

Middletown Public Schools Background Check Process

Middletown Public Schools is allowing in-person volunteers in their schools again. Volunteers must show proof of vaccination. All volunteers working with Middletown Public Schools must submit an application via Volunteer Tracker on App Garden. It's a two-step registration process, so make sure you check your email to properly log in.

Start here: <https://appgarden6.app-garden.com/VolTrackCT083.nsf>

- All Wesleyan volunteers are considered "Pride volunteers."
- Under "Name and Contact Details", please put your campus address.
- Under "Information required for criminal background check," please put your home address - or other location you have lived for at least 5 years.
- All volunteers have to reapply every year they volunteer.
- Volunteer Tracker is not an automated process, so it may take some time for your application to be approved. It is generally fine to start volunteering with your student group / course if you haven't been approved yet. Though if you haven't heard back in 3-4 weeks, please reach out to the MPS HR Department: Geen Thazhampallath at thazg@mpsct.org
 - If you are a Coordinator or Faculty organizing volunteers and many of them apply around the same time, you can give the HR office a heads up of how many applicants and their names. That will help them expedite the process.
