Song for Gaza

Michael Heart 2009 additional words 2023 by Emer McKay

A blinding flash of white light
Lit up the sky over Gaza tonight
People running for cover
Not knowing whether they're dead or alive

They came with their tanks and their planes
With ravaging fiery flames
And nothing remains
Just a voice rising up through the smoky haze.

Chorus
We will not go down
In the night, without a fight
You can burn up our mosques, our homes and our schools
But our spirit will never die
We will not go down, in Gaza tonight

Women and children alike
Murdered and massacred night after night
While the so-called leaders in countries afar
Decided who's wrong or who's right.

And the lies and injustice remain
And the bombs fell down like acid rain
But through the tears, and the blood, and the pain
You can still hear that voice through the smoky haze
