VSMP list of mods, plugins, data packs

The VSMP modpack was designed to be close to the vanilla game while also providing voice chat functionality, quality-of-life, and quality-of-livestreaming modifications.

Name	Function
Simple Voice Chat	Allows for proximity-based voice chat in the server.
Content Creator Server Status	Users may set their status to Streaming, Recording, Do Not Disturb, or Open, and other users on the server will be able to see the status of other players by looking at the Tab player menu.
Chat Heads	Adds player heads next to chat messages.
Audio Player	Allows MP3 files to be played in-game.
Iris	An Optifine substitute for running shader packs.
Coord Finder	Mod that allows management and sharing of coordinates.
Coordinates HUD	Allows easy, convenient viewing of your coordinates without going through the F3 screen.
AFK Display	Automatically greys out a player's name after being inactive for over 5 minutes.
Player Head Drops	Players drop their head once killed.
Unlock All Recipes	Automatically unlocks all crafting recipes upon login.
Anti Enderman Grief	Stops endermen from grabbing or placing down blocks.
Classic Fishing Loot	Reverts the fishing loot back to its pre-1.16 loot table.
Nether Portal Coords	Converts Nether coordinates to Overworld coordinates.
View Distance Fix	Removes fog when having a higher render distance on the client than on the server.
WI Zoom	50x zoom on key press.
More Mob Heads	Increases the rate of mob heads dropping.
Silence Mobs	Silences a specific mob.
Handcrafted	Adds craftable furniture.
Croptopia	Adds ground and tree crops. Adds food.

Name	Function
Friends & foes	Adds 10 outvoted and forgotten mobs from the mob vote.
Friends & foes: Flowery Mooblooms	A small addon for the Friends & Foes mod, adding one moobloom variant for each flower.
BetterEnd	Adds new biomes, mobs, and blocks for the End.
BetterNether	Adds new biomes, mobs, and blocks for the Nether.
JourneyMap	Adds real-time mapping.
Waystones	Adds waystone blocks that the player can return to once they've been activated, either through a Warp Scroll, a rechargeable Warp Stone, or by using an existing waystone to hop from one to the other.
Nature's Compass	Adds an item named nature's compass that allows you to search for a biome's location anywhere in the world and view information about it.
FancyMenu	Enables menu customization.
Sodium	Clientside FPS optimization.
Entity Culling	Clientside FPS optimization.
Lithium	Serverside optimization.
Let Me Despawn	Serverside optimization. Allows persistent mobs to despawn.
Konkrete	Mod library.
EpheroLib	Mod library.
ResourcefulLib	Mod library.
BCLib	Mod library.
Balm	Mod library.
Fabric API	Performance-friendly mod framework.
