Baby Sign Language Day One - Project

Last class, you took notes over baby sign language. Today you are going to fill in the google slides template I have shared with you answering the questions below over baby sign language, and adding pictures as needed.

You may need to do *additional* research in addition to what you have in your notes to answer the following questions:

- What is Baby Sign Language?
- Why do parents use baby sign language?
- What are the benefits of using baby sign language for both parents and/or child? (minimum of 4 needed)
- What age(s) can a baby start learning it?
- Things to keep in mind if you plan to use or try baby sign language...at least 4

Make sure you cite all of your sources.

Rubric:

Criteria	Present	Not Present
First slide contains a title, your name, and picture (3)		
What is baby sign language? Is answered (3)		
Why parents use baby sign language is explained (5)
