

Overview

We are pleased to be launching the first GopherCon Vietnam, the largest event in Vietnam dedicated exclusively to Go!

GopherCon Vietnam is organized by a community of passionate Gophers on a volunteer basis. Sponsors have a chance to reach the unique Go community from hundreds of companies in Vietnam and other countries.

Be part of the first GopherCon in Vietnam.

Website: gophercon.vn

Dates

Dec 08, 2018 - Dec 09, 2018

Event Structure

Workshop

Go Fundamentals

This class provides an idiomatic introduction to the Go programming language supported by extensive examples and hands-on exercises.

- Language Syntax
- Using Pointers
- Arrays, Slices and Maps
- Methods and Interfaces
- Packaging and Exporting
- Testing
- Managing External Dependencies
- Standard Library

Go Immediates

This is for any intermediate-level developer who has some experience with other programming languages and wants to learn Go.

- Language Syntax
- Data Structures
- Interface
- Decoupling
- Architecture
- Concurrency

Conference

Speakers can submit their talks at: [Submission page](#)

Talks

The event is open for talks from the developer community. Talks will be for beginners, intermediate and advanced levels, as well as for the interest of everyone. Our scope of talks will include a broad area, anything in the realm of Go language development.

Time limit: 40 minutes.

Lightning talks

In the spirit of having an even greater variety of topics, as well as providing a very welcoming platform to encourage newcomers to Go or to public speaking to share their knowledge, we will offer lightning talks.

Time limit: 10 minutes.
