

VOCO Select Possible Audition Song Lyrics

THE REVIVAL by Emma Bechler

Our minds are our weapons, our souls our protection
Our feet will never uproot
One body, one mind, we will all stand in line
Proclaim the once-unspeakable truth
Seamless repairs to the damage we share
Underneath, we are all flesh and blood
Slowly, we rise with our voices entwined
The Revival has only just begun

NO MATTER by The Reminders

Some people cry out of anger, some because of pain
I cry out in my songs for both and pray to gain
Power and strength, keep it simple and plain
Where I'm from you gotta be strong to not go insane
Purify your heart then cleanse your soul
Earth, Wind, and Fire said love is pure gold
So I use it in my music for the young and the old
Bundle up, little homie this world is so cold
Stay covered like modest believers or
Sleeves on suicide girls, beautiful artwork receivers
Yea we all the same, share emotions walkin this earth
And one day we go back to that dirt. So what ever hurt you feel,
It's only temporary, 'member we legendary
From the bottom deeply rooted with so much glory
Thankful to the One, and those who paved the way
Their spirit and sacrifices guide me everyday

Yes, in the middle of the dark I am shinin like a star
I can feel it in my heart no matter what people say (repeat)

Even when my patience bein tested I'll never give up
Spirit too strong everyday I gotta build up
The energy level and discipline to stay on schedule
Nobody around to help when there's jobs to juggle
But quick to want to celebrate when things get better
Learn the hard way that most friends are only fair weather
Talk, more than they walk slowin down the process
Keep it moving non-stop maximizin progress

NO MATTER p.2

Every second is a blessing every blessing is a gift
Count and appreciate before movin' to next shift
If...you have lost your purpose, you are feeling worthless
You doin everything you can but there ain't nothin working
You feeling less than perfect, success seems the furthest
Thing from you people try to tell you it ain't worth it
Don't let em take it from you, stay close to those who love you
No one can do it but YOU but YOU but YOU!

In the middle of the dark I am shinin like a star
I can feel it in my heart no matter what people say
Yes, in the middle of the dark, I am shinin like a star
I can feel it in my heart no matter what people say

If...ah-I, ah-I ih-ih-if
Ah-I, ah-I ih-ih-if
Ah- I, ah-I...
If I can't do it then it can't be done! (repeat)

Yes, in the middle of the dark I am shinin like a star
I can feel it in my heart no matter what people say (repeat)

UNSTOPPABLE by The Reminders

Lights flashin', lights, camera, action
This is our moment: unstoppable!
Lights flashin', lights, camera, action
This is our time: unstoppable!
Lights flashin', lights, camera, action
This is our moment: unstoppable!
Lights flashin', lights, camera, action
This is our time....

Out of desperation had to roll together
Brought the fam along because we so much stronger
When we move as a unit, powerful movement
Fearless and can't be stopped at the moment
The time is now! The place is here!
Love in the air! Keep the message clear!
Trouble on my mind I refuse to lose
Living in serious times, don't get it confused
We may laugh and joke but got work to do
These conditions we live in unacceptable
Let's build our own and get organized
Tired of watchin' so many of my brothers cry
Because we can't get ahead, struggle to survive
Going on too long we need that drive to make a difference
For the elders and the children so we can start livin'

We are born champions
Never gonna quit til the war is won
Just look how far we've come
They said we'd never make it this far
Look at us now
We fall short and we get knocked down
But we get up get up get up get up get up get up get up!
We're unstoppable oh oh oh oh oh oh oh oh oh
Oh oh oh oh oh oh oh oh oh oh (etc...)

When we squad up ain't no telling what we gon' do
Know my boys bring the noise so I tell 'em come through
Bewitchin' with my sisters and we actin' brand new
On a full moon howling like the wolves (AhhOOOOOO!!)
Pom Pom, two shots in the air
Say a little prayer for the ones who ain't here
Damn, we'll never let you down
We'll never let you down
Say your name all the time so you always stay alive
One hand on my heart other pointed at the sky
Smile on my face, tears in my eyes
Asking for a blessing from the most high
May we always be loyal and true
May we always do what we must do
Give us peace and longevity, too
And God Bless my crew

We are born champions
Never gonna quit 'til the war is won
Just look how far we've come
They said we'd never make it this far
Look at us now
We fall short and we get knocked down
But we get up get up get up get up get up get up get up get up!
We're unstoppable oh oh oh oh oh oh oh oh oh
Oh oh oh oh oh oh oh oh oh oh (etc...)

We are born champions...we're unstoppable...

YOU CAN COUNT ON ME by The Reminders

And you KNOW you can count on me. I'll be there...I'll be there
And you KNO-OH-OH-OH-OW you can count on me. I'll be there...I'll be there

I'm just a true friend, looking out for your best interest
No hidden motives, sincerely care, Allah's my witness
As long as I'm here, you should never feel lonely
Just reach out, you know my love is real and never phony
So whether, in great spirit or a bad situation
We can share thoughts through any form of communication
Give you words of wisdom from divine inspiration
I'll never pass judgment and always practice patience

And if ever you're in trouble know you got me
Cause we're family in this struggle so you got me
And I'm always down to ride you can call me
When nobody's by your side you know I'll be

And if ever you're in trouble know you got me

Here to uplift, give support when it's needed
Hope you get the message and actually act upon it
I'm your comrade, family, brother, I hope you feelin' me
Shouldn't be ashamed, conversation is therapy
Open up, pour your heart out, free your mind
Then we'll get up celebrate and ride out in the sunshine

And if ever you're in trouble know you got me
Cause we're family in this struggle so you got me

And I'm always down to ride you can call me
When nobody's by your side you know I'll be
And if ever you're in trouble know you got me
Cause we're family in this struggle so you got me

Chasing Dreams by Old Man Saxon (Cmaj)

I ain't playin' no more...I can't see you from where I'm at
Head ain't hanging no more...I might drop (yea...)...but IMMA COME OUT ON TOP

Find a place, pick a seat, tilt your head up to the sky
Go 'head and tell me what you see
IMMA COME OUT ON TOP
Feel the weight of the blessings that I need...
Gettin' oh so close they can't be far away...
IMMA COME OUT ON TOP

Don't care bout they *'tude*...or what they *do*
Stuck in my *skin*, feel like I *can't move*
Dukes stay to my chin to protect...all I know is fightin'
For just for a bit of respect...and to *feel invited*
What did I do to be despised? These challenges are just an opportunity to rise
I *been down in dumps*, I *been found the crumbs*
Every little bit of it I *been scrounging up*
I know it stacks soon...bye bye, be back soon
Care 'bout my mood like once in a *black moon*
Work hard yea...but please, *be more specific*
Yea I saw your chain but *what did you do to get it?*
Interesting thing is my mission is head straight no trippin' no slippin'...get it...*DONE*
Better listen cause I'm comin' for your spot
Cause whether you know it or not...(whether you know it or NOT)
IMMA COME OUT ON TOP

Find a place, pick a seat, tilt your head up to the sky
Go 'head tell me what you see
IMMA COME OUT ON TOP
Feel the weight of the blessings that I need...
Getting oh so close they can't be far away...
IMMA COME OUT ON TOP

Chasing Dreams p.2

All I can do is show strength and grow
Even with no bank, I listen to no hate
Don't feel insane NO, nothing's in vain NO
All that hurtin' and pain, you gon' use it again
You gon' use it to GAIN
Sometime struggle is just life
Call it what you want but everything gon' be alright
They talking 'round the corner you can't always be surprised
Mama told me pretty early it ain't always sweet and nice
So I've learned that I grow when the walls press
I grow in the tall stress
I grow in the darkness, yes
Know I get stronger with all these bumps and dings
Gotta see it as growth rather than stumbling
Taught me what I can't be around
Taught me to be so fly that I can't see the ground
Taught me to stand tall
Taught me to take a loss
But when I'm finished I'm coming for your spot
Whether you know it or not...IMMA COME OUT ON TOP

Find a place, pick a seat, tilt your head up to the sky
Go 'head tell me what you see
IMMA COME OUT ON TOP
Feel the weight of the blessings that I need...
Getting oh so close they can't be far away...
IMMA COME OUT ON TOP

If I keep on chasing dreams, they can't be far away, can't be far away
If I keep on chasing dreams, they can't be far away, can't be far away

DREAMS ALL NIGHT by Old Man Saxon (D min)

I've had DREAMS all night, yeah...and I feel *right*, yeah
'Cuz I see how its supposed to be
If you FIX yo sight, yeah...finally realize...That the future isn't close, it's *here*

What would ya say if *today* was the *future*?
Would ya *go back* then and *do it* like you *used to*?
Sit and *imagine*, get *like me*
Quit with all the *battlin'*, it's *just my dream*
You know **if you pass the baton, I'll grab it and run**
Less than a *fresh breath* back in my lungs
We can *fix* that yeah...**charge it whip that**
And give praise to the day **til it's pitch black**
This that unlearn some stuff
Now *listen* but *don't touch*, see I'm *burning up*...I'm *getting heated*
If there's *wounds*, you gotta *treat* it
Peace just don't grow on trees...you gotta feed it!
Lead it to water...sorry I'm getting *hoarse*
If someone is feelin' wronged, it's proper show remorse
Not enough to just open it **gotta walk through the door**
I'm havin' *visions* of *calm*...I *thought* I *told* you before

I've had DREAMS all night, yeah...and I feel *right*, yeah
'Cuz I see how it's supposed to be
If you FIX yo sight, yeah...finally realize...That the future isn't close, it's *here*

Bring light to every moment...bring light to push away the fear
Bring light and love until it's gone...'cause the future isn't close...it's *here*

DREAMS ALL NIGHT p.2

No *politicking*, just *need* some *assistance*
Maybe we should do it on our own and you can *witness*

Need you to listen, need you hear

When you see me grow I shed more than a *tear*
Bringing up the *rear* but there's *still* many *first* with me
And I ***took it on the chin, brought a smirk with me***
But you *really* showed out in your *first 50*
Next 50 *get it in...* will you *work* with me? **Awwwww yea!**

Awww yea, that's how we do...tryna go big, live life just how we choose

Too many rules and I'm doomed to have a 'tude
But watch how I *resume* when I *move up* out this *gloom*

Oh...that's how you do it? Oh yea that's *how it is!*

Got some words for the kids? Oh yea, *handle ya biz!*

Everything gon' be *alright...* so don't *trip*

Got some words for the elders? *Aww yea we got it from here!*

I've had DREAMS all night, yeah...and I feel *right*, yeah

'Cuz I see how its supposed to be

If you **FIX** yo sight, yeah...finally realize...That the future isn't close, it's *here*

Bring light to every moment...bring light to push away the fear

Bring light and love until it's gone...'cause the future isn't close...it's *here*

GO UP by Old Man Saxon (Cmaj)

Love when dreams feel realistic...I don't need to close my eyes
Know your wings always existed...So don't be afraid to fly
I'm the one that holds you down, even if we're in the clouds
Imma keep you safe and sound (keep you safe and sound)
They say what's that in the sky, but it's just you and I, we were destined to fly together

We 'bout to go up, yeah, so hold on to me...say hold on to me...so hold on
Cuz we bout to go up...yeah, so hold ON to me...say hold ON to me...so hold on
Cuz we bout to go...

Side 1: Please keep hangin' on...Side 2: Please keep hangin' on)
Side 1: Cuz' I'm needing you today (Side 2: 'Cuz I'm needin' you today)
Side 1: Please keep hangin' on (Side 2: Please keep hangin' on)
Cuz' I'm needing you today (Side 2: 'Cuz I'm needin' you today)

Solos: Hold on...can we get close today
You won't see all the haters when we float away, yeah
Tell me what you really need from me
We could go about our lives so peacefully
Up here, you ain't gotta worry bout that
Up here, ain't nobody all on our back
So high won't nobody notice us
What we do when the floor gets cold and rough?

We 'bout to go up, yeah, so hold on to me...so hold on to me...so hold on
Cuz we bout to go up...yeah, so hold ON to me...so hold ON to me...so hold on
Cuz we bout to go...

Please keep hangin' on (Solo: please keep hangin' on)
Cuz' I'm needing you today (Solo: 'cuz I'm needin' you today)
Please keep hangin' on (Solo: please keep hangin' on)
Cuz' I'm needing you today (Solo: 'cuz I'm needin' you today)
