

Chapter 8 Drawings , Winners and Opportunities

Bikes, Bikes and more bikes

We are so fortunate to have such great support for this event. Our online opportunity to purchase chances to win the Giant Trance X 29 and Norco Fluid HT +4.3 will close on Feb 1 but will be open again at the event. Thank you, Giant, UBC and Adrenaline Bikes for being so generous.

Offered at the event only- Specialized comes to the table with a per chance drawing for a new Stumpjumper. How can it get any better?

Well, it does. We are opening a silent auction table where you will see Cannondale bikes donated by REI, a Kuat bike rack and kayak roof racks where you can place your bid to take home what interests you. There are other things on the table as well.

Some of our vendors are also offering gear, tools, air pumps and more as part of the per chance drawings as well. When you get your drawing tickets you can place them wherever you want them.

Let's not forget our donation table which will also have a couple of bikes, along with slightly used items donated by people that upgraded or move on to something else. These items, we call bargains. Should you have items that someone else might be able to use, please feel free to drop them off at the donation table before you leave for your ride or when you arrive at the event.

Drawings will be held on Sunday Feb 5th at noon. If you are coming for the day other than Sunday, you will need to make arrangements to have your treasures picked up. You can mail us a shipping label or work something out with the vendors to pick up your items. If you have someone picking up your prizes, they must have your ticket stubs.

PS- CroomFest 2024 is on the calendar so mark it now. Feb 1-5 2024
