

Rain is falling all around

On the housetops,

**on the ground.
Rain is falling on
my nose**

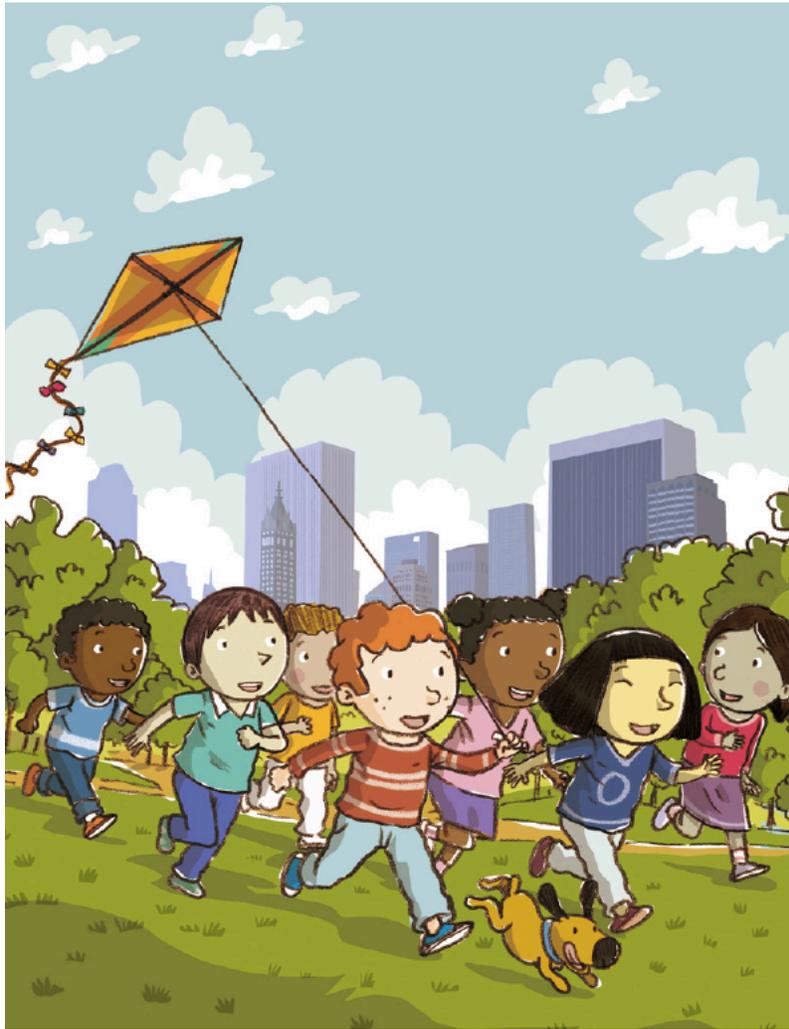

**On my head and
hands and toes
Sun is shining all
around**

**On the housetops,
on the ground
Sun is shining on
my nose**

**On my head and
hands and toes
Wind is blowing
all around**

**On the housetops,
on the ground
Wind is blowing**

on my nose

**On my head and
hands and toes
Leaves are falling**

all around

**On the housetops,
on the ground**

**Leaves are falling
on my nose**

**On my head and
hands and toes**

**Snow is falling all
around**

**On the housetops,
on the ground**

**Snow is falling on
my nose**

**On my head and
hands and toes**
