

# Song for Gaza

*Michael Heart 2009 additional words 2023 by Emer McKay*

A blinding flash of white light  
Lit up the sky over Gaza tonight  
People running for cover  
Not knowing whether they're dead or alive

They came with their tanks and their planes  
With ravaging fiery flames  
And nothing remains  
Just a voice rising up through the smoky haze.

## **Chorus**

We will not go down  
In the night, without a fight  
You can burn up our mosques, our homes and our schools  
But our spirit will never die  
We will not go down, in Gaza tonight

Women and children alike  
Murdered and massacred night after night  
While the so-called leaders in countries afar  
Decided who's wrong or who's right.

And the lies and injustice remain  
And the bombs fell down like acid rain  
But through the tears, and the blood, and the pain  
You can still hear that voice through the smoky haze
