March 2026

Thank you for your interest in becoming a Hospice Income Generation Network regional representative.

As a membership charity, we provide training and networking opportunities for fundraisers and marketers working in UK hospices.

Our HIGN trustees are fundraisers or marketers in a UK hospice and support HIGN's work in a voluntary capacity in and around day jobs.

We all take an active role in supporting the delivery of HIGN's education programme, as well as shaping the organisation's strategic development.

We are looking to bring on board a number of regional representatives to support our training and networking objectives.

This voluntary role doesn't carry the same governance responsibilities as a trustee, so could be ideal for someone who doesn't want to be a trustee and just loves networking and meeting other like-minded fundraisers. Equally, it would suit someone who may be interested in becoming a trustee down the line but wants a bit more of an understanding before doing so.

We'd like to have representation for every region of the UK

- Scotland & Northern Ireland
- North West England & North Wales
- North East England
- Midlands
- London
- South West England & South Wales
- South East England

We are proactively seeking applicants from all levels of roles – we think it's important for us to have a range of operational and strategic experience to bring to HIGN's plans and discussions.

Being part of our HIGN team also brings great benefits and allyship in being able to access a much deeper pool of support and advice.

We're a friendly, welcoming and supportive group of passionate fundraisers and marketers and we'd love for you to join us!

Link to our HIGN regional representative description. Link to our online application if you wish to apply.

Please let me know if you do complete it, so that I can discuss your application with my fellow trustees.

If you'd like an informal chat before applying, please contact me on any of the details below.

Many thanks

Teresa Nightingale
