

# LockDown Browser

## Student Experience on a School Provided Chromebook

LockDown Browser does not work on students' personal Chromebooks. It only works on school provided Chromebooks. Students will need to log out of their Chromebook then click the LockDown Browser app in the tray. Our Institution is listed as Willard Public Schools.

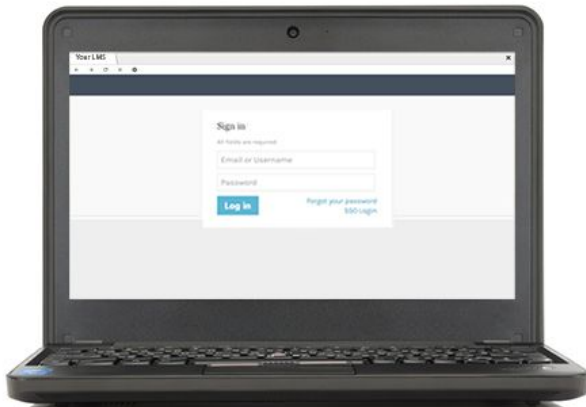

Click **Apps** on taskbar, select **LockDown Browser** (do not log in first)

One-time Step:  
Enter and Select Your Institution

Log into the online course

Take exam and submit when finished

Restart device to exit Kiosk Mode
