

This ONLY works with IbisPaint X!!

(sorry other art program users 😊)

[How to import custom brushes in IbisPaint X](#)

- **some QR codes/brushes don't work
- **some brushes are slow/glitchy
- **some are just tricky to get the hang of

Perfect Pen (hard)

I use this pen for base colors, sometimes sketches, and lineart if I'm feeling motivated.

Perfect Pen (soft)

I use this pen for my sketches, lighting, and shading. It's like an upgraded airbrush.
