

Education Manager

DevelopEd | Myanmar

DevelopEd | Myanmar is an education provider in Myanmar that promotes development through quality education.

We are looking for an organised and experienced person to manage our education team and oversee the creation of engaging courses on our online education platform.

You will need to work with our international partners to assess their courses for suitability to use in the Myanmar context and work with them to adjust the course accordingly.

You will also need to work with your team to create new courses specifically for Myanmar students. These courses will be interactive and engaging and will use video, audio, and text, and will require students to submit work online for review by their teacher/mentor.

As a development focussed education organisation, your work will directly contribute to improving the lives of our

students, staff, and local communities all around Myanmar.

To see more about what we do, have a look at our website www.myanmar.developed.org.au
