

{Name}, Question

After seeing your products, I just knew that you guys at [company name] put a ton of work into your products.

The ingredients, nutrition, and design of your EMBER line, DVST8 line, FSU line and so on, are amazing.

Back to the question though:

Do you guys at [company name] think that you are maximizing your email list benefits?

While looking through my inbox, I saw your email newsletter and had an idea to help you harness your email list fully and increase sales for your products using belief and trust.

If you want me to, I can send over a piece of work I have done for you guys to harness the full potential of your email list.

Let me know if you are interested.

Sincerely, {name}
