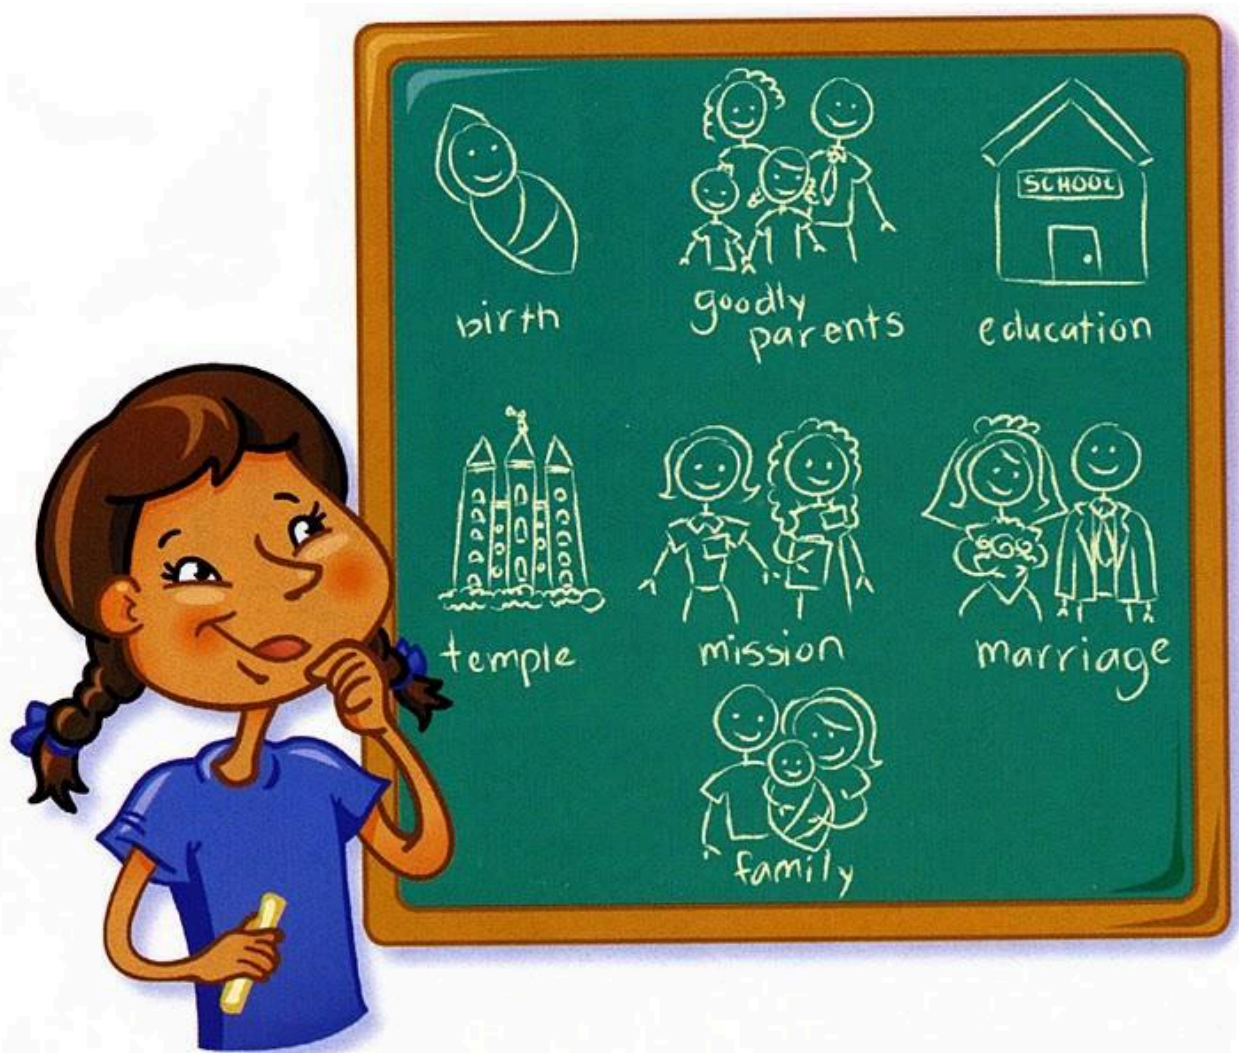

**Then listen while
the prayer is said
I do not talk but**

think instead

**When I go to
church**

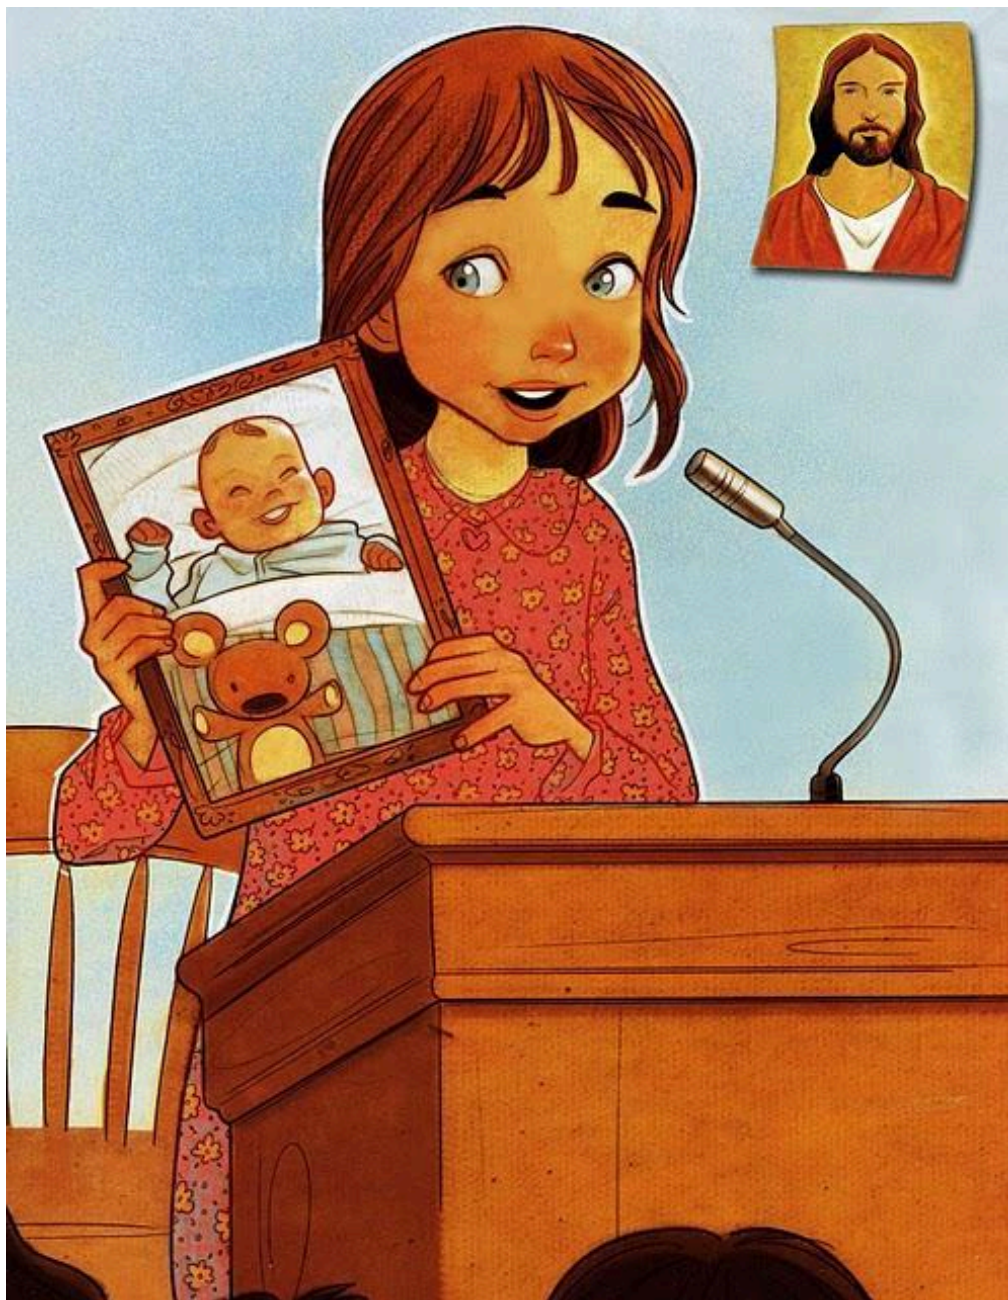

I learn about my Heav'nly Father

**When I go to
church
I thank him for
each flow'r and
tree**

**For home and
friends and family
For all the lovely
things I see**

**When I go to
church**
