Is the Production & Managerial Arts Pathway right for you?

Upon joining the Production and Managerial Arts Pathway, you will have the choice to explore a variety of skills, techniques and careers related to the performing art of your choosing including but not limited to: band, orchestra, jazz, music theory, composition, songwriting, music production, recording techniques, digital music, solo vocal and instrumental performance, jazz choir, show choir, multicultural choral music, musical theater, acting, directing, stage management, technical theater design, technical theater building, film, and video. You will participate in project-based learning to gain skills in industry standard technology which will prepare you to pursue the related career options. The economic contribution of Colorado's performing arts industry has been above average, topping \$256 million, a value 40 percent greater than the national index. Students who complete the pathway will be prepared to begin a career as performing artists, public speakers, music education, theater education, film and theater directing, music conducting, film editor, music therapy, camera operator, performing arts publicity, Broadway performers, set design, stage management, lighting design, sound design, songwriting music production, technical director, audio engineering, costuming and make up, music industry and business.

The Aurora Public Schools is committed to the policy that all persons shall have equal access to its programs, facilities, and employment and does not discriminate on the basis of race, age, color, creed, national origin, sexual orientation (which includes transgender), conditions related to pregnancy or childbirth, disability, religion, ancestry, sex, need for special education services, or genetic information for employment and provides equal access to the Boy Scouts and other designated youth groups. The following person has been designated to handle inquiries regarding the non-discrimination policies:
Megan Lonergan, or designee 15701 E 1st Avenue, Suite 112 Aurora, Colorado 80011 Phone: 303-344-8060 x28771 Email: malonergan@aurorak12.org

Production and Managerial Arts Pathway at Aurora Central

At Aurora Central High School, we believe that every person has artistic potential and when performing arts and design concepts are applied to modern day skills,

we can prepare students for high demand careers within the arts. We encourage creative problem solving and performing arts literacy, essential skills in our media driven culture. Through the performing arts, students learn there are always multiple approaches to solving problems. The answers to real world problems are infinite, and often force us to think outside of the box. We are committed to the performing art and design classroom that provides students with real world opportunities to make decisions, and rationalize those decisions with what they know. The Creative Careers, CTSO, is

available for students to increase leadership skills, network, and compete against students with similar interests from across the district, and state. Students will gain the knowledge, skills, and abilities essential to further their education and/or enter the workforce.
