

Dear Democratic National Committee Chair Ken Martin, House Minority Leader Hakeem Jeffries, Senate Minority Leader Chuck Schumer, and Board Members of the Democratic National Committee:

We write to seek fast-track progressive reform, championed competently and effectively by the national Democrats.

The Clark County Democrats of Washington State request to work with you to develop a Fast-Track Progressive Reform Package for Democrats to pass through the U.S. House in January 2027, after we win the House majority this November!

We are a county of over 500,000 people in southwest Washington State that organizes, wins, and bucks national trends. Last election, we flipped seats and turned our formerly red county purple. This year, we intend to flip more seats and turn this county blue. We do it by having a clear positive vision for people to vote *for*, not merely saying Republicans are bad so vote *against* them. Then we work together with message discipline and proud mutual support for our fellow progressives, and it works.

We know that strategy works nationally, too, so we want to work with you to show the nation a newly energized, gritty, and highly competent national party. We like to call ourselves Get-It-Done Democrats. Let's get some good stuff done nationally and show the nation what we're made of.

Please meet and plan with us to develop a fast-track reform package for January 2027, including the following items:

1. Medicare for All: health care is a human right.
2. An Economy for All: to grow a powerful and inclusive middle class.
3. Dream Act II: a clear road to amnesty and citizenship for law-abiding immigrants.
4. Democracy Rising: align with democracies worldwide, oppose dictatorships, and advance human rights.
5. Election Integrity: get billionaires out of our elections and pass the John Lewis Voting Rights Act.
6. Fairness 52: statehood for Washington DC and Puerto Rico if their people vote for it.
7. Above the Law No More: bipartisan Anticorruption Commission to prosecute political corruption.

This is intentionally a short list, not a whole platform. We call it ***Seven for 27 (#7427)***. The intent is to show momentum and ability to follow through, to create energy for even more progressive reform after showing we can pass these seven. Below, our members, allies, and supporters have signed on to show their support for a Fast-Track Progressive Reform Package for Democrats to pass through the U.S. House in January 2027. We look forward to your response.

Best regards,
