AOV Christmas Contest '21

Information and Guidelines

This Christmas, AOV will be hosting an **Art and Case Creation Contest**. All we ask is that the content be **Holiday themed**, follow general server rules and a few guidelines. The winners in each contest will get to pick a semi-permanent song to add to the jukebox as their reward, so we encourage everyone to give them both a try and make some fun content!

Submission Guidelines

- Case and artwork submissions **must be new and original**. Submissions that were run or created before the contest began will be disqualified.
- Case submissions must be a fully built **improv-style**, thus scripted formats such as Class Trials, Decision Games, or premades are **not** allowed. However, anything from standard trials to Investigations and other improvisation based formats **are** allowed.
- Having **pre-set characters** (both Server and Non-Server) on the submitted case document **is allowed**.
- In the spirit of the holiday, contest cases **are encouraged to be run**.

- Art submissions can range from a drawing to an evidence image to a character sprite or anything in-between! We only ask that they follow **normal quality rules** and **contest guidelines**.
- Entries will be counted as singular if they're part of a bundle - For example, several Christmas themed recolors of a few Trucy emotes will be counted as a single entry.
- Submissions simply need to follow a **winter / holiday / Christmas theme**. Go wild with **Santa hats**, **winter clothing**, **whatever fits the atmosphere** of the holiday!
- Case and Art submissions can be edited up to the deadline if desired.

❄ Prize Information ❄

- The winner of each contest will be able to submit a **semi-permanent song** to add to the server's jukebox, which will be kept until replaced by a future contest winner.
- Basic quality rules apply to the submitted song (ie, no ear-rape). If a chosen song is rejected, you will be offered a second choice. Admins reserve the right to reject songs.
- Winning songs will be found on the server under **[AOV] Contest #**.
- Bonus prizes may be awarded based on the high quality of a submission.

❄ How To Enter ❄

- To submit your case or artwork, simply **Direct Message a Mod** on the AOV Discord, or use **Call Mod** in the client to get one's attention. After review, they will either accept or deny the submission. If submitting via the client, please provide some form of contact detail, such as a Discord username or email.
- Submissions will stop being accepted on **20th December at 23:59 EST**.
- Judging and voting will start shortly after and run until **27th December at 23:59 EST**.

Most importantly, have **fun** and be **creative**!
