Abstract: Write your abstract here. Abstract contains a brief introduction to the problem, objective of paper, research methods and a brief summary of result. Abstract is single-spaced typed in English maximum 200 words. Written with Cambria (10pt).

Keywords: ; ; ; ;

Introduction

The introduction should be clear and provide issues about corruption and subjects related to corruption issue to be discussed in the manuscript. Before the objective, author should provide an adequate background, and very short literature survey in order to record existing solutions, to show in which is the best of previous researchers, to show what do you hope to achieve (to show the limitation), and to show the scientific merit or novelties of the manuscript. At the end, you should explain the urgency and clearly state aims of your study and mention problem of the research in this section. Write the issues that are studied from your writing here. The problem must be clear. At least one subject matter is reviewed.

This document is a template. For further inquiries regarding the guidelines, please contact the journal editor as shown on the website.

The easiest way to meet the writing format requirements is to use this document as a template. Then type your text into it.

The paper size must be A4 page size, with the width of 210mm (8.27 ") and the length of 97mm (11.69"). Margin limits are set as follows: Top = 30 mm; Bottom = 30 mm; Left = Right = 20 mm.

Methods (Heading 1) (bold, 11 pt)

This method is written in descriptive and should provide a statement regarding the methodology of the research, include the type of research, research approach, a source of data and analysis method. The author should explain the mechanism to analyze the corruption and subjects related to corruption issue. This method as much as possible to give an idea to the reader through the method used, this method is optional, only for an original research article. **(for Conceptual Ideas without Research Method)**

Results and Discussion (Heading 1) (bold, 11 pt)

The results and discussion section contains research findings obtained from the research data and hypotheses, the discussion of research results and comparison with similar theories and/or similar research.

Table and Figure

Figures and tables must be centered. Each table or figure must be positioned at the top or bottom of the page. The loading of the table or figure must be mentioned in the sentence. The text in tables uses single spaced or space 1.

Number Figures and tables consecutively in accordance with their appearance in the text. Be sparing in the use of Figures and Tables and ensure that the data presented in Figures and tables do not duplicate results described elsewhere in the article.

Figure are allowed in color. Please use contrasting solid color, both for display on a computer screen, and for printed version in black and white. Check that the image resolution is sufficient to reveal important details in the image.

Table 1. Font Size for The Manuscript (10pt)

Font Size (10)	Font (in Cambria)		
	Regular	Bold	Italic
1	Keterangan tabel (dalam Small Caps), Keterangan gambar; author email address; cell in a table	Table, Figure	item referensi (partial); history article
2	Paragraph; item referensi; heading level 2	Heading level 1 (in Small Caps); Author	heading level 3
3		Title

The answer to the first question (Heading 2) (bold, 11 pt)

The answer to the second question (Heading 2) (bold, 11 pt)

The answer to the three question (Heading 2) (bold, 11 pt)

Conclusion (Heading 1) (bold, 11 pt)

The main conclusions of the study may be presented in a short Conclusions section. The conclusion section should lead the reader to important matter of the manuscript.

Acknowledgment (Heading 1) (bold, 11 pt)

[OPTIONAL]. This is used to appreciate the efforts of associate, who are not registered as co-authors, for their assistance and fund for your research/publication.

References (Heading 1) (bold, 11 pt)

The manuscript is expected to involve approximately **20-25 primary and up-to-date references** to assert high-quality contributions to knowledge development. Citations and references must strictly follow the **APA (American Psychological Association) style 7th**. References should include only works that are cited within the text of the manuscript. Consulting the APA style manual (<http://www.apastyle.org/pubmanual.html>) is strongly recommended for completing manuscript submissions. Please use reference tools (**Mendeley**)!
