

Learning & Community Agreement

Respectful • Accountable • Safe

At our school, we believe that students learn best when **students, families, and staff work together** to create a community where everyone feels safe, respected, valued, and ready to learn.

We understand that mistakes will happen. When they do, we will work together to **learn from them, take responsibility, repair harm, and move forward as outlined in the Student Code of Conduct.**

As a Student, I Will...

- Be **Respectful** by treating myself, others, and our school community with kindness and care.
- Be **Accountable** by doing my best, following expectations, and taking responsibility for my choices.
- Be **Safe** by making choices that protect the physical, mental and emotional safety of myself and others.

As a Parent/Caregiver, I Will...

- Support my child in being **Respectful, Accountable, and Safe**.by
 - o partnering with school staff to support my child's learning, behavior, and well-being.
 - o Encouraging my child to communicate honestly, solve problems, and take responsibility for their choices.
 - o Help my child understand that mistakes are opportunities to learn, repair harm, and make better choices.

As School Staff, We Will...

- Clearly teach, model, practice, and reinforce **Respectful, Accountable, and Safe** behavior by:
 - o Creating a safe, welcoming, and inclusive learning environment before, during and after incidents.
 - o Building positive relationships and ensuring students know they are valued members of our school community.
 - o Listening to students and seeking to understand what happened before responding whenever safety allows.
 - o Responding to behavior as a warm demander.
 - o Using appropriate consequences while helping students understand their impact and repair harm.
 - o Partnering with families when students need additional support.

OUR SHARED COMMITMENT

We will build relationships.

We will do our best.

We will take responsibility for our choices.

We will repair harm when it occurs.

We will ask for and offer help.

We will learn from mistakes.

We will move forward together.

Respectful • Accountable • Safe

Together, we build a community where everyone belongs and everyone can learn.
