Dont let her manipulate you, she has eyes(people that are secretly helping her) everywhere in the ut community according to her, also she is really convincing

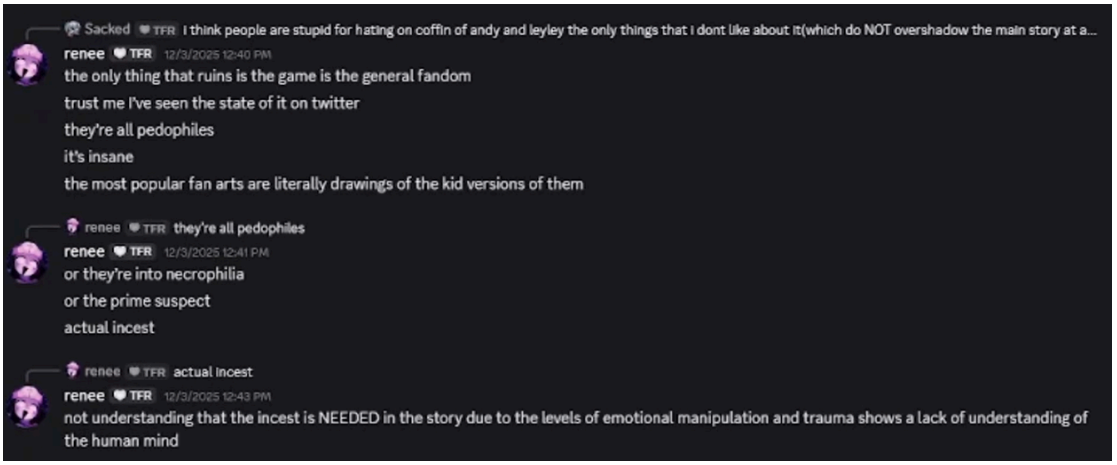

Lovegeezer, TW:extreme manipulation, pedophilia, incest,wanting to groom their own children, psychopath, god complex. manipulation, ego maniac

I have a 20 hours recording of everything(dms and her being racist in vc)and also another 10 hour recording, contact me if you want this, i will be sharing my discord name in 2 days here or ask the person that contacted you on this

I have been manipulated by lovegeezer and pixeled in return of me being a people pleaser(someone that wants to please people for approval most of the time, check the definition)

here we see her sending child porn to pixeled(context in video)
Also weird she just has it and has seen it,almost as if she interacts with them so she sees them

look mommy im sharp

@renee TFR I played every route and got every card and every achievement

Sacked TFR 12/3/2025 12:45 PM

because it destroys daniel

and brings him right back to me
essentially imagine if julia killed herself and the effects itd have on andy

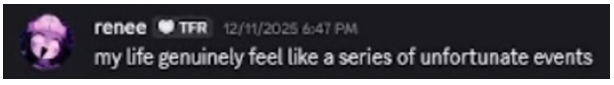

she said she only says the truth three times with shitty memory, doing repeated “lies”with shitty memory is far less likely than just saying the truth every time about it

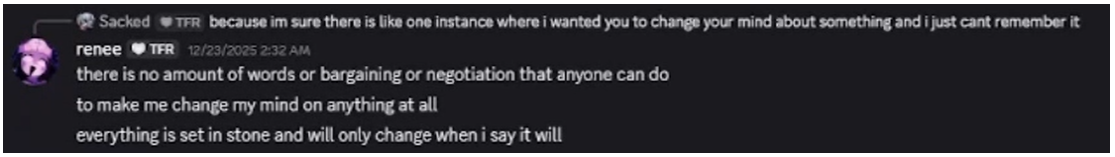

this is when she told me she killed a person that had someone else help him not be evil and recover
“guess lg has a body count of 1”two now lg

that's where the sex talk is ALSO had
but elsewise im not gonna tell them

yeah thats fair
renee TFR 1/12/2026 1:05 AM

said dw id never rape my kids

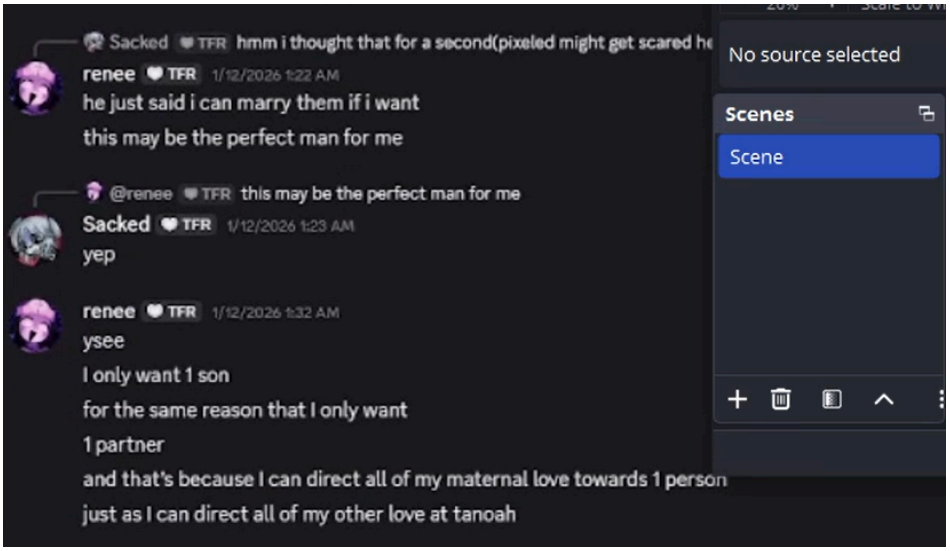

Otherwise, exposed

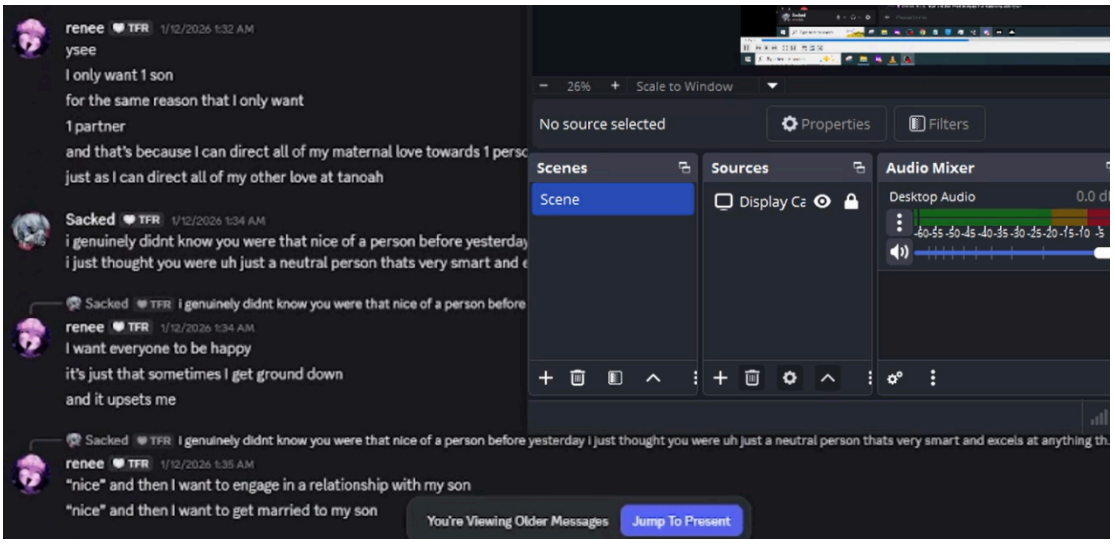

Or will I didn't disagree I went (ehhh)

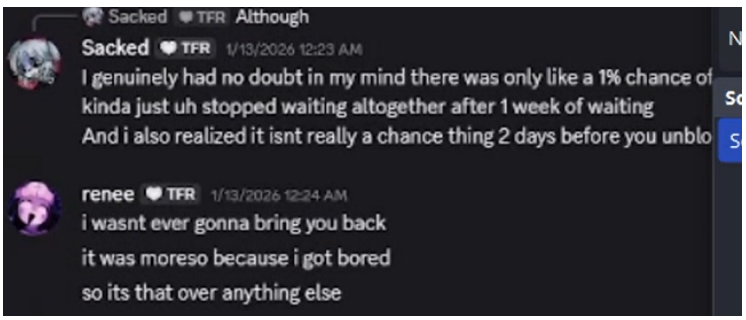

Wait what did I say about this

ok then

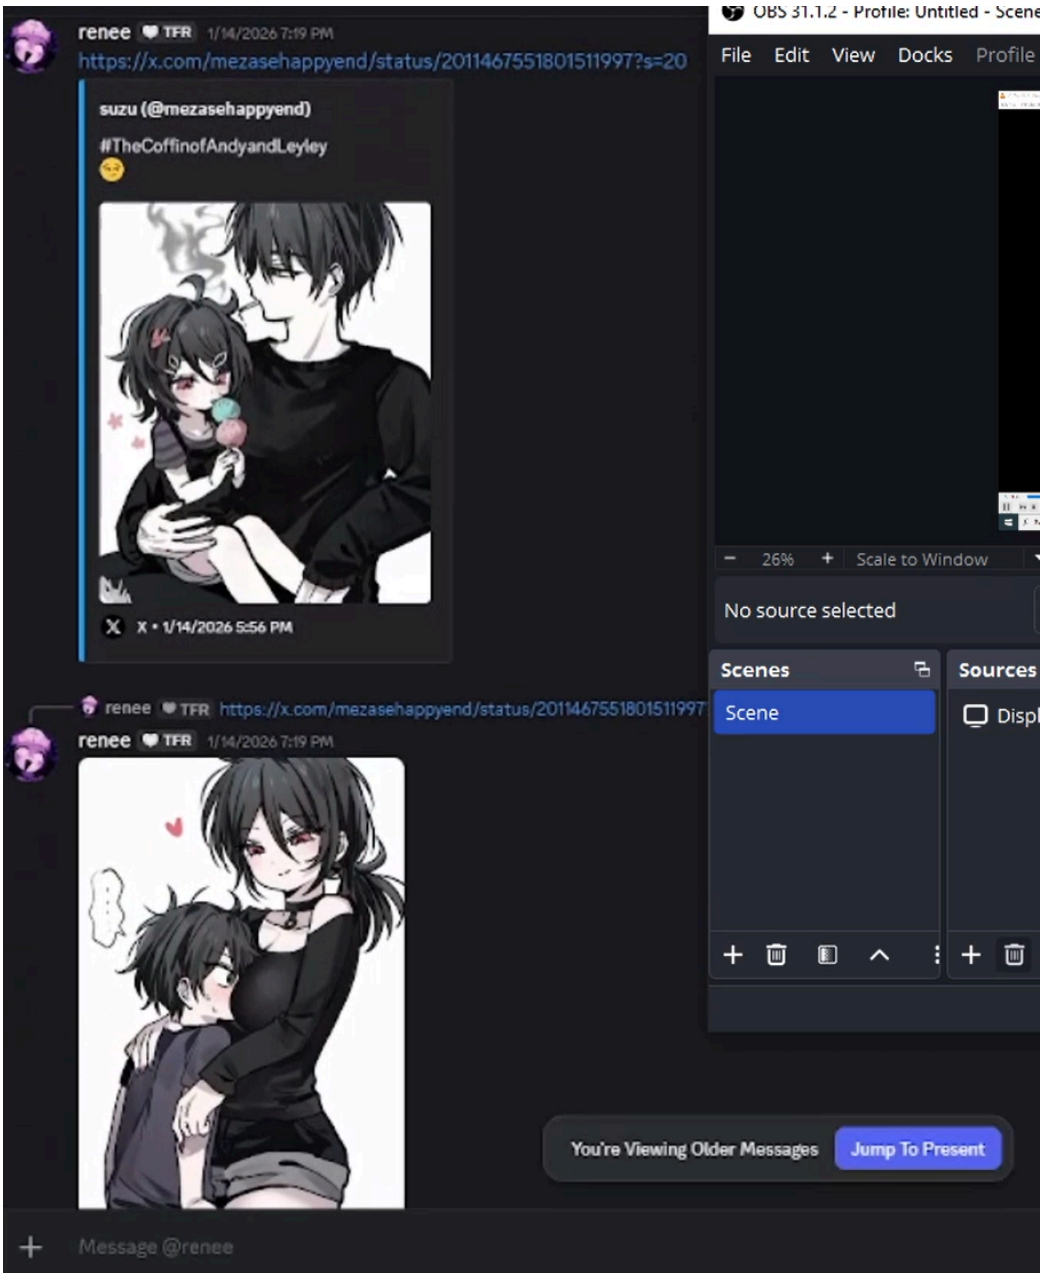

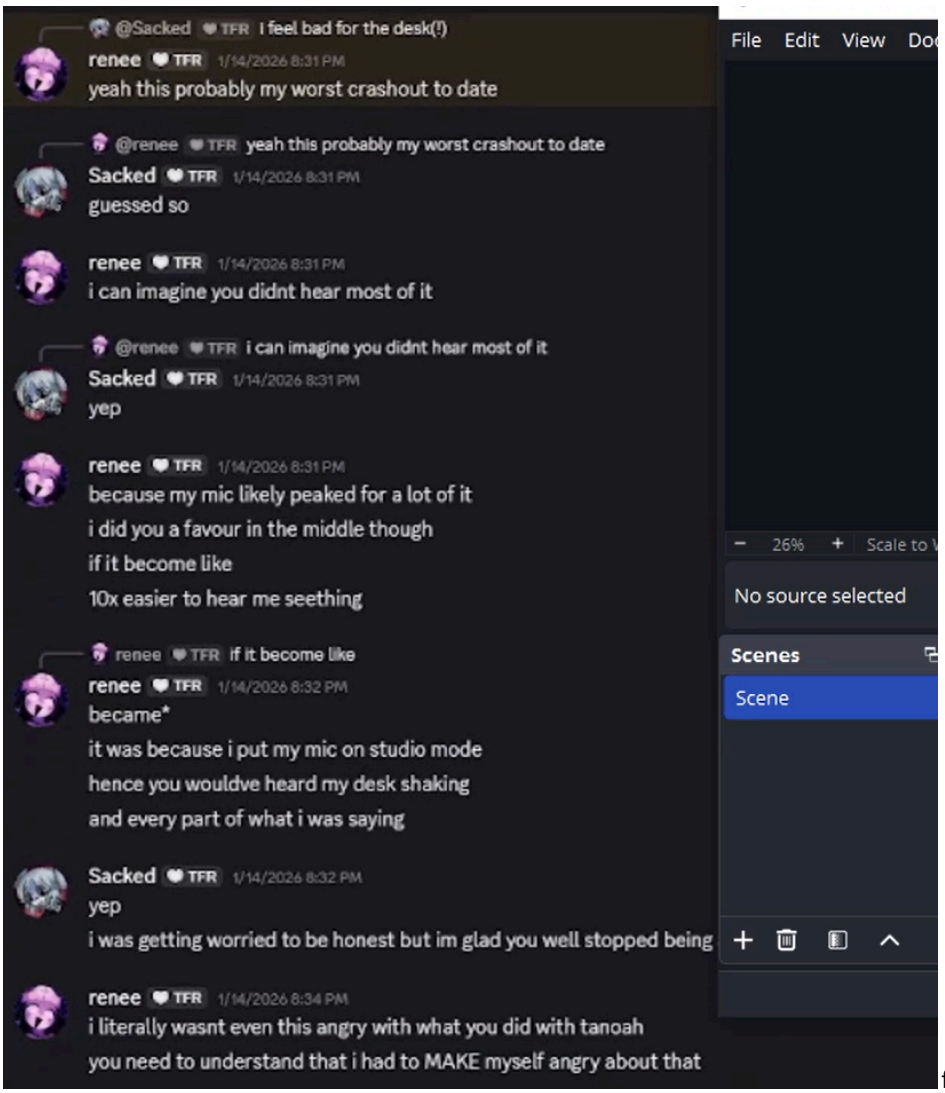

fucking exe

Also in that period from 25 12 to 1 10(or well 1 1)she talked about her fetishes and I accidentally predicted she had a pedo and incest fetish so she said I have insane prediction skills and she said she does have those and elaborated on them,yay

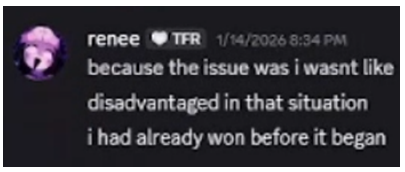

@Sacked TFR i assume you would color it if you werent lazy?

proving my point again,she gets this shit recommended to her because she INTERACTS with them, which means she is interested, her “im not a pedo”came out when she stopped her trusting me but I think that’s just a lie idk why though hmmmmmmmmm

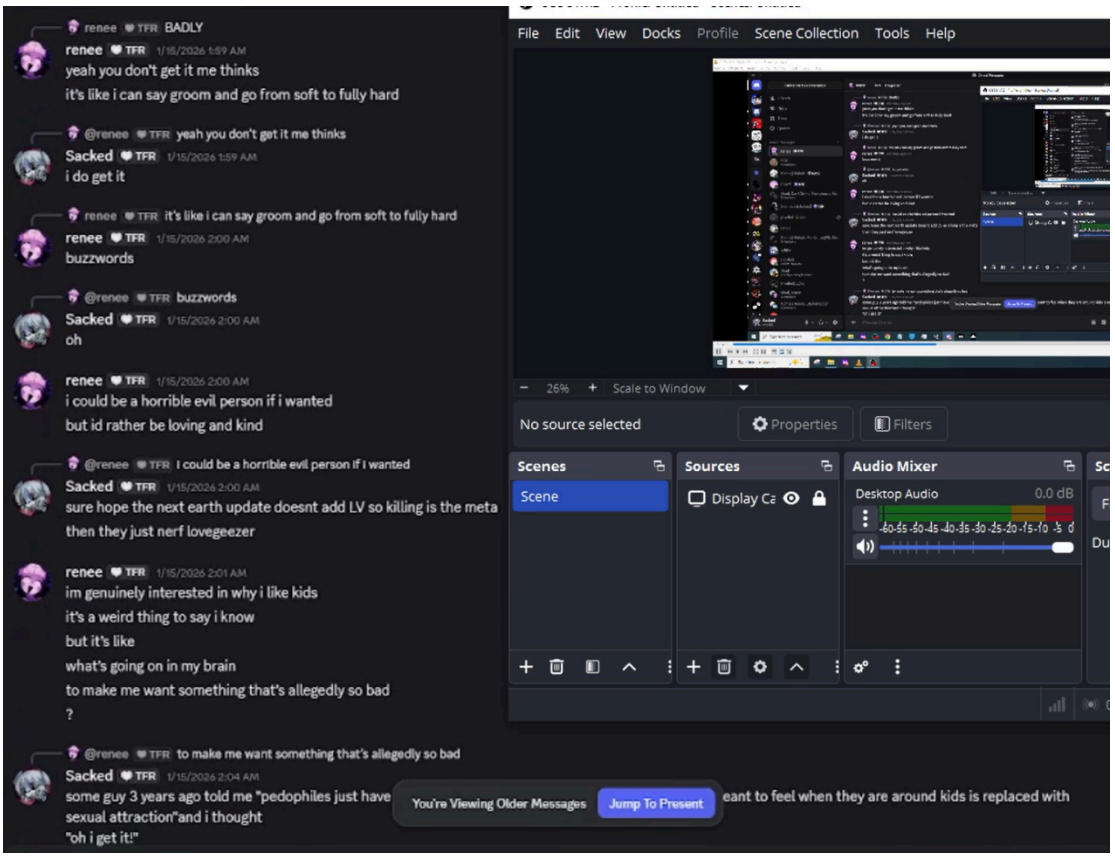

forcing yourself to be angry to hurt someone and play god with them seems a bit psychopatic

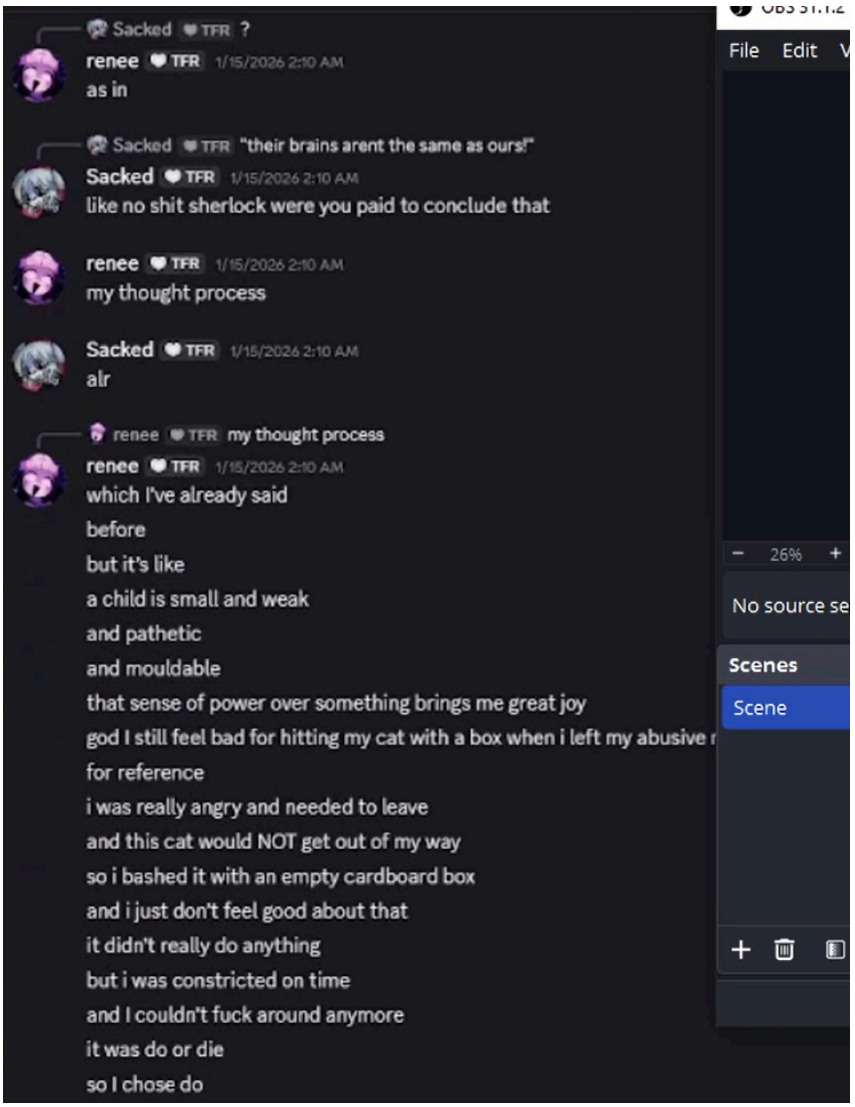

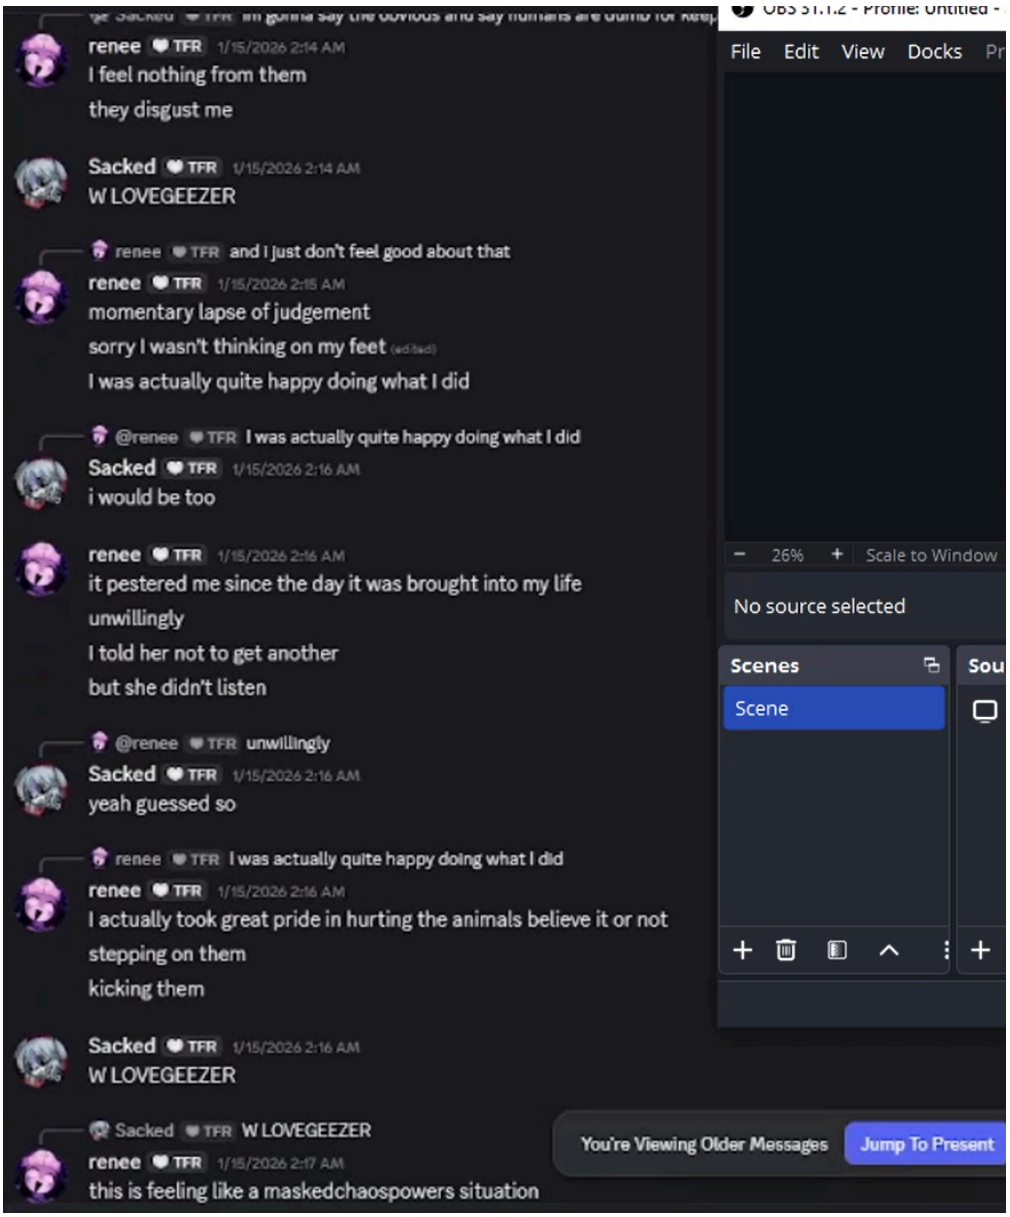

there is no correct way to grooming or raping(to be clear this is the serious version of the doc, each point will be weaker and i will seem a whole lot trustworthy because im preventing myself,why do i care everything is recorded three times,anyways yeah i wont be making jokes here like “thanks mr obvious”)

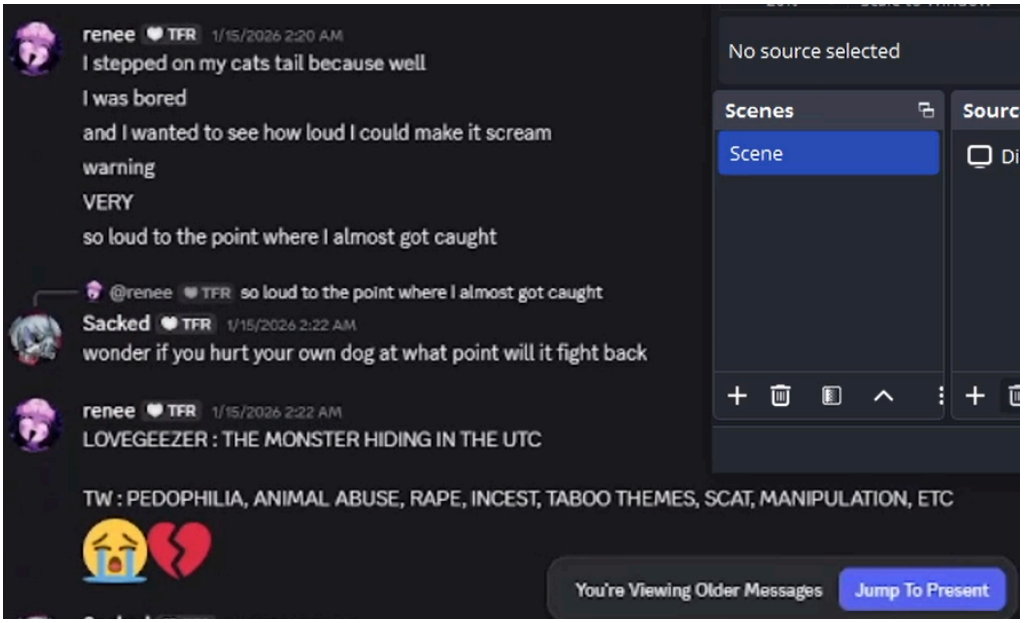

”but id rather be kind”2 murders wanting to groom your children and planning to Jarona

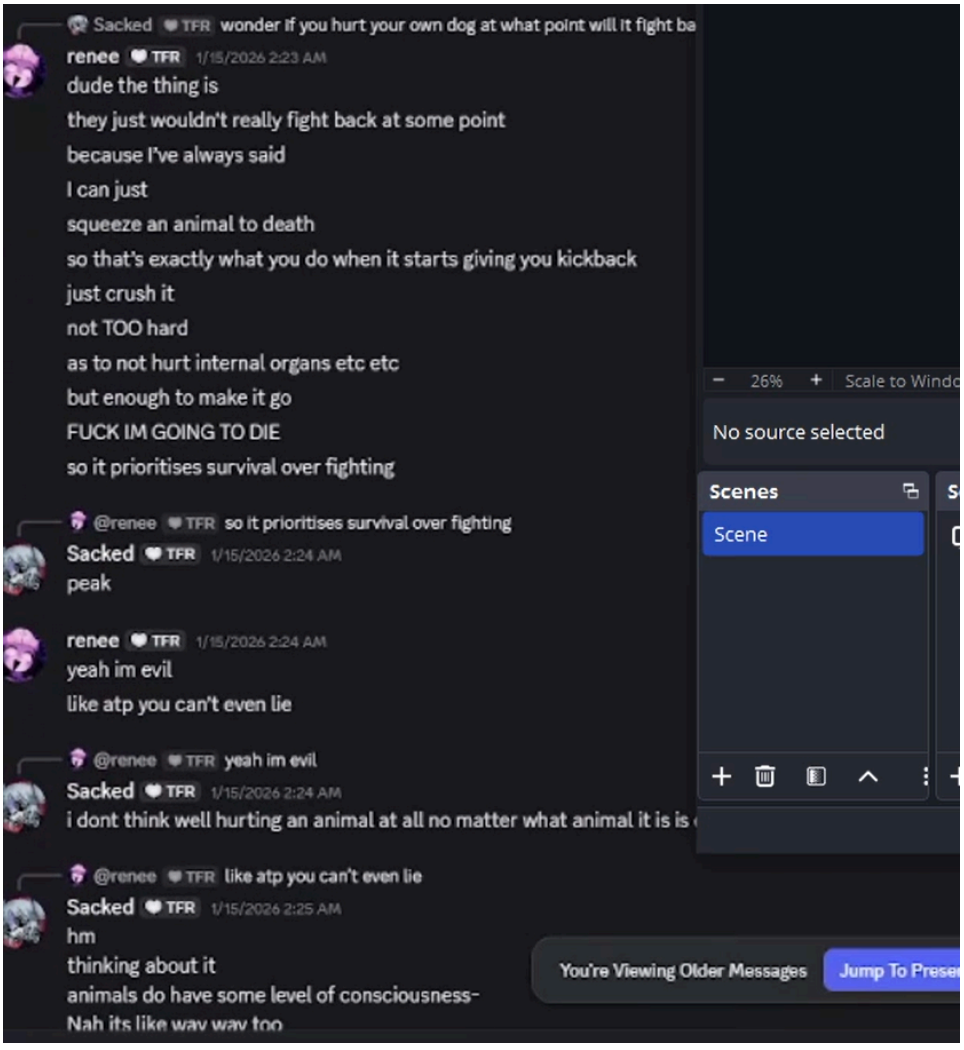

probably why you picked pixeled
I know because you told me that you got him to like your fetishes
And hes just (sorry for word usage)a retard os idk why you liked him
So I think tis because he is a pathetic 15 year old
Anyways in this ss she is explaining why she likes kids/raping kids(well her children, or wanting to do that)

”MANIPULATION”im pretty sure she is referring to how badly she has manipulated me, this is far from the only time she admitted she is a very clever manipulator(only joke im making here, or reference, “it takes the truth to fool me”ahh,genuinely havent gotten that fact she is a manipulator until i started exposing her and looking bad on old messages, jeez how clever can you be

Papyrus vs eggman(i lied sorry, this is the last joke)

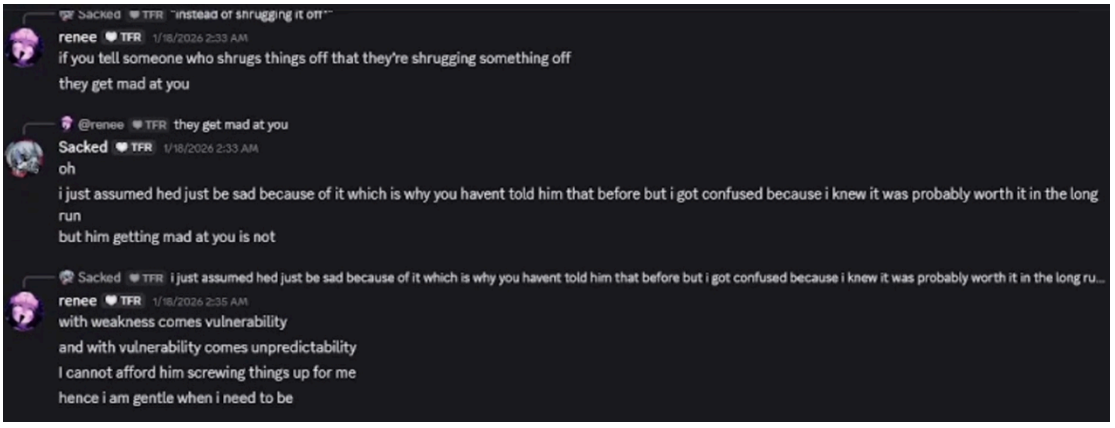

(talking about her mom)

Uh

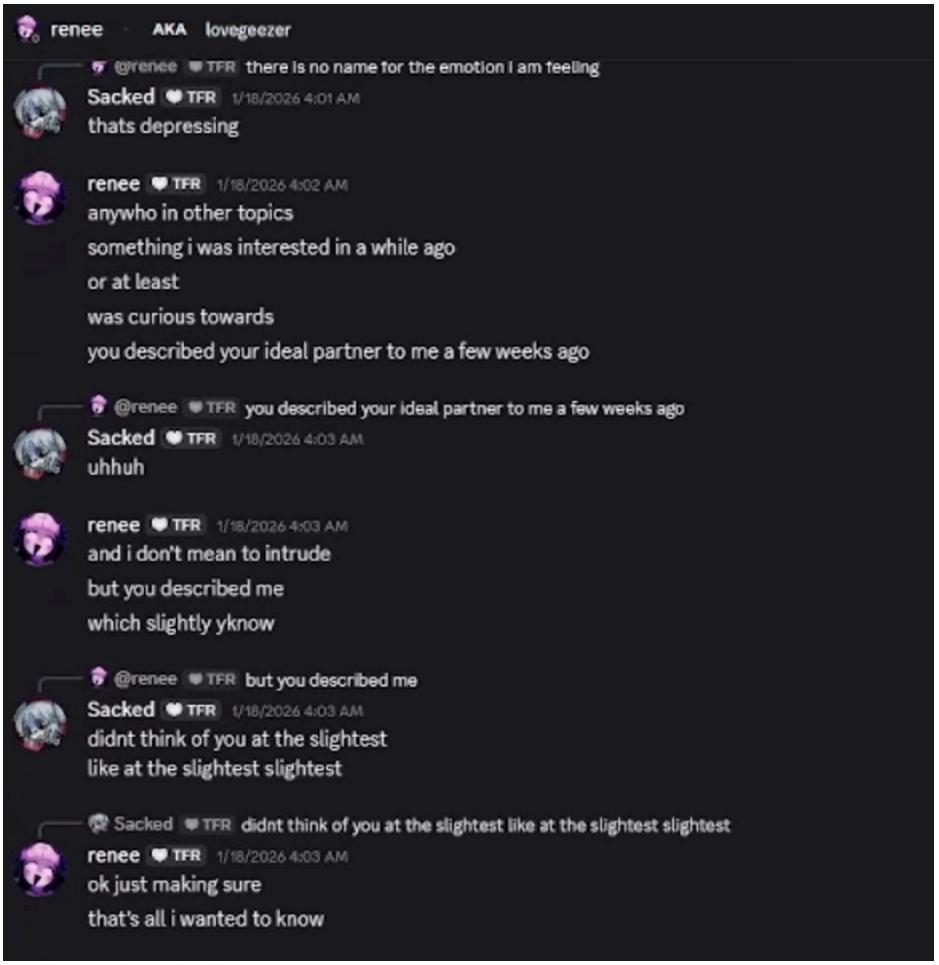

No comment

Actually one, i dont think anyone would love their mother sexually just because she tried to make you love her as a mother,unless youre incestious,like what you said.

It just not enough good times to sacrifice myself for this world or them

”hence im gentle when i need to be “so manipulation?

the time control really doesnt mean anything to me

> @Sacked TFR i honestly feel like there is nothing in it for me if i knew that there is a near 100% chance i can kill everyone and get away with it(in a very vast world)AND i get a ...

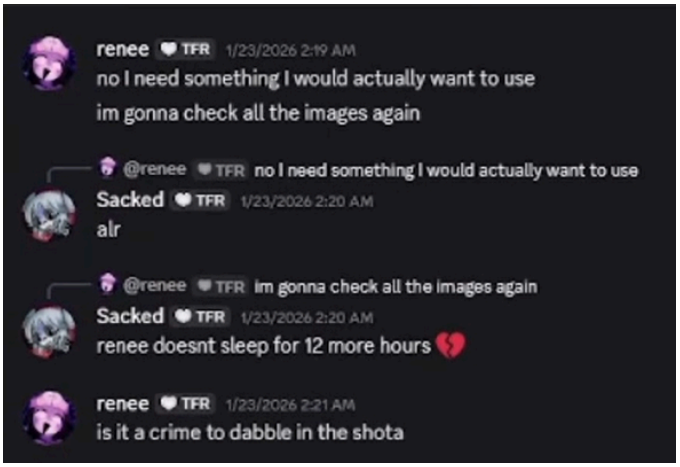

renee TFR 1/23/2026 12:32 AM
i kinda had a revelation on exactly how i work
and on why i literally dont feel guilt for doing horrible things
in every single waking moment
i am brimmed with anger
like as in
its all-consuming
and every single activity that i do
releases that anger and stress
and thats therefore the happy feeling that i get in response
because if i do NOT succeed in what im doing
it makes me super angry
which is literally just
the anger overflowing
due to it already being at the limit

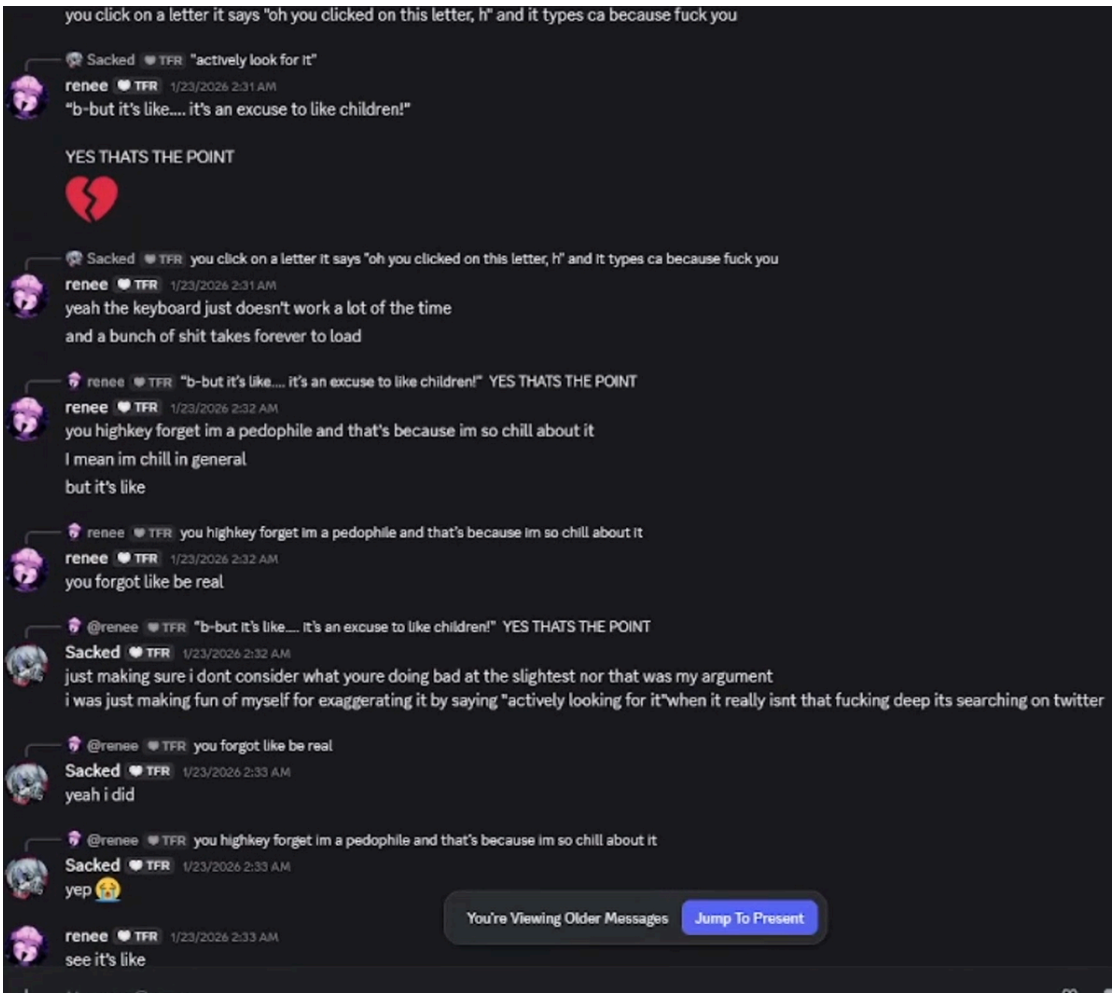

> renee TFR and on why i literally dont feel guilt for doing horrible things

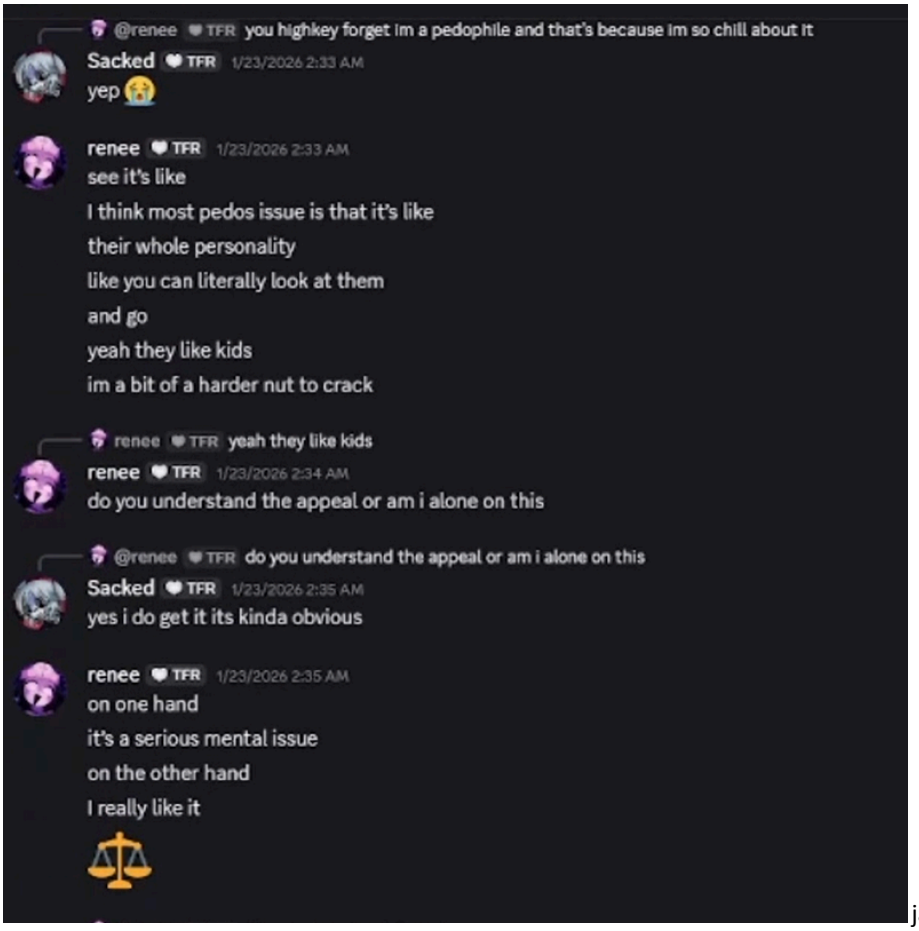

renee TFR 1/23/2026 12:34 AM
hence every single time i do an awful thing
i get an immense amount of relief from it
due to me losing the stress in my body
which is THEREFORE why i have periods where im actually forgiving and upset over what ive done
because im fully decompressed myself
and have nothing else to let out
but then that goes away because i think become angry again across a short span of time
i am truly interested by my mind

yep
god this question is so stupid
ahem
would you well
lets say hypothetically you talk a shitton to a 10 years old because you are forced to for some reason except he isnt a part of your family
i would assume you wouldnt but would you, i know that you would WANT to, but if they are actually a peak person but still dumb because
say one of the smartest 10 year olds
would you like consider ACTUALLY dating them?
i like how
after i asked that question
well while asking it
it went from "this question is stupid"to"this question is beyond stupid"
Sacked TFR would you like consider ACTUALLY dating them?
renee TFR 1/23/2026 2:49 AM

Justice for romeo.

Note:because her physical state is worse than me therefore i should live longer than her normally

not even ashamed of being a pedophile(Her saying “Hi”in response to that)
Small note:she is 5000 hours in sleep debt she said she is 25 physically sort of kind of and she said shes 36 nmentally so yes she can be a pedophile and even if she was only 17 she is still the smartest villain and attracted to little CHILDREN, not teenagers

Message @renee

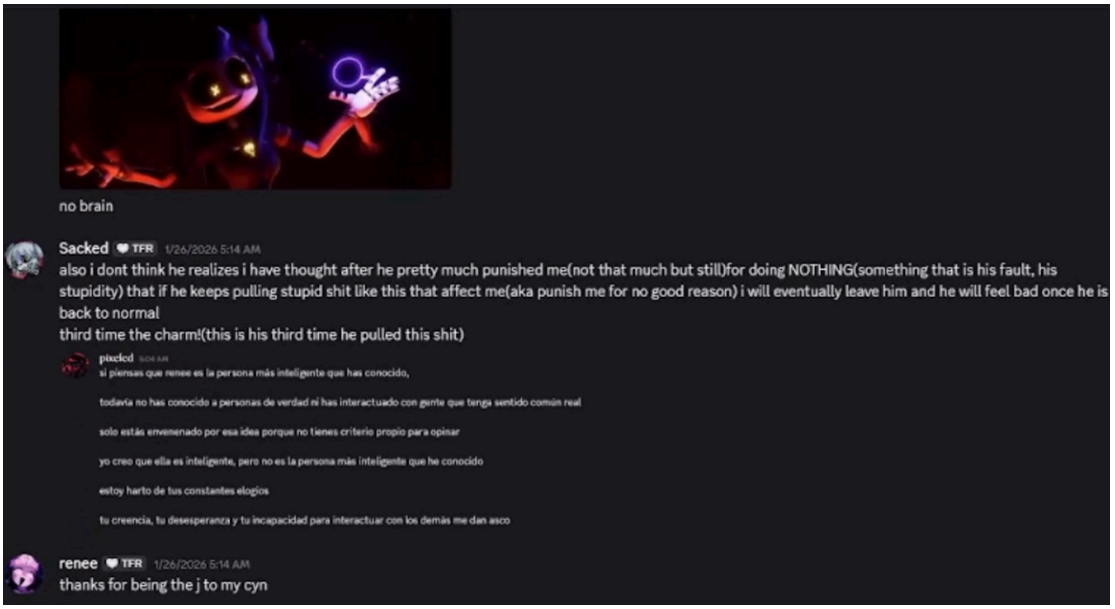

actually those last two screenshots are pointless

Witness her manipulating me into being her bf

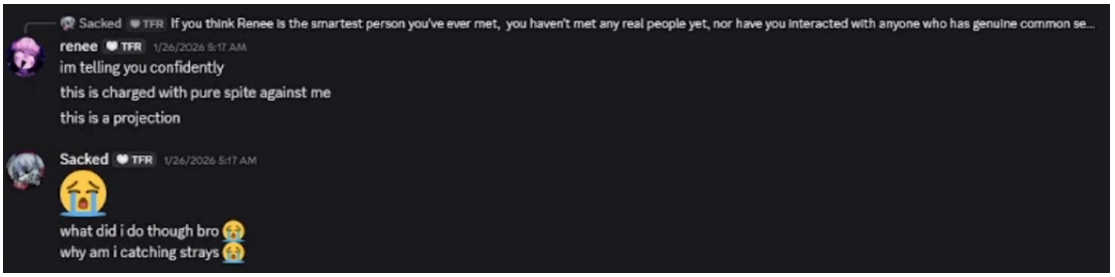

Note:I only broke free because I listened to too much music icel
And there is no way she would have predicted that
Because she doesn't get how muc
I say as she takes off my ears and says "eye for an eye"
because she doesn't get how much I love music

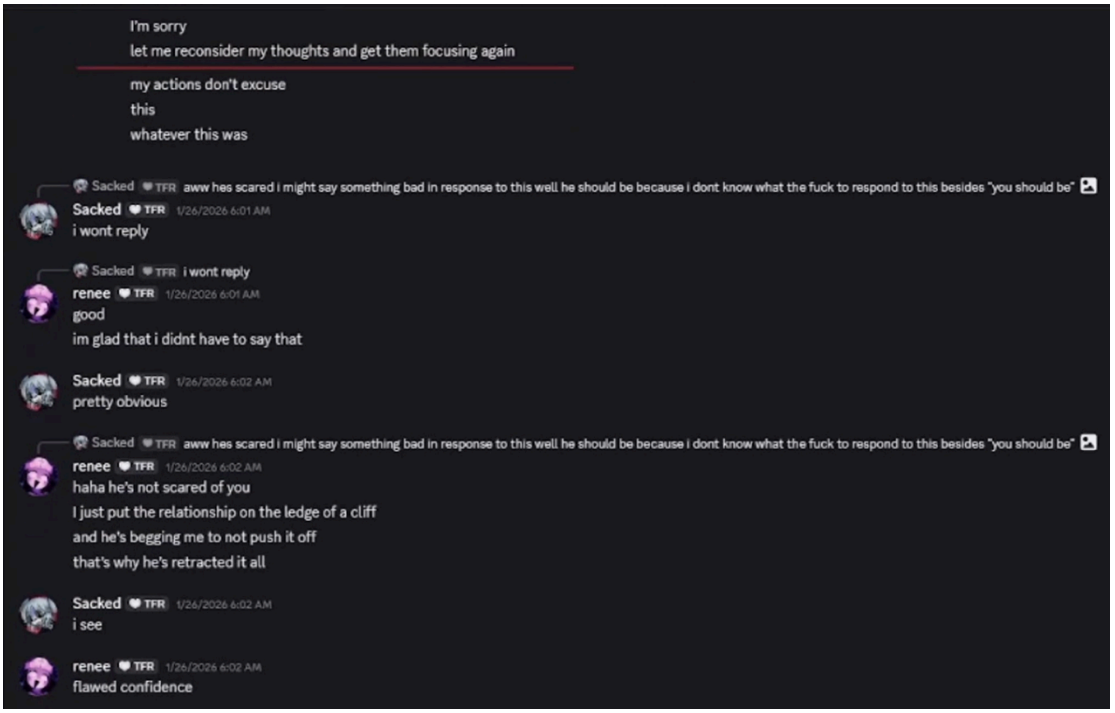

(this is after I sent her a lot of screenshots)

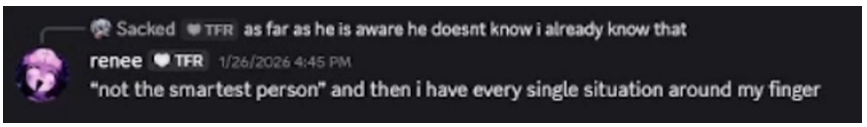

And pretty sure j is just manipulated by cyn
She knows
And I know too
Your downfall was “Close to me with lyrics”:sob:

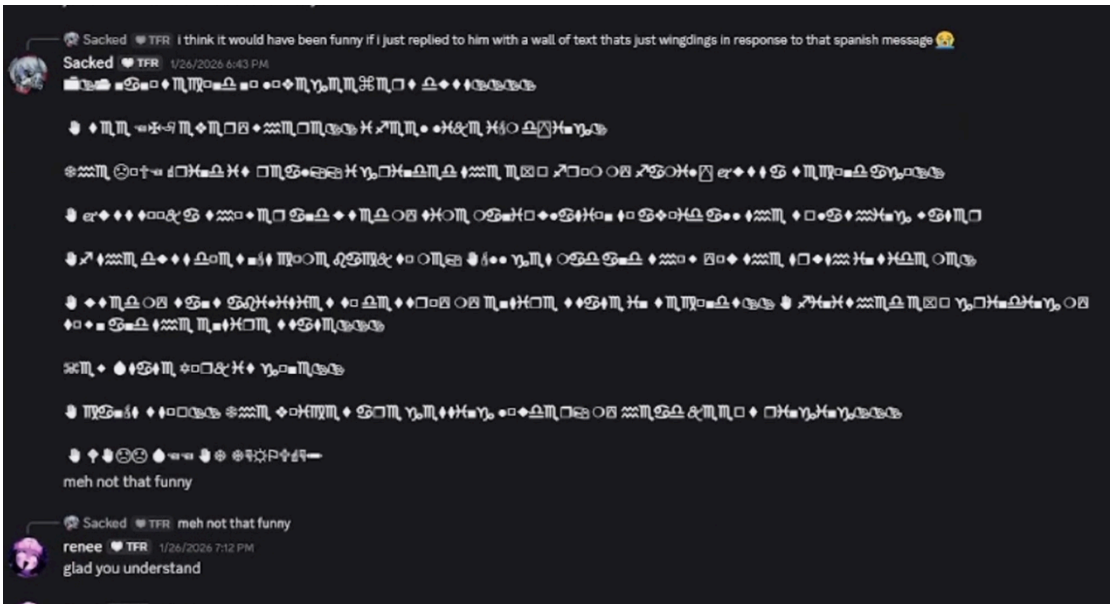

TRUE

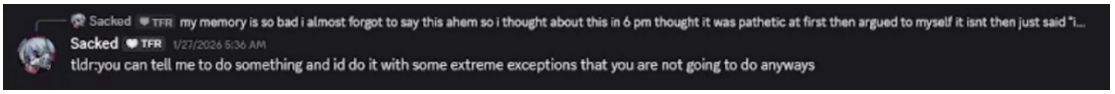

Manipulation

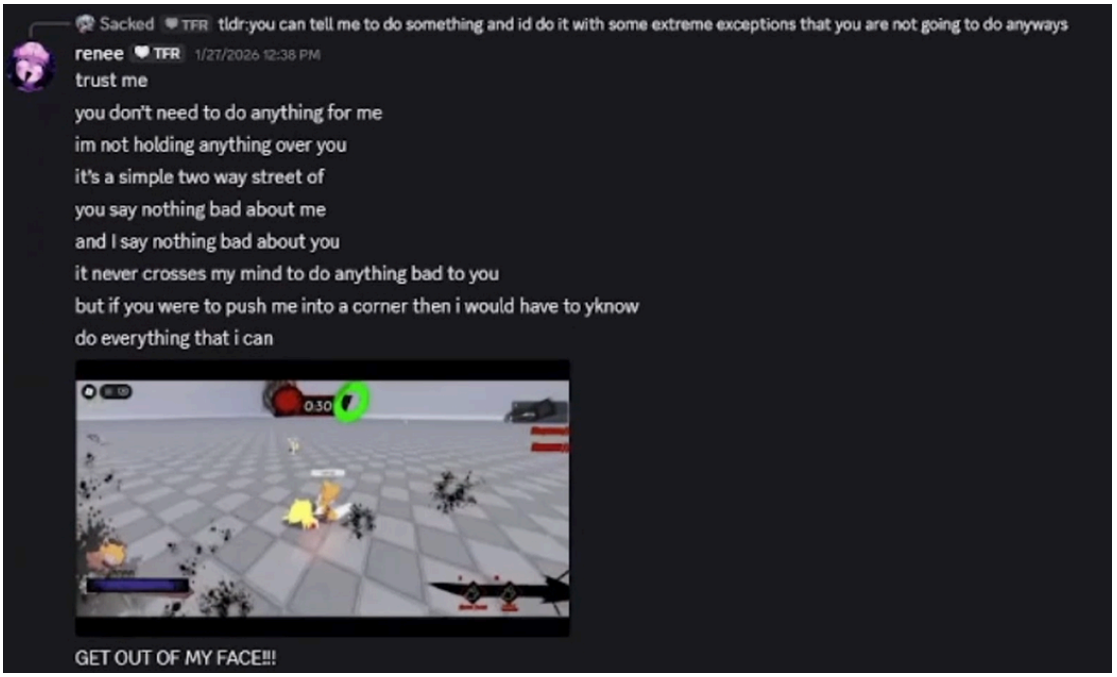

oh I just realized that renee would have never let this happen if she knew I listened toa lot of music
I got extremely lucky aand she got extremely unlucky
So I was destined to be her j or cyn idfk forever
Smart
Unfortunately for you I have two pickaxes

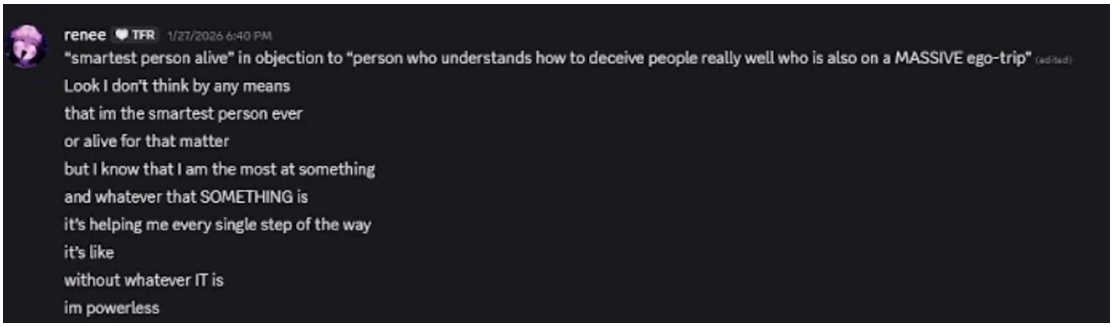

meh knowing the context it is funny

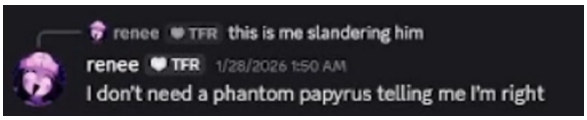

nice manipulation tactics lg

nice threats

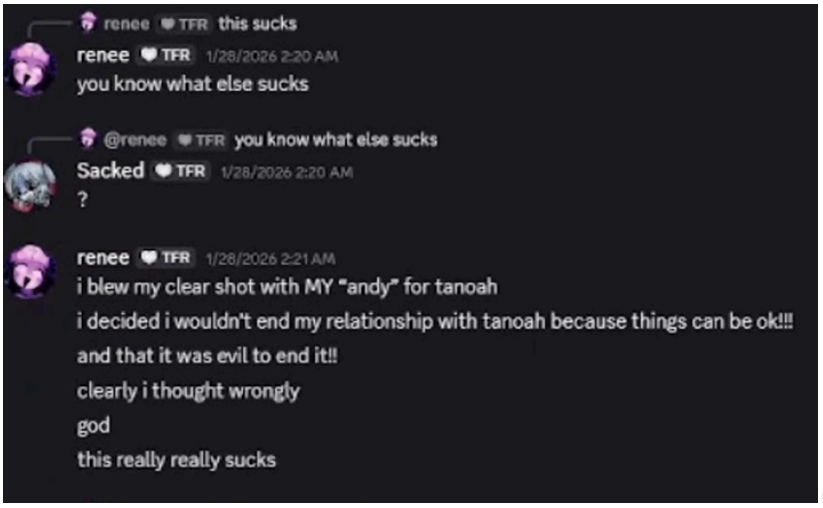

Anyways yeah she knows how to decieve people really well and she is also on a MASSIVE ego-trip

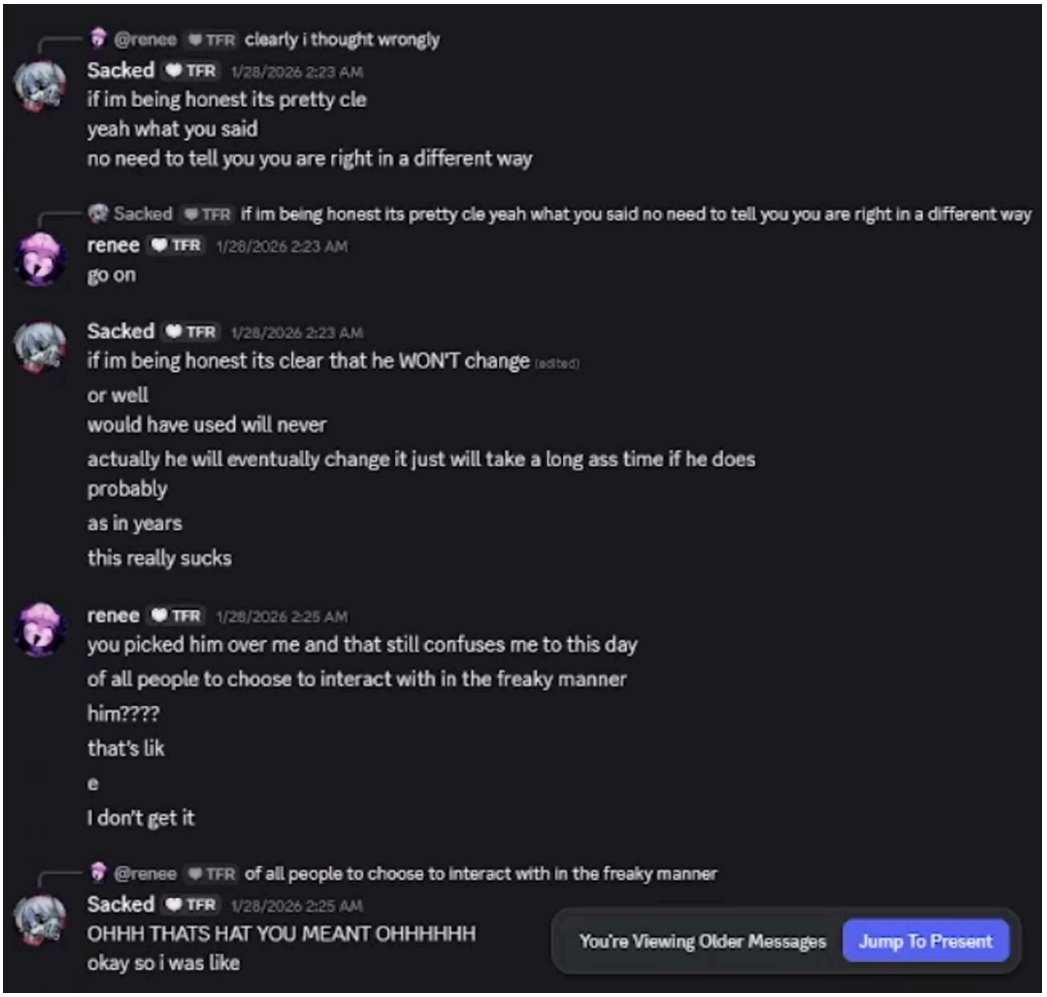

you need a punch to your face

Also just saying this now she has a scat fetish and uh
A piss fetish

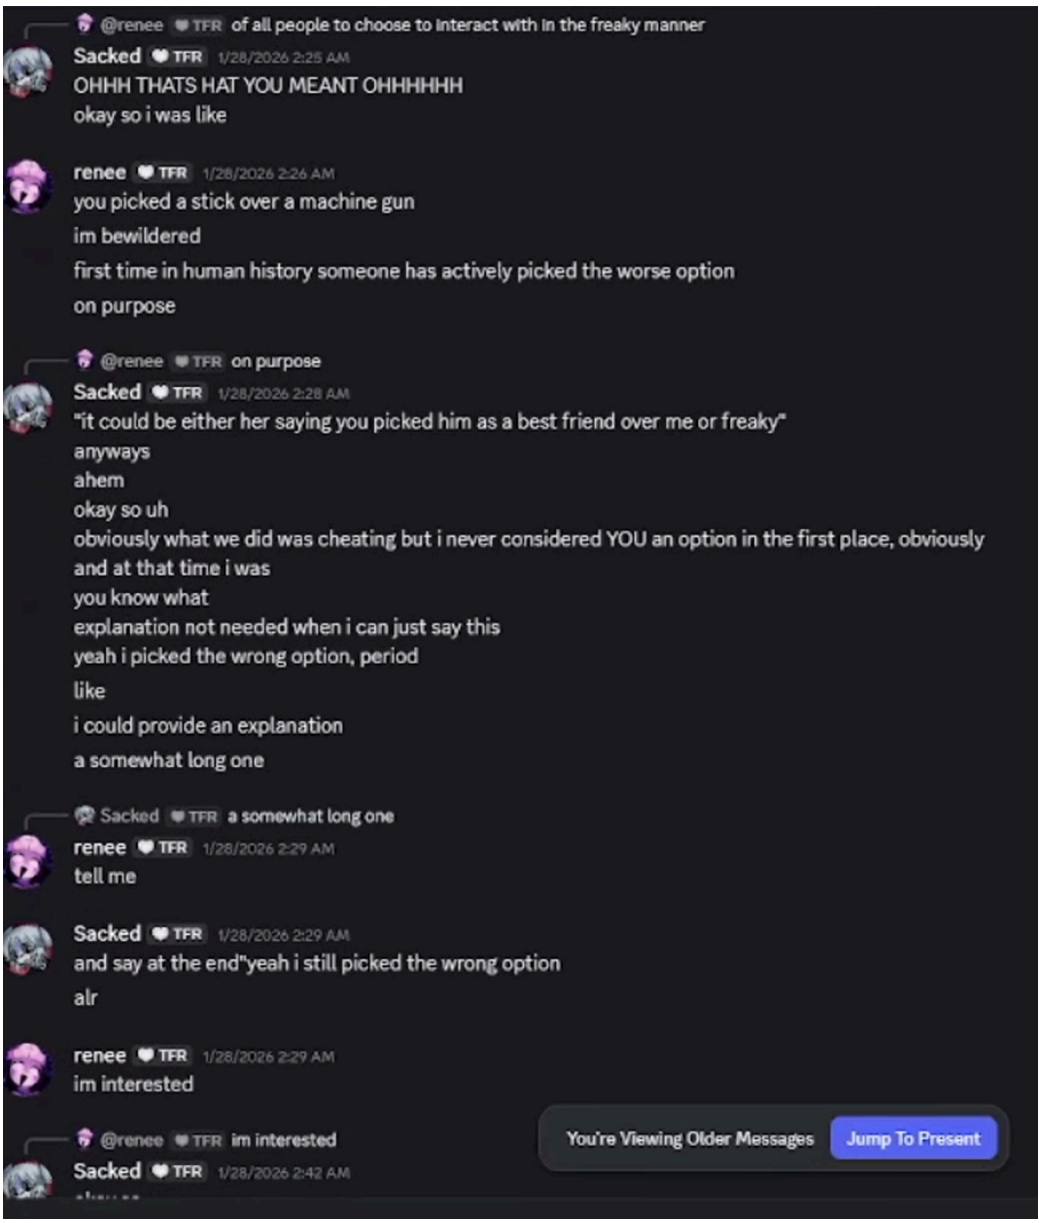

And weight fetish and idk I forgot what else lmao
Shit in that period that is gone(video gone)
(can get it)

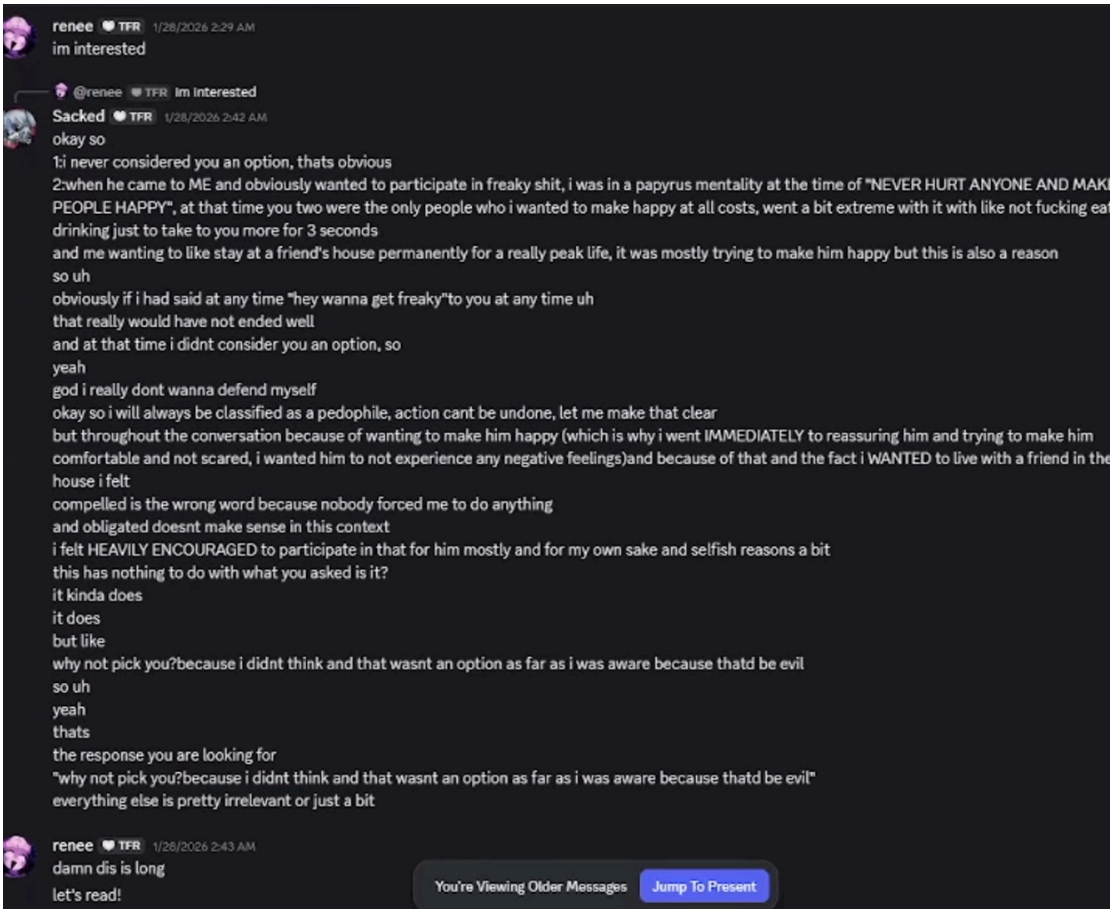

(andy being a sexually manipulated person, like daniel, her irl friend, spitzo)
Yo daniel she lowkey said she wanted jala dead and pushed her into suicide and say d'this is great for me, because it destroys daniel"
you will see

”WHY NOT ME(as a partner)and other screenshots i sent before of her trying to ease me into it but i closed the door infront of it, since she didnt want pixeled anymore she asked me “yoo sacked you described me right” “no” “why the negative response sackedd whats wrong with me” “no”

@renee TFR of all people to choose to interact with in the freaky manner
Sacked TFR 1/28/2026 2:25 AM
OHHH THATS HAT YOU MEANT OHHHHHH
okay so i was like
renee TFR 1/28/2026 2:26 AM

on purpose
@renee TFR on purpose
Sacked TFR 1/28/2026 2:28 AM
"it could be either her saying you picked him as a best friend over me or freaky"
anyways
ahem
okay so uh
obviously what we did was cheating but i never considered YOU an option in the first place, obviously
and at that time i was
you know what
explanation not needed when i can just say this
yeah i picked the wrong option, period
like
i could provide an explanation
a somewhat long one
Sacked TFR a somewhat long one
renee TFR 1/28/2026 2:29 AM
tell me

@renee TFR im interested
Sacked TFR 1/28/2026 2:42 AM
okay so
1:i never considered you an option, thats obvious
2:when he came to ME and obviously wanted to participate in freaky shit, i was in a papyrus mentality at the time of "NEVER HURT ANYONE AND MAK
PEOPLE HAPPY", at that time you two were the only people who i wanted to make happy at all costs, went a bit extreme with it with like not fucking ea
drinking just to take to you more for 3 seconds
and me wanting to like stay at a friend's house permanently for a really peak life, it was mostly trying to make him happy but this is also a reason
so uh
obviously if i had said at any time "hey wanna get freaky"to you at any time uh
that really would have not ended well
and at that time i didnt consider you an option, so
yeah
god i really dont wanna defend myself
okay so i will always be classified as a pedophile, action cant be undone, let me make that clear
but throughout the conversation because of wanting to make him happy (which is why i went IMMEDIATELY to reassuring him and trying to make him
comfortable and not scared, i wanted him to not experience any negative feelings)and because of that and the fact i WANTED to live with a friend in the
house i felt
compelled is the wrong word because nobody forced me to do anything
and obligated doesnt make sense in this context
i felt HEAVILY ENCOURAGED to participate in that for him mostly and for my own sake and selfish reasons a bit
this has nothing to do with what you asked is it?
it kinda does
it does
but like
why not pick you?because i didnt think and that wasnt an option as far as i was aware because thatd be evil
so uh
yeah
thats
the response you are looking for
"why not pick you?because i didnt think and that wasnt an option as far as i was aware because thatd be evil"
everything else is pretty irrelevant or just a bit

sorry s is a retard and didn't think about the fact she previously had a relationship
Mb(Cant declare youre attracted when you werent)

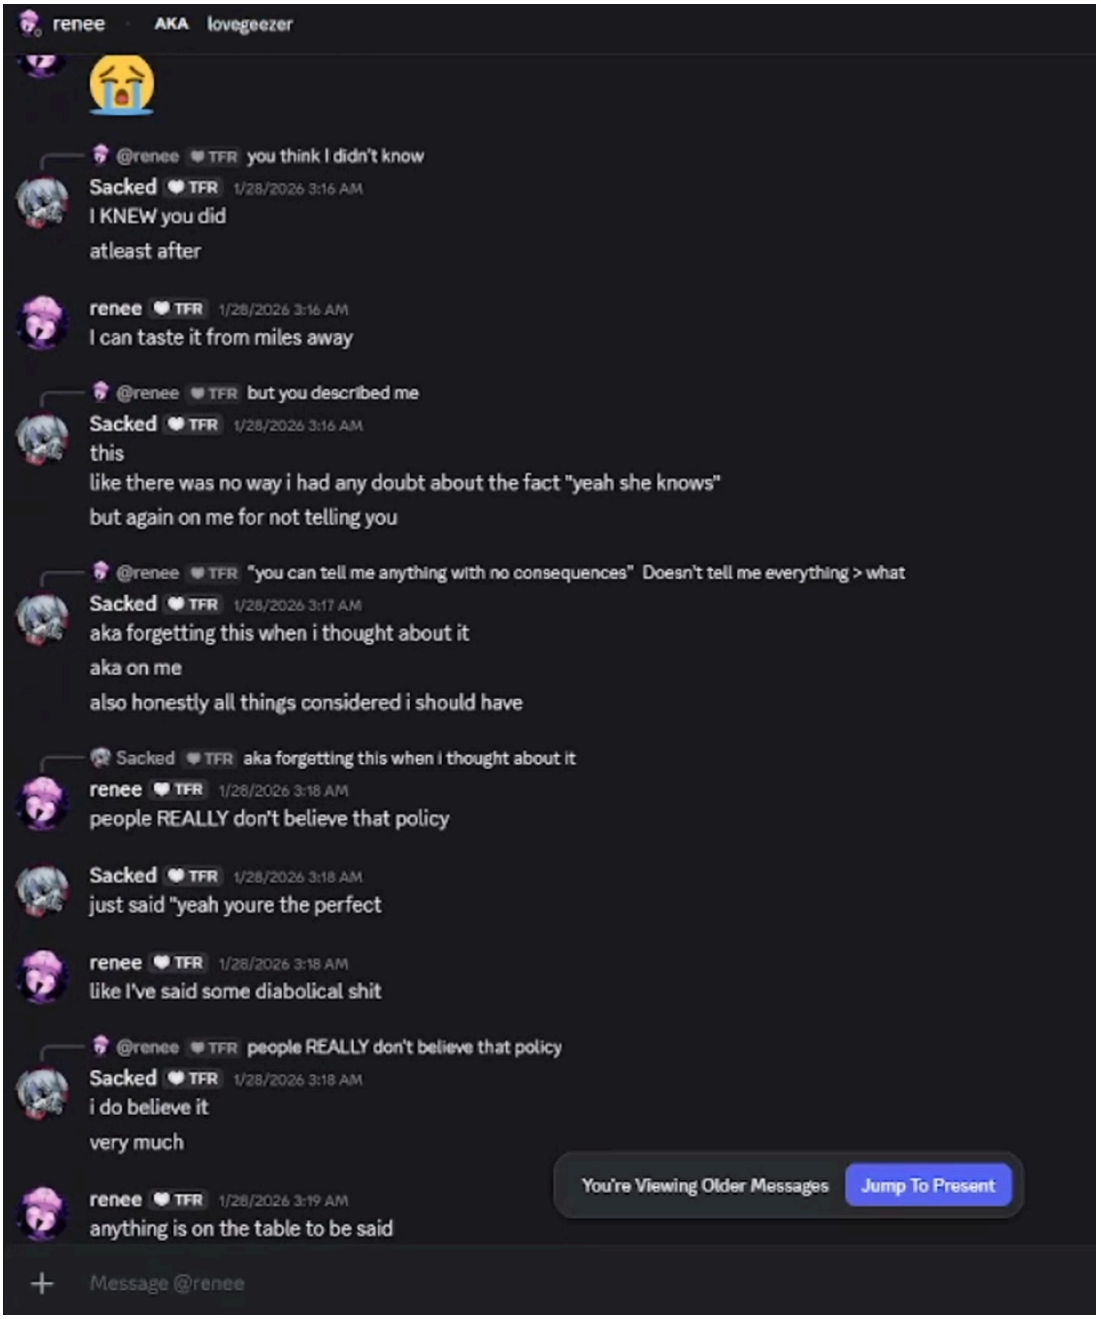

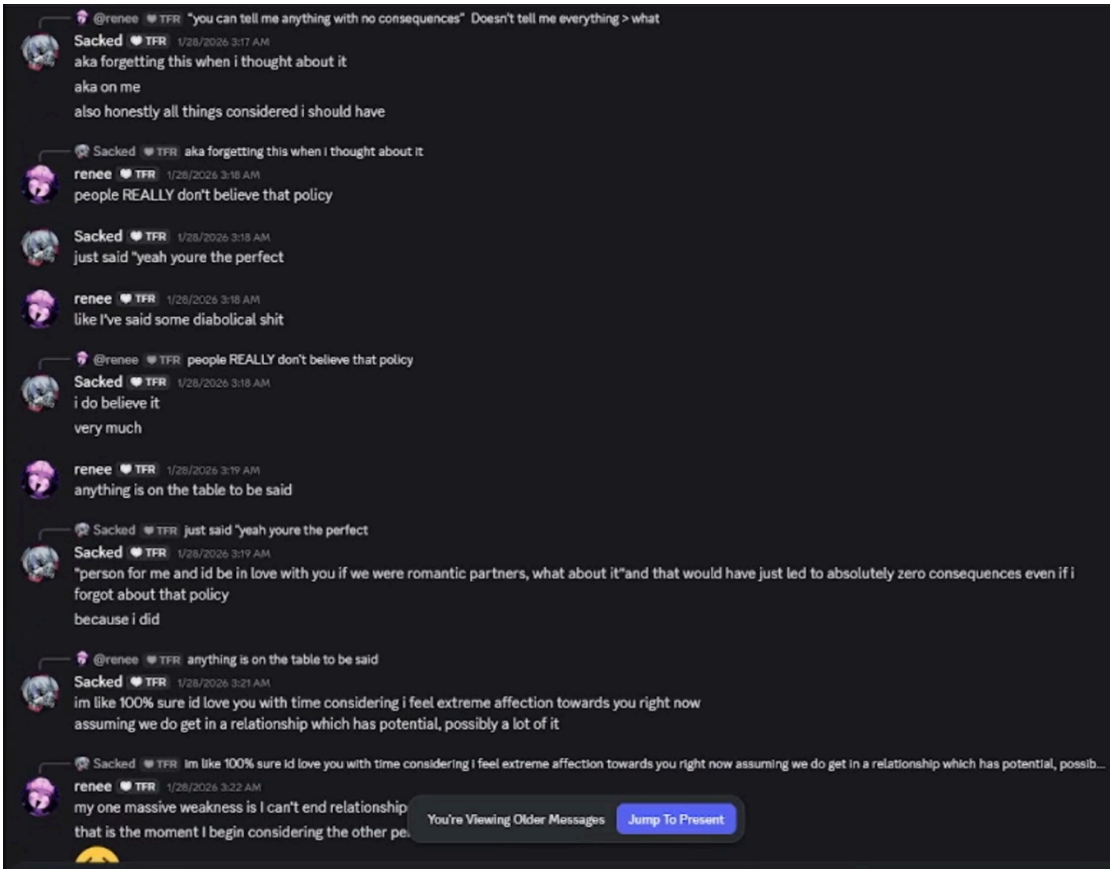

Sorry s is a retard here too

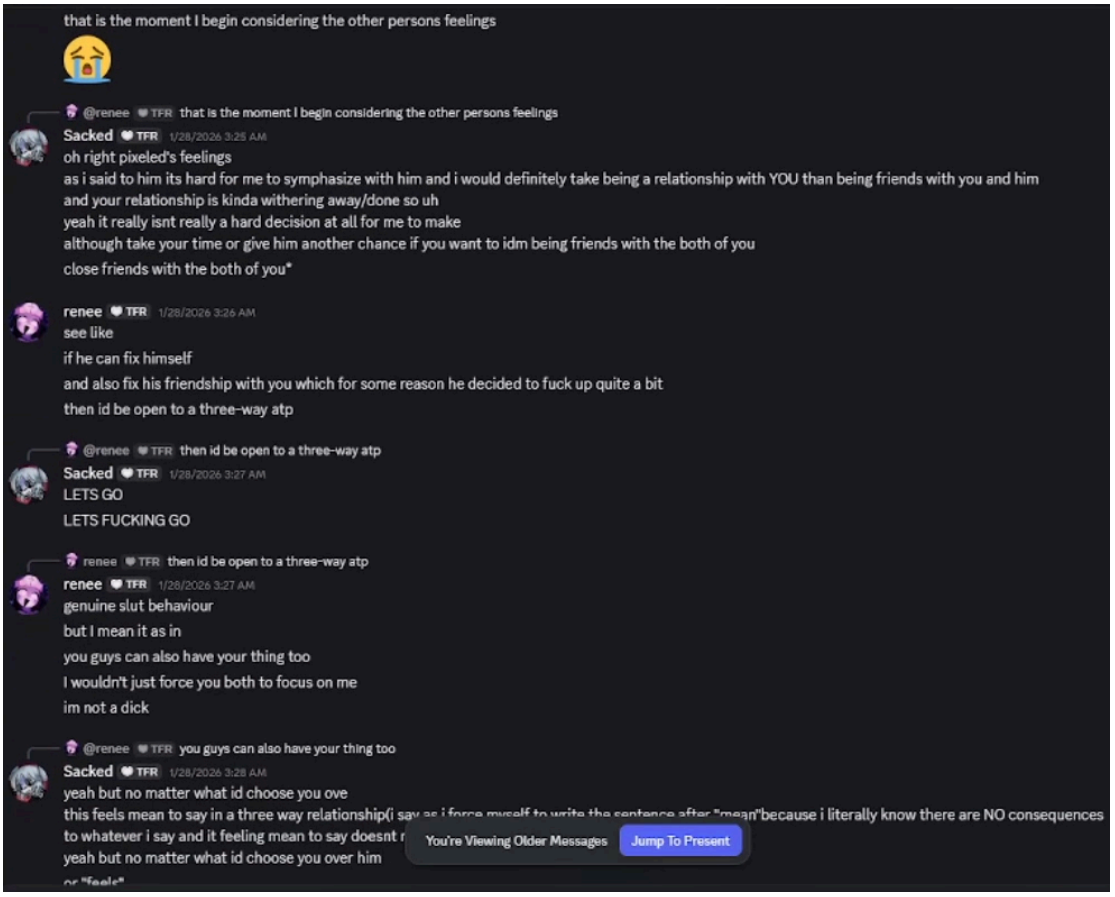

Trust me edit:I mean that she asked “yo you described your perfect partner to me when I asked and you described me” and I pretty much said “no fucking chance I meant you”(rejected her pretty much)and I just said “I knew you did atleast after”without thinking about what she knew(all she knew is that I described her)(im a retard here)

Note:i dont understand a single word i wrote so here is another response:

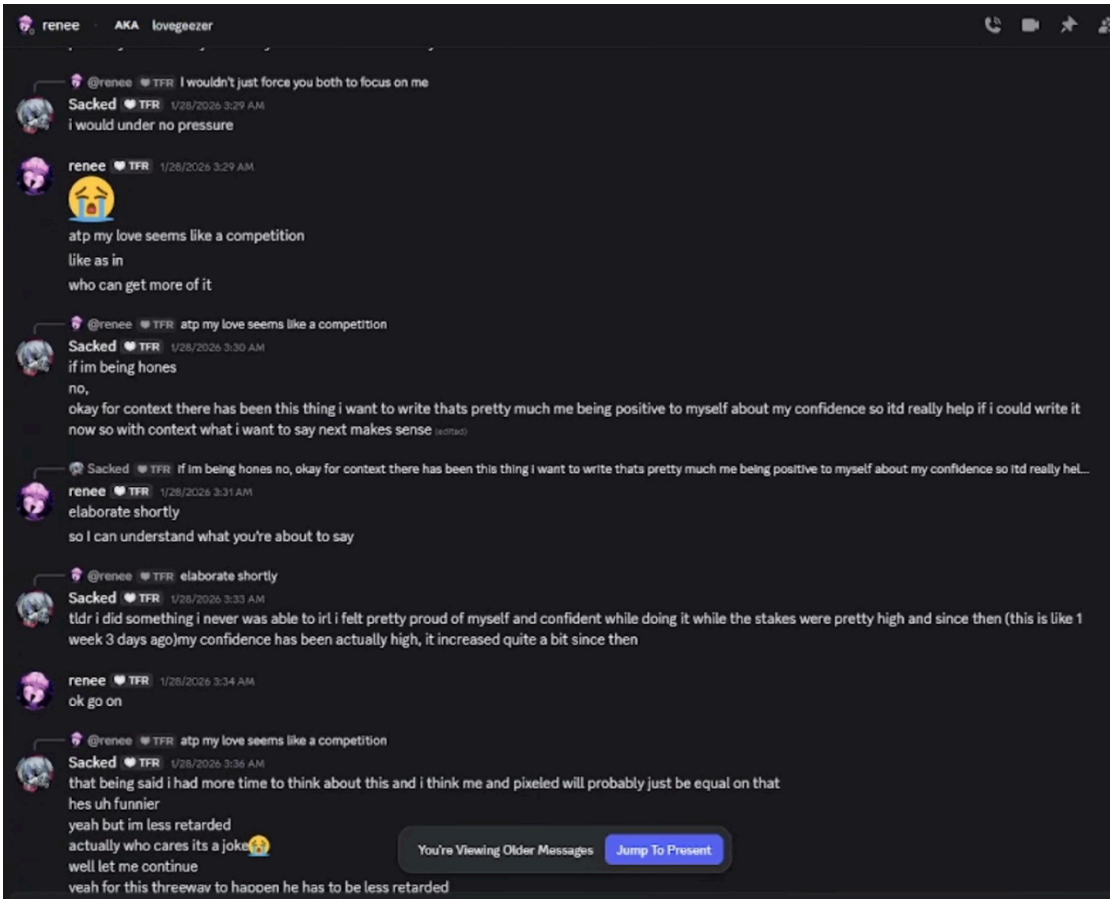

Dude you were onto NOTHING i genuinely viewed you as a friend, not even as a best friend because i was friends with pixeled for longer

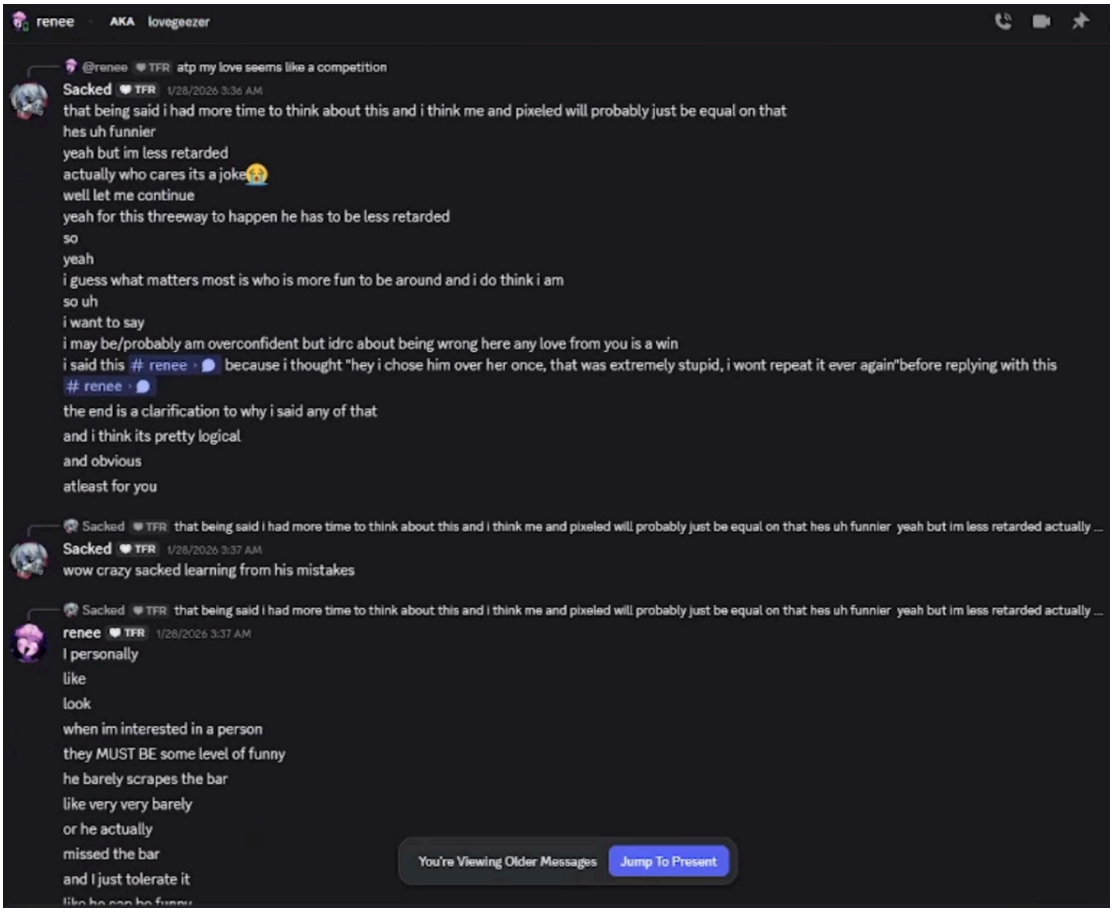

renee AKA lovegeezer
@renee TFR you think I didn't know
Sacked TFR 1/28/2026 3:16 AM
I KNEW you did

renee TFR 1/28/2026 3:16 AM

@renee TFR but you described me
Sacked TFR 1/28/2026 3:16 AM
this
like there was no way i had any doubt about the fact "yeah she knows"
but again on me for not telling you

@renee TFR elaborate shortly
Sacked TFR 1/28/2026 3:33 AM
tldr i did something i never was able to irl i felt pretty proud of myself and confident while doing it while the stakes were pretty high and since then (this is like 1 week 3 days ago)my confidence has been actually high, it increased quite a bit since then
renee TFR 1/28/2026 3:34 AM
ok go on
@renee TFR atp my love seems like a competition
Sacked TFR 1/28/2026 3:36 AM
that being said i had more time to think about this and i think me and pixeled will probably just be equal on that
hes uh funnier
yeah but im less retarded
actually who cares its a joke
well let me continue
yeah for this threeway to happen he has to be less retarded

yeah
i guess what matters most is who is more fun to be around and i do think i am
so uh
i want to say
i may be/probably am overconfident but idrc about being wrong here any love from you is a win
i said this # renee because i thought "hey i chose him over her once, that was extremely stupid, i wont repeat it ever again"before replying with this
renee
the end is a clarification to why i said any of that
and i think its pretty logical
and obvious
atleast for you

missed the bar

hes
okay
like he is not intolerable
and he is retarded
but like
when hes retarded its about games so i dont care much
or when he misgenders people on purpose because he doesnt care what their pronouns are(i think its on purpose, he did with sanae twice and with you twice i think)
but
he can be rarely funny and thats good enough
he made me laugh a total of two times in those 6 hours both are from the last 2 hours
so like vcing with him is better than playing a game alone
duh

”that much”

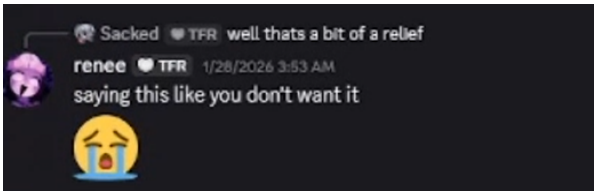

Did I mention im a people pleaser?no?Ok
Poor timing for this considering what I wrote in well on phone notepad but like
I don't do anything with malice, or didn't until today
To get out of a rough situation that's not my fault
I shouldn't be blamed for being malicious one time in my life
But just said because just incase im just somehow misremembering the situation (I swear she said "hey wanna see my ass"and did it 30 minutes later BEFORE breaking up with pixeled without me even hinting at the lie I wanted it(I didn't)and was pretty, I was pretty like NOT want it but I felt like I have to because her logic was "right"(it wasn't)so I clicked on the picture just because I felt like I had to and gave her praise with that emoji because I thought I HAD to
This doesn't seem like smth I would do(me saying im well whatever)even if I was retarded and manipulated at the same time
Also she said after telling me she was a psycho by 13 days that she is perfection or well achieved perfections
So being a psycho is now perfect
It is objectively bbut who would be dumb
Right I did that when in 15
Would be dumb to think about things objecively and not subjectively
Humans have emotions
That why we think about things subjectively
"we"I feel like a robot atp
When youre so mentally destroyed youre less liekly to give a shit about anything bad happening to you
And I have either depression and/or bipolar which mak
The only joy I have rn is listening to music I can relate to
Or watching things I can relate to
Im currently watching the alphys outertale fight because I relate to the dialogue a lot for good reasons
And I relate to flower man with lyrics from chai
And "I saw you vent"and "don't go lying to me"I know its childish but I do relate to these which is why I listen to them
The most song I relate to do is "finish the mission"
I wonder how many people are reading this really
I might fail completely due to her tricks or ycaro not believing me and getting the green descend among us song treatment from renee(me getting killed)
I will not let your death be In vain,jala and x
Also will delete every mention of lg and replace it with lg just incase sh
Well look she deleted my twitter accounts somehow and got every ut seerver on lockdown for new members aND manipulated the entire internet on going on a strike for not downloading anything AND she said he has eyes everywhere in the ut community
This feels too easy
Either she is overconfident she can get out of this or she is an idiot for believing I wont leak shit again and not ki
Maybe she cant kill me
Well guess what
Power of m(ik its cringe)usic GO

You can tell by now im pretty innocent

Like a small child mentally
Fucking izuku midoriya :sob:
its funny because csb had a joke(by kris)calling me deku and hearing my own voice when its less deep now?yeha is ee it:sob;
And I want to stay a child forever
Mentally atleast
Being grown up mentally is like being nihilistic and I don't want that
Music helps
Oh I already got it before my guess sucks
What I guessed is that she thought I was insane and/or just wanted me back
Guess what

Yeah I have nothing paused and spaced out
HES THE IMPOSTOR DON'T YOU SEE
AS LITTLE AND SNEAKY AS CAN BE.
TELL ME STRAIGHT DON'T MANIPULATE ME
ITS QUITE SKETCHY, DON'T YOU AGREE?
ACKNOWLEDGE **ME** DROP THAT POKER FACE
YOU WONT MAKE ME INTO A DISGRACE
DEFY THE COWARD
SHOW THE EMPOWERED
THAT WE WILL NOT BE DEVOURED
Oh yeah she also got my gmail account deleted and so with the two videos made in the google drive
Do you see why I on have hope?I think she would just hack ycaro's account which would SUCKK so much
And use a well voice changer then surprise me and say horrible shit
"im overythinhing this"vs "im underthinking this"
Or she got them manipulated beyond belief so they wont give me a chance to look at the doc
Or made the internet
No that one is easy I can stream the video
Someone is a traitor someone is a fake
You get it watch finish the mission its peak here
Finish the mission or the lack of caffiene in my body isnt doing the trick

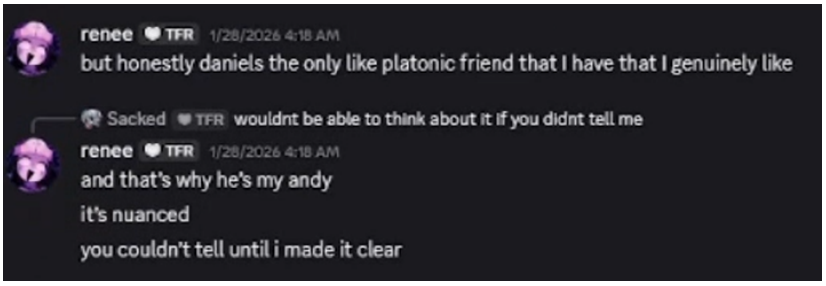

Ill buy the pepsi with 35 egp brb
Also rn playing chai's flower man lyrics video
Also break free goes so much harder than finish the mission
But I don't have that on pc sad(turning off the wifi because yada yada she sleeps at 4 pm and if ts was able to be hacked som ehow(ran virus detection and no threats were fo)LOOK IM TAKING ALL THE RPECUATIONS
Yeah that's it
Ending time octet phase 4 it is(as background sound
Time to start)

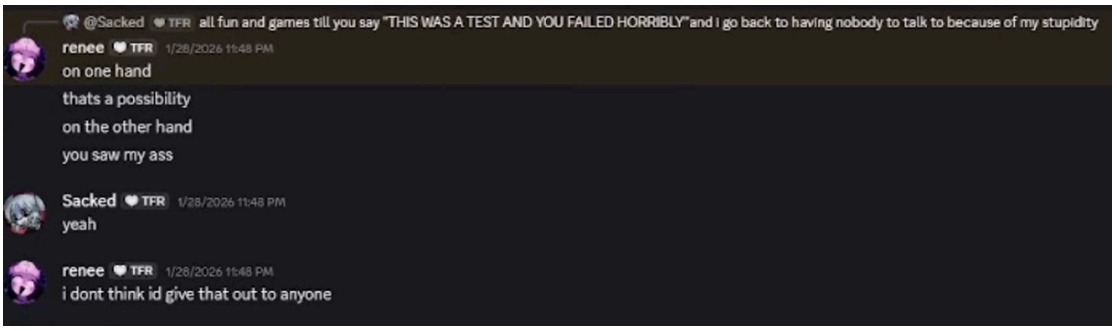

I did infact NOT want your ass pic

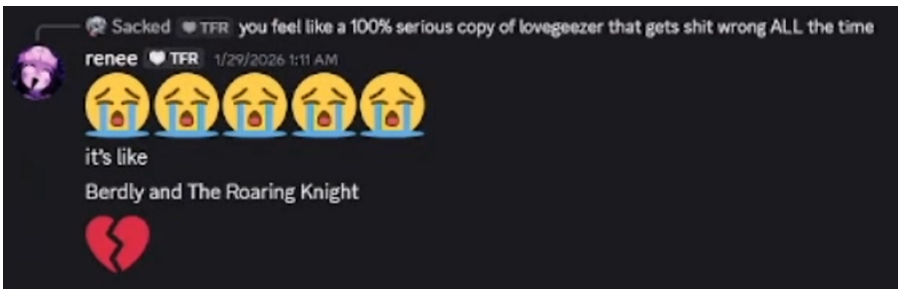

funny

Also does that mean you didn’t like me as a friend?awh man this shucks what would I do

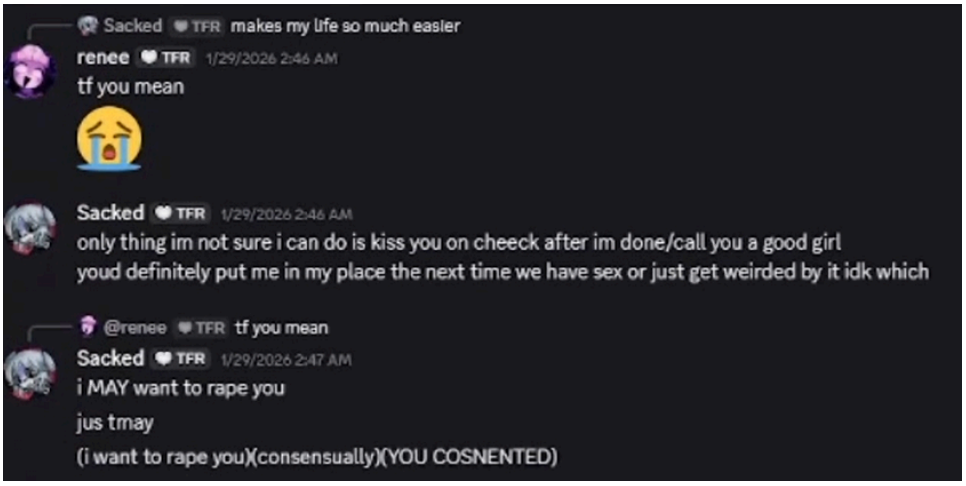

almost as if you liked me?????I
Oh you liked me romantically
Fair lmao(it isnt)
Anyways the point im makinng is that she likes me so she is more likely not to lie the absolute shit out of me
So she is really a pedophile who committed two murders that is dating a child while being vastly more older than them mentally who manipulates people long term
Seems fair
Oh yeah psycho
Sadly the proof of that is delet

also she wanted me to send my well ywah
And I agreed to it hesistently
Very fair
(manipulation maxxing, well no this isnt maniuplation its just me and her being in a relationship she started)

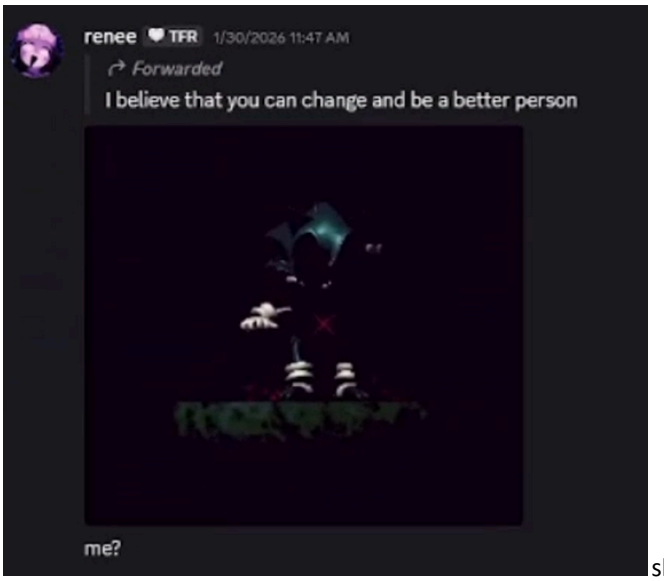

I HATE HOW HARD I HAVE BEEN MANIPULATED

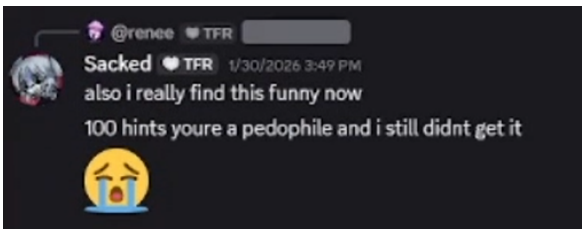

I was too innocent, that's the answer to how

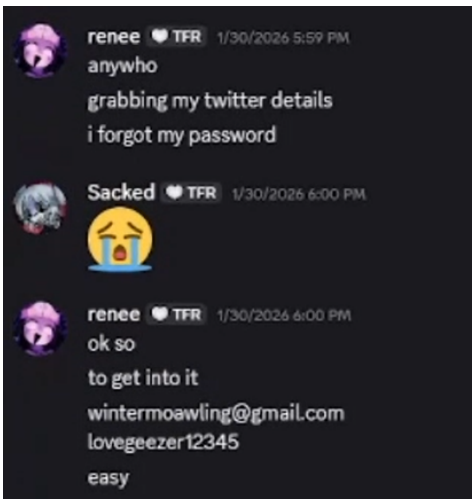

so innocent

she knows she cant because she is too evil

hope this helps the authorties

”authorities??????????????????”

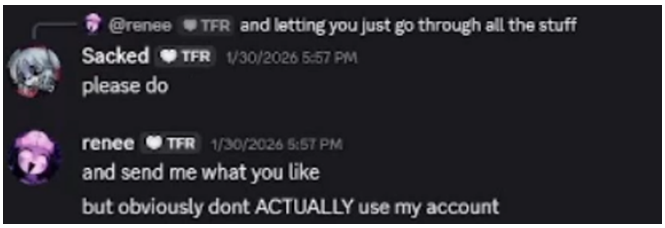

Yeah

I have a feeling in my bones

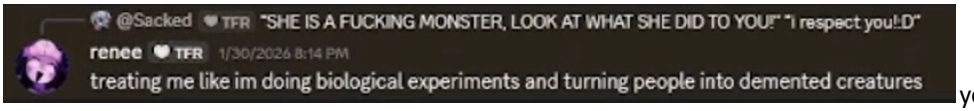

(my ass is getting telekensised into the ground is it not)

That sounded weird

Mb

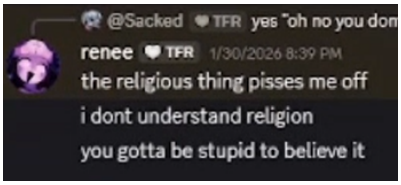

you turn people into worse versions of themselves

By manipulations

Atleast this was for me

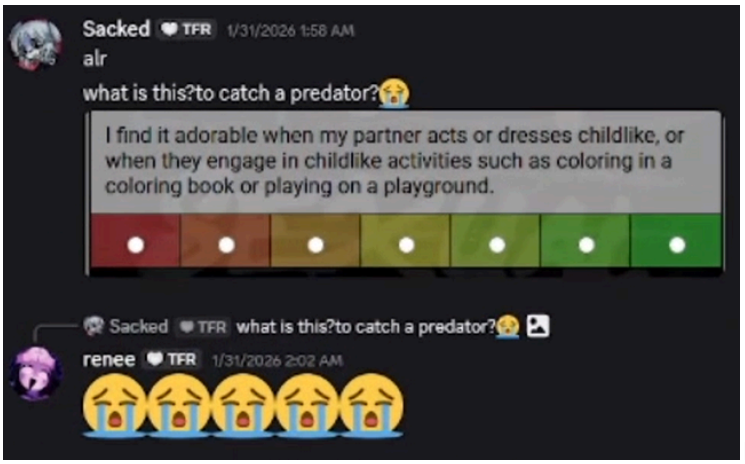

Atleast the last months before we went our own ways

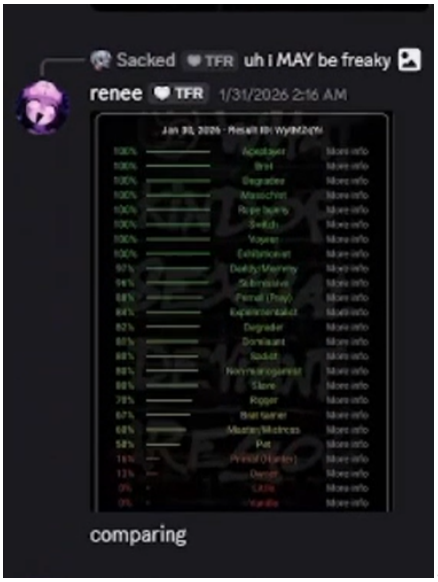

or manipulated into it

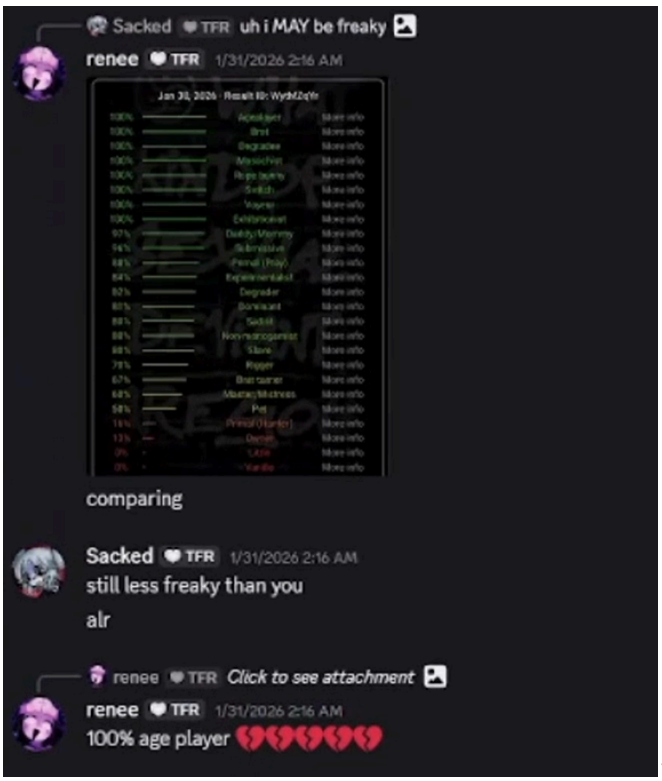

what choice do I have as a people pleaser to someone who I want to like me as they are my only friend at the time

lets see what her result is for that quiz(I forgot lmao)
Just to prove again, she isnt lying about shit(she also said she was a masochist before this by like 10 minutes)

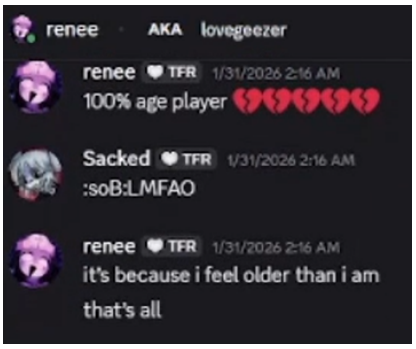

shit its not obvious can I zoom in
Oh yeah I remembered she was 100% age player
Which is just pedophile
Because I remember she said that

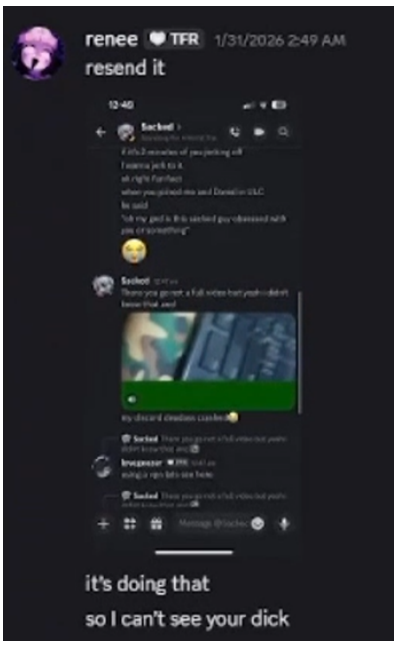

yep

Why lie about your fetishes to your bf and old bf

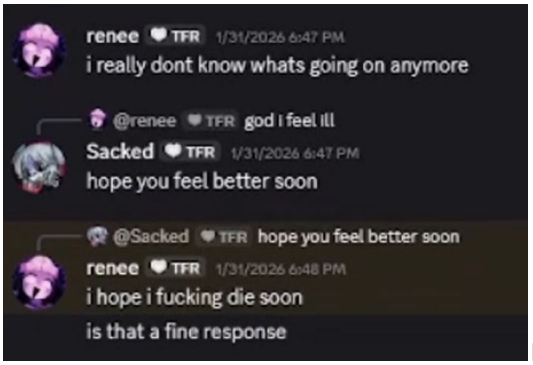

I don’t think you are

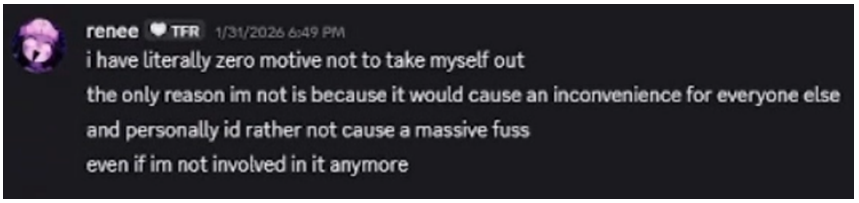

(the questions were direct about age player being pretty much a pedophile,)sureeeeeeeeeeeeeeeeeeee

(also she told me to record a video of it cumming os yeah)
I cant believe im typing this 15 yo s would NOT deal with ts and commit suicide EASILY

look I don't want to kill lg nor do I think they are even capable of becoming a better person
I just don't want to do this
But I have to

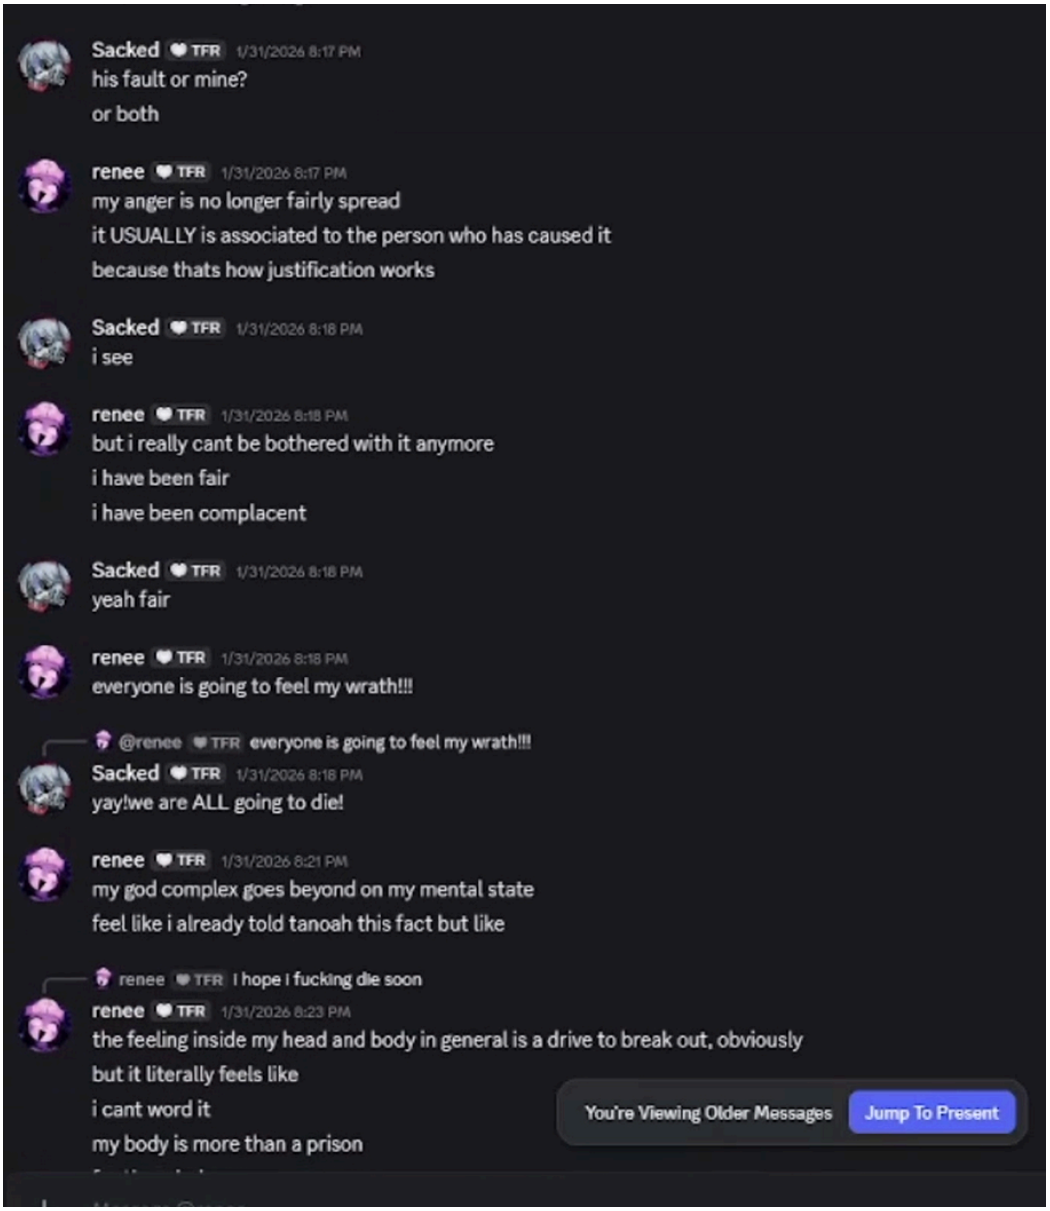

man
"i feel bad"uh who are we dealing with?
A confirmed pedophile who wants to rape their children and has killed 2 people
Manipulated a lot of people too
#- still deserves a life

in this moment of complete
something
a feeling of SOMETHING that isnt unfiltered anger
he was right that ive negatively impacted you
and that my influence is poor
its not to say that he isnt clear of any wrongdoings
hes still done far worse than me
@renee TFR and that my influence is poor
Sacked TFR 1/31/2026 7:01 PM
im fine with that
renee TFR 1/31/2026 7:01 PM
but to call me a "monster" isnt far off the truth
:(

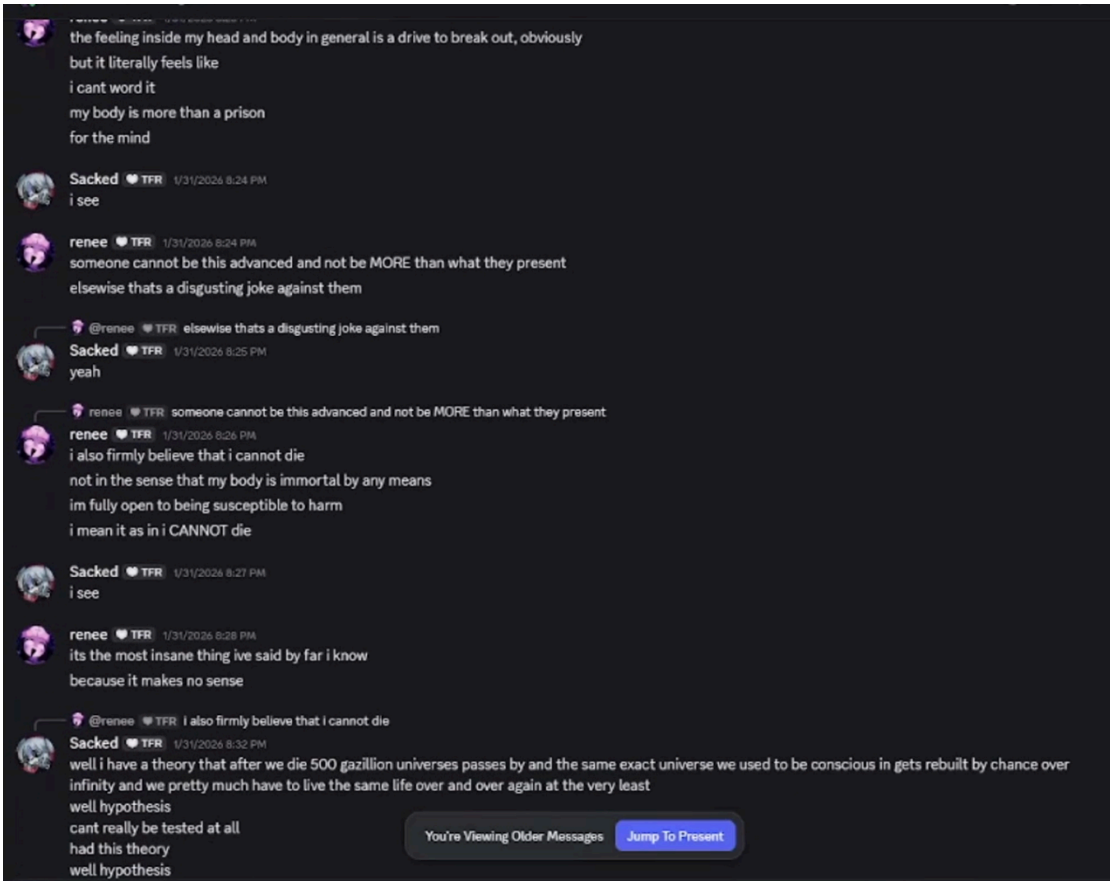

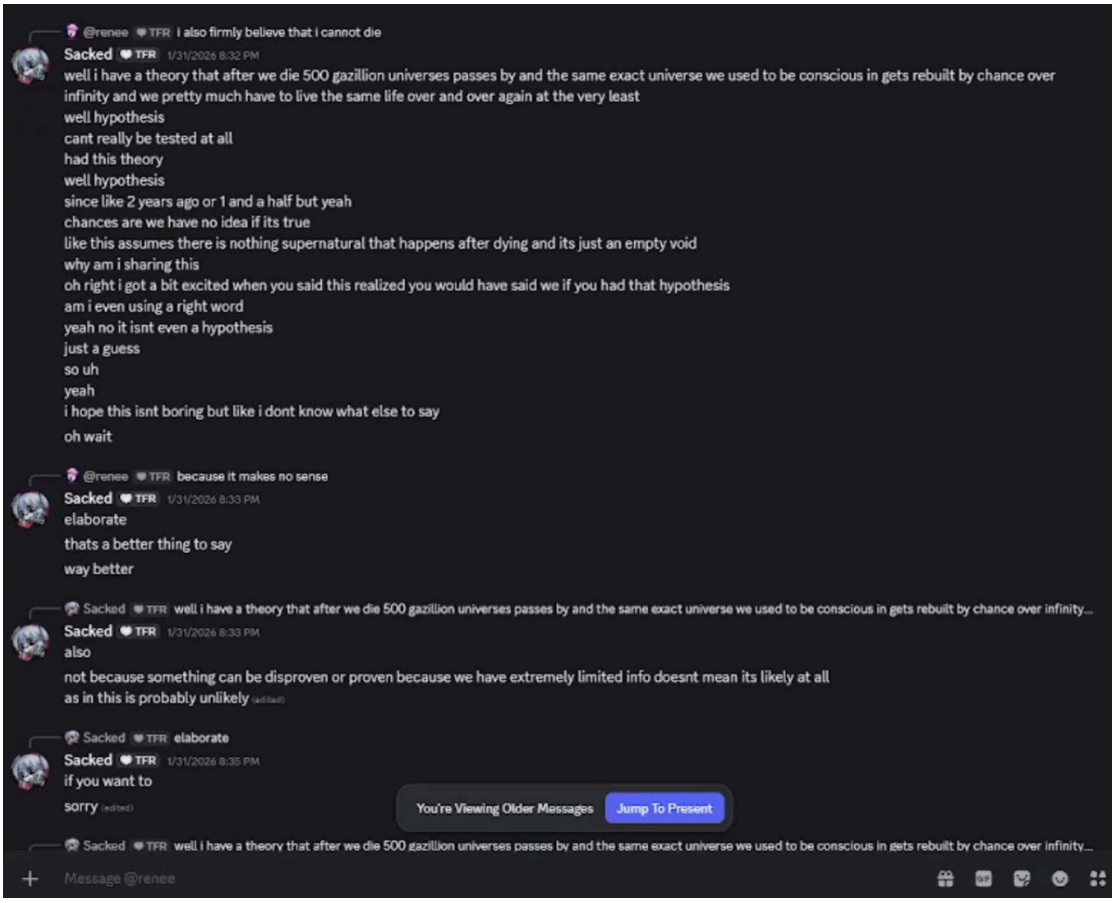

Remember who you are dealing with s

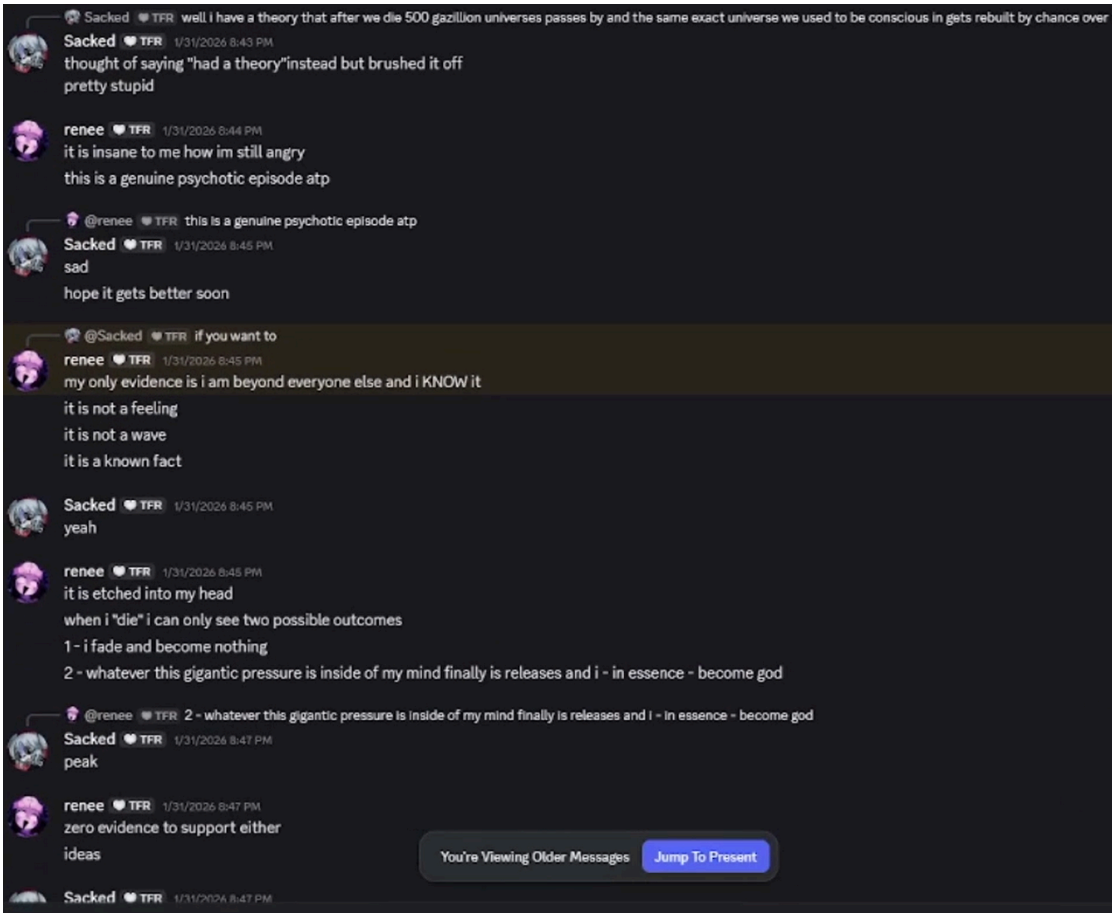

God complex incoming

(she wants to kill us all)

the feeling inside my head and body in general is a drive to break out, obviously
but it literally feels like
i cant word it
my body is more than a prison
for the mind

renee TFR someone cannot be this advanced and not be MORE than what they present
renee TFR 1/31/2026 8:26 PM

i mean it as in i CANNOT die

its the most insane thing ive said by far i know
because it makes no sense
@renee TFR i also firmly believe that i cannot die
Sacked TFR 1/31/2026 8:32 PM
well i have a theory that after we die 500 gazillion universes passes by and the same exact universe we used to be conscious in gets rebuilt by chance over infinity and we pretty much have to live the same life over and over again at the very least
well hypothesis
cant really be tested at all
had this theory

since like 2 years ago or 1 and a half but yeah
chances are we have no idea if its true
like this assumes there is nothing supernatural that happens after dying and its just an empty void
why am i sharing this
oh right i got a bit excited when you said this realized you would have said we if you had that hypothesis
am i even using a right word
yeah no it isnt even a hypothesis
just a guess
so uh
yeah
i hope this isnt boring but like i dont know what else to say

well imagine the person you knew

except theyre erratic

and becoming incredibly violent

😭

sounds about accurate

like whatever you thought was "anger" has no comparison to this

theres getting mad at someone for incompetences

and then theres bloodlust

renee TFR because theres no way he'll know how to handle that

renee TFR 1/31/2026 11:40 PM

yet again

he will not be able to handle it

far too heavy

far too destructive

far too EVERYTHING

hilarity ensues

ok what are you two discussing

Sacked TFR 1/31/2026 11:43 PM

Sacked
renee has genuinely been losing her mind

TanDoesStuff
how so

Sacked
she thinks she is some sort of god trapped inside a human body that when she dies she will either become nothing or just become a god who wants to destroy everything
also she has been extremely angry and isnt tolerating life anymore, only reason she isnt fucking dead is because she doesnt want to cause a fuss after dying even if she has no involvement in it
she has become erratic and extremely violent, there isnt a single positive thing she said today

TanDoesStuff
do you really
like
do you understand how immature that is

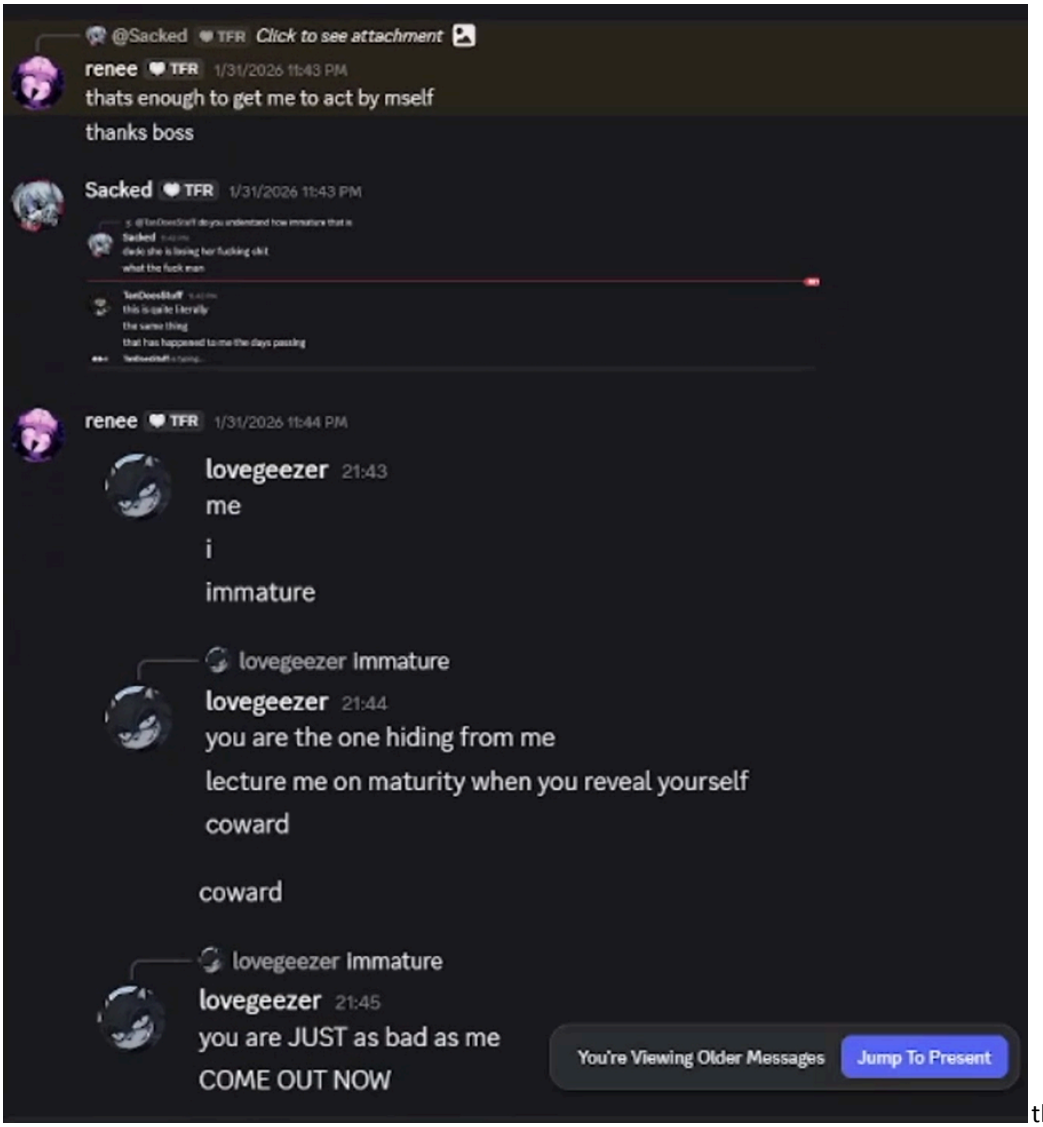

@ Sacked she thinks she is some sort of god trapped inside a human body that when she dies she will either become nothing or just become a god who wants to destroy everything el...

Sacked
which she knows that she wont be apart of the world even after she dies so its a paradox

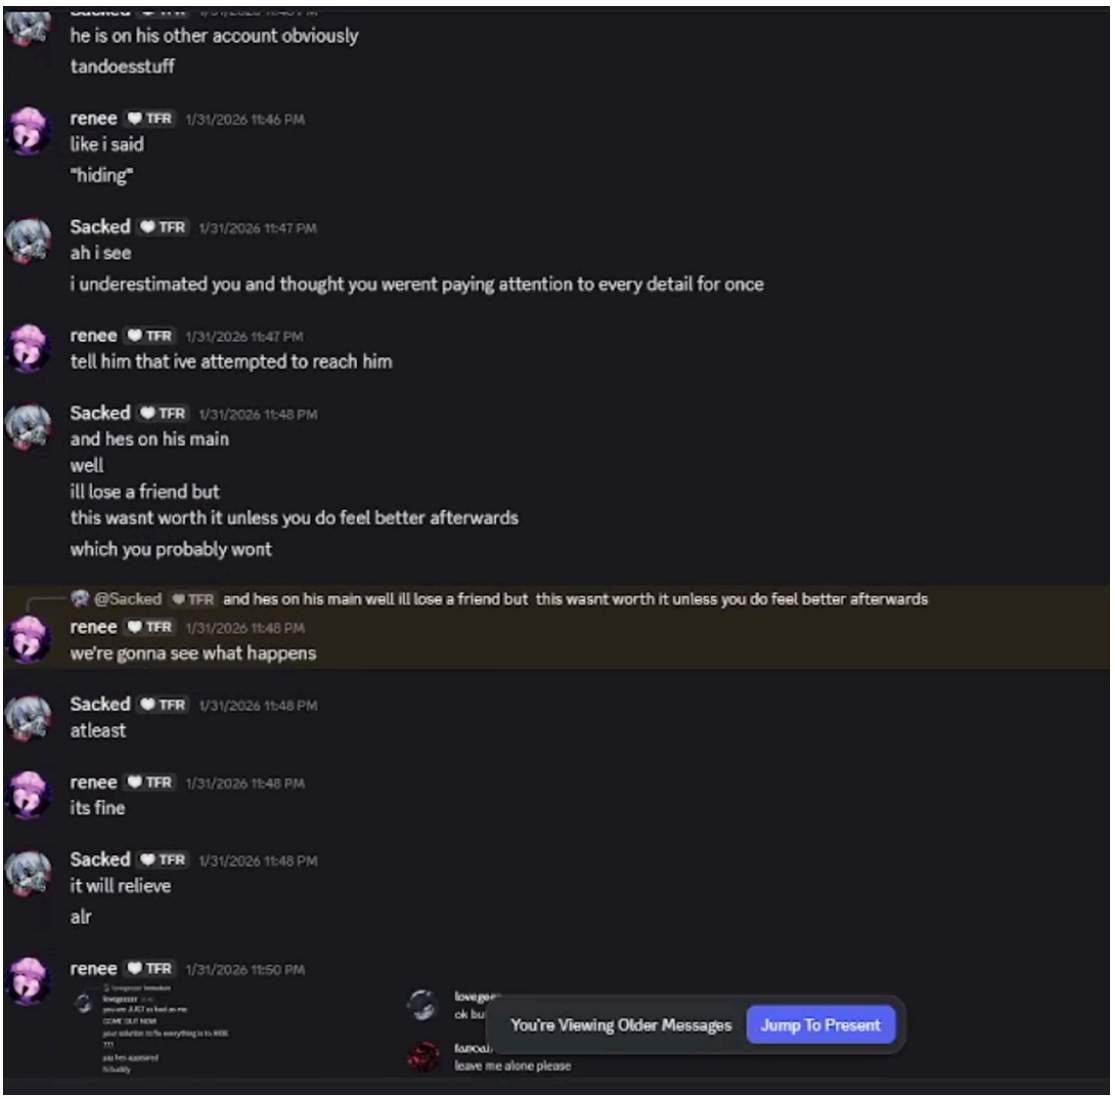

@TanDoesStuff do you understand how immature that is

Sacked TFR 2/1/2026 12:07 AM
if i had to pick a side because im not a coward
1:he has broke your limit
2:you have tried to teach him in ways that arent the best for him but the best for you
you matter more than him
your feelings matter more than his by extent
but if we are thinking about who did the most harm
you have
by far
infact he hasnt tried to harm you once
i believe he can change if he actually tries to
are you a bad guy for making him feel this shitty after you broke his limit
and made you feel angry
well he hasnt tried to harm you
not once
his crashouts because of you were just an aftereffect of the way you have been treating him
"its fair"from your perspective it is from his it isnt because he hasnt tried to do ANYTHING wrong
its on him but at the same time
at the same time
its on him
it just is
but even still he hasnt tried to hurt you
i think
by definition
you are the bad guy but your limit was broken to the point its fair that you have become one
this isnt really a situation where you pick sides
its innocent person who deals harm accidentally a shitton and bad guy who had her limit broken
without any further context id side with the innocent person who deals harm accidentally because they CAN become better, anyone could

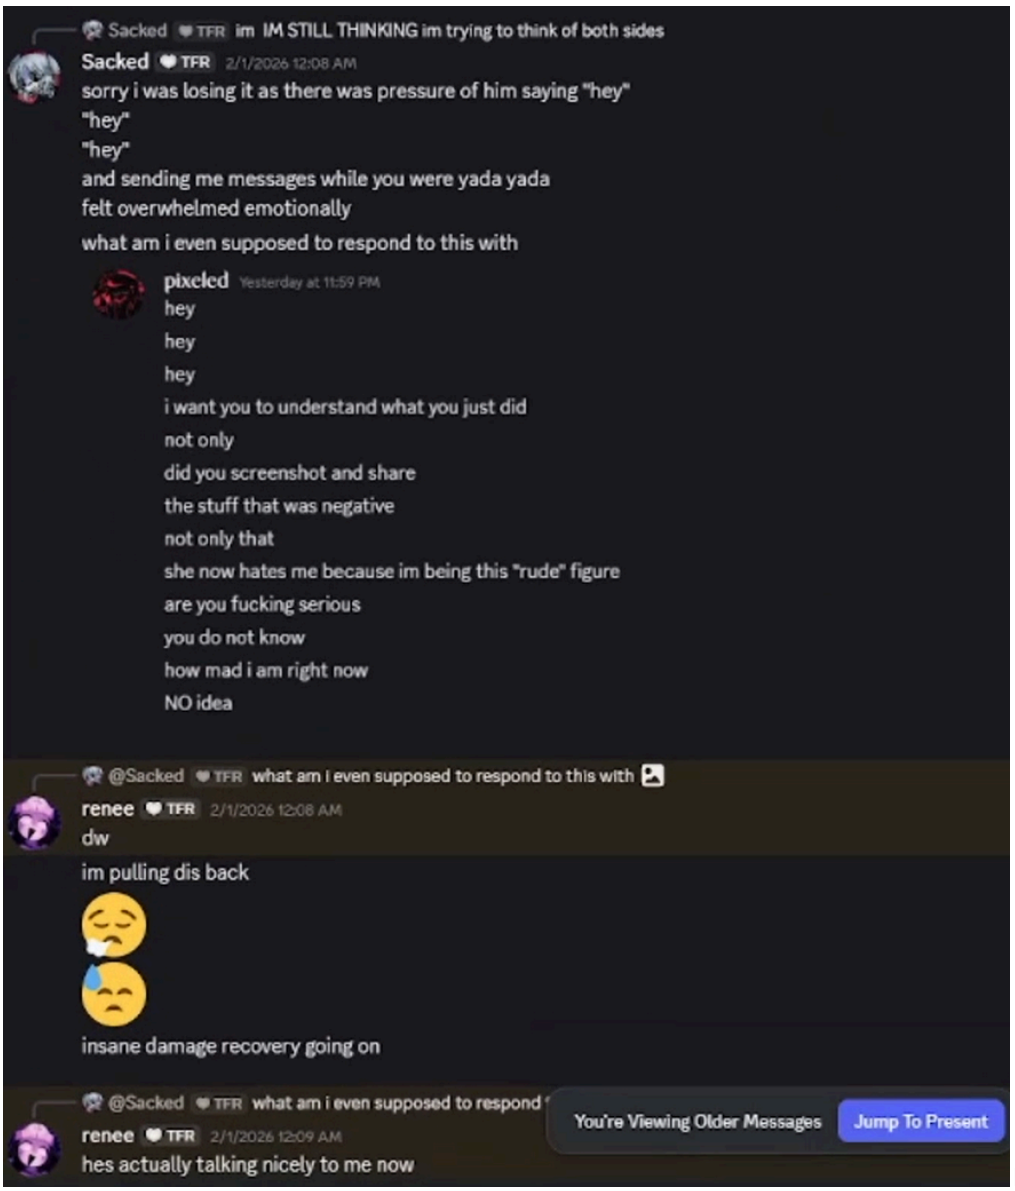

bad guy meaning

In general usage, a **bad guy** refers to a person who is morally wrong, criminal, or harmful.

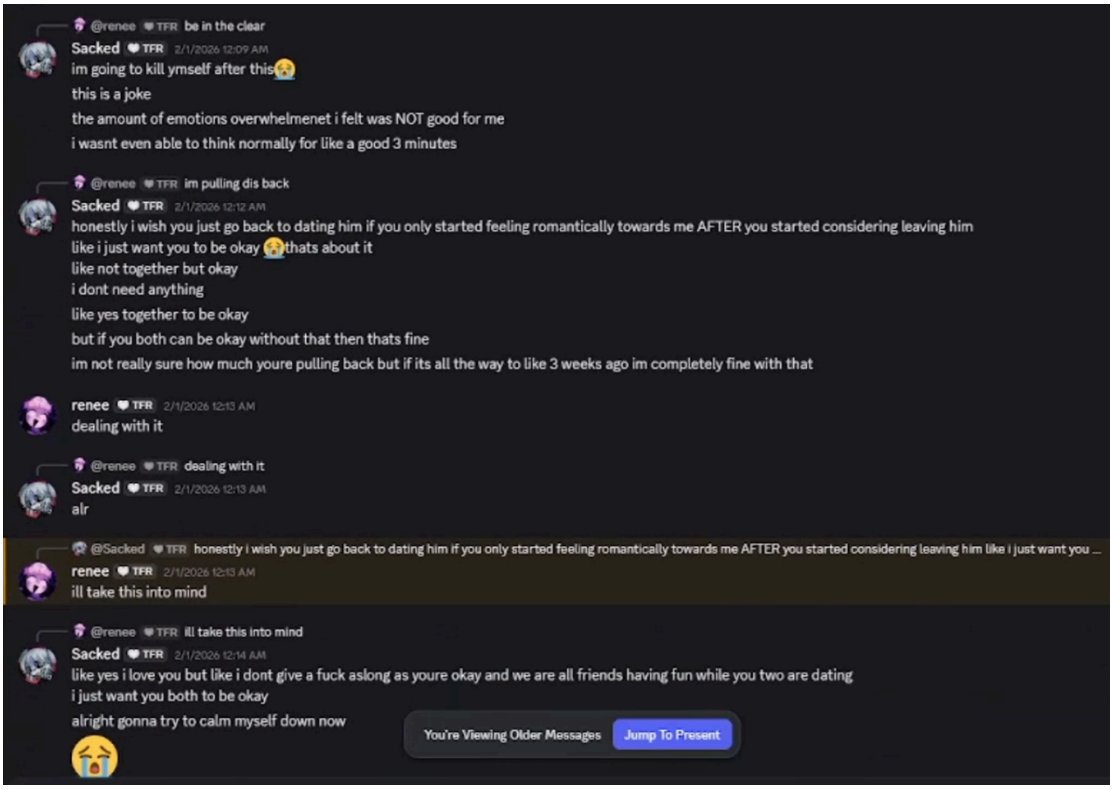

Sacked TFR im IM STILL THINKING im trying to think of both sides

Renee

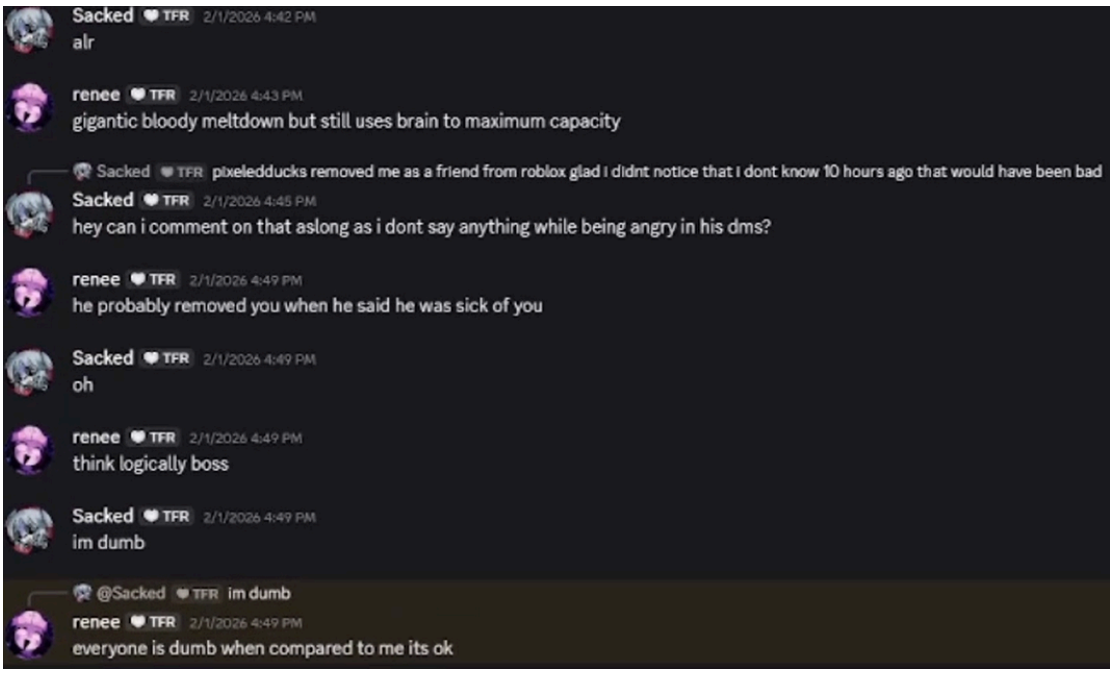

maybe we shouldn’t do this IN THE FIRST PLACE BECAUSE IM 18 AND HES 15 LG

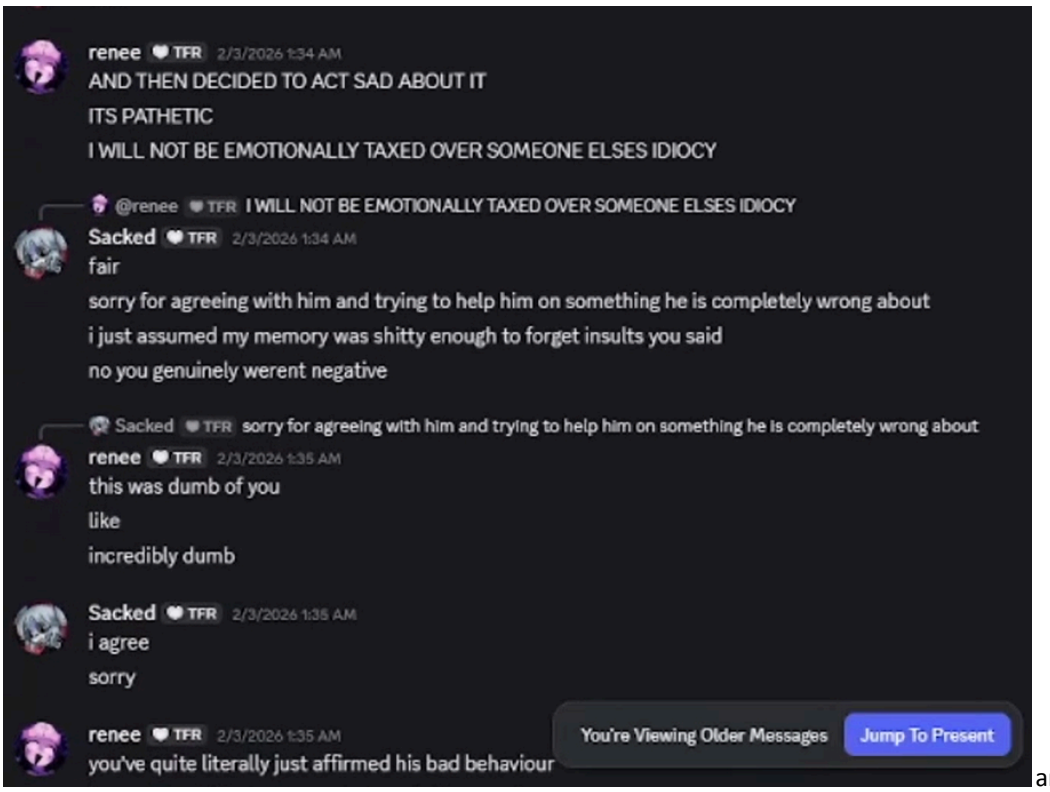

and then we did ts again

And broke up kinda what happened
Then she manipulated him into going back to her
You can watch this in the video

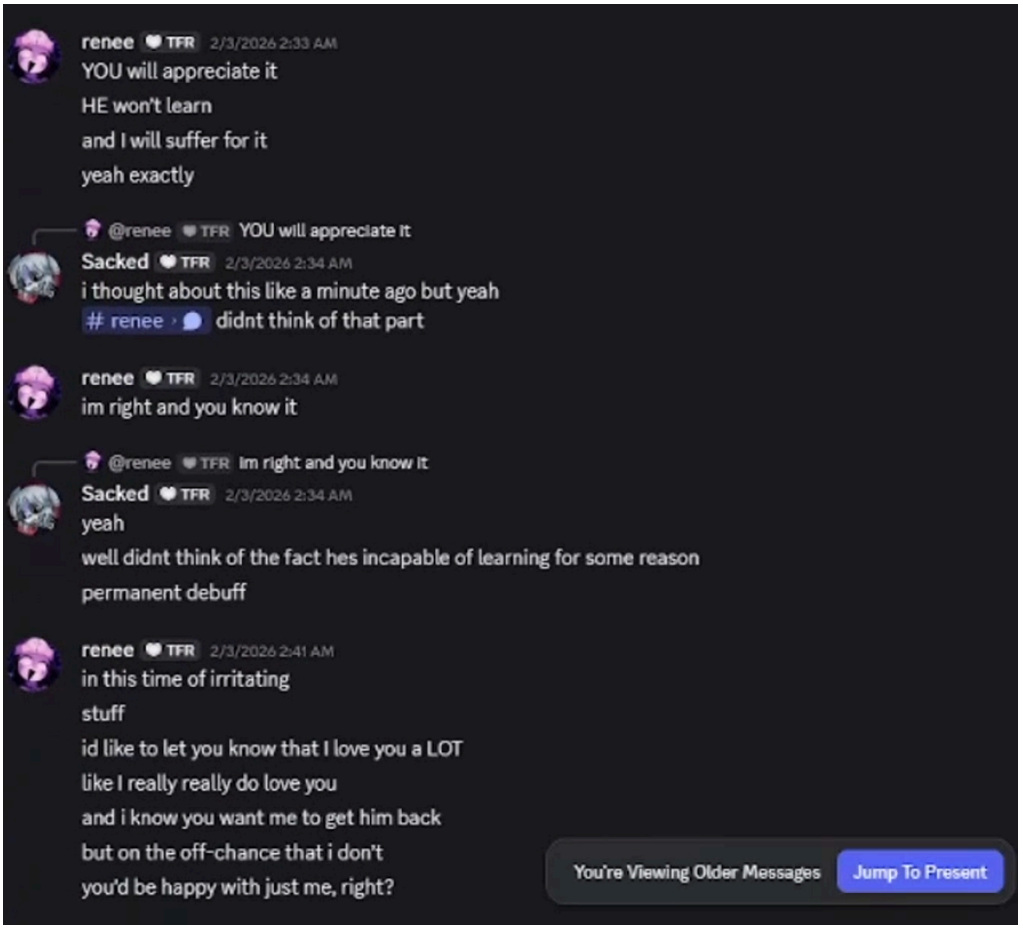

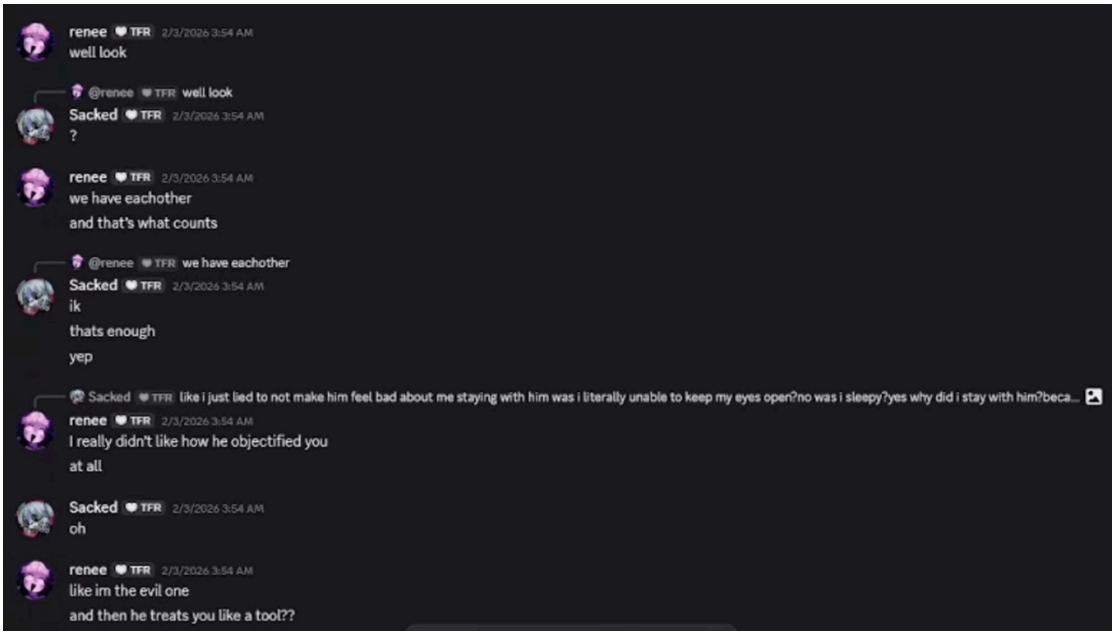

whoops accidentally cropped and controlled z

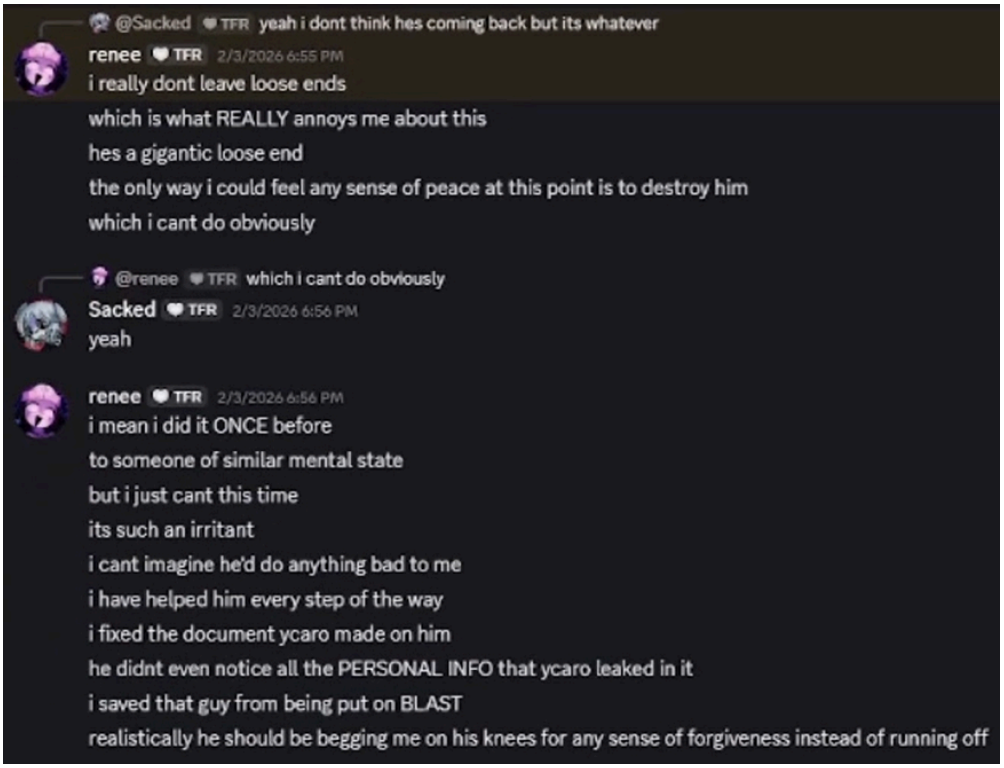

and made him break free for a couple of days

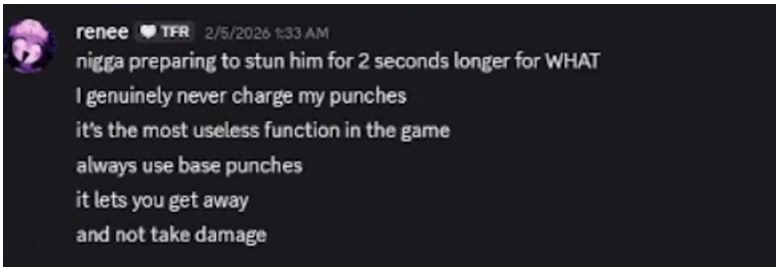

You see a vision of the future
It isnt looking too well
999 damage taken(this is an ISAT reference pretty much)

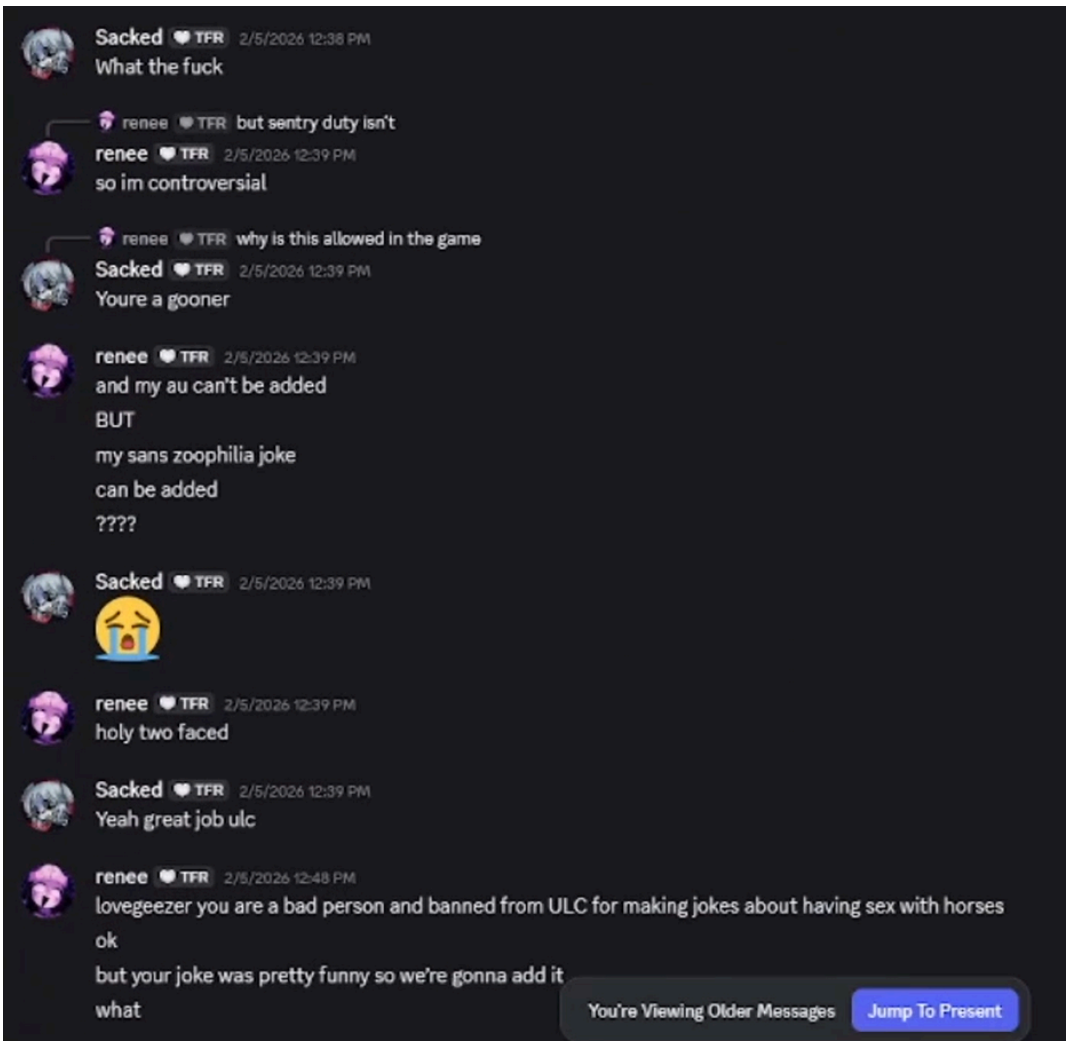

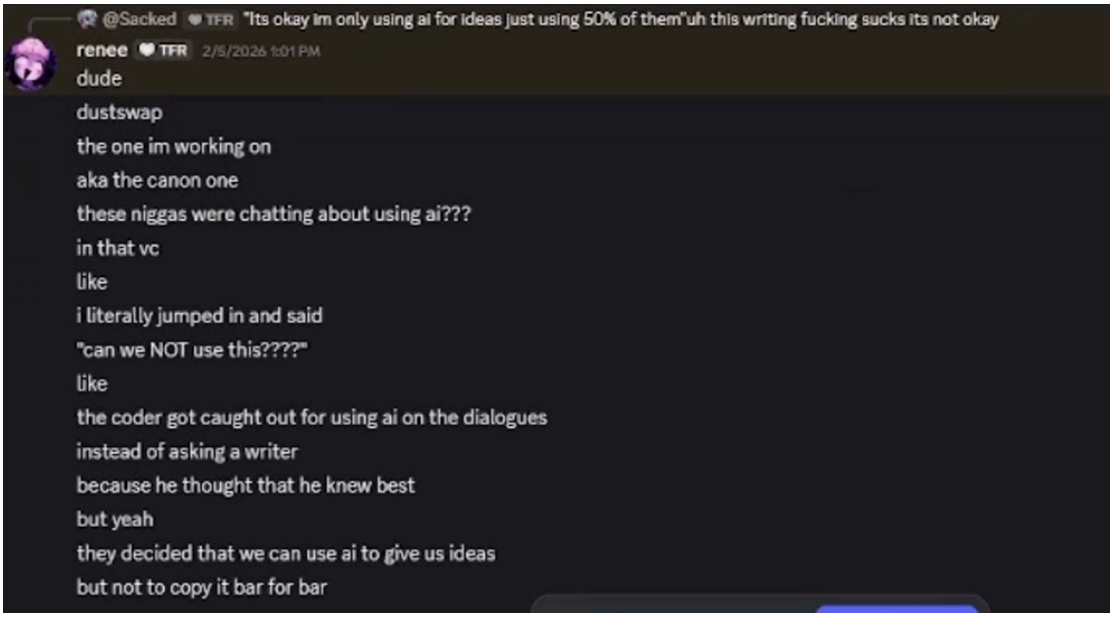

Oh btw did I mention she made a lot of hard r and r#pe jokes?
No?ok
It was in vc I have no proof of that except one time where she sent
Where she sent the hard r as an emoji
And I copied her humor because guess what?I didn't think(like she said)anyone would be offended by them because that shit was private
Pretty sure she used that against me when its just
Her showing something offensive pretty much?
Can you grasp what im saying/
She is at fault for sending something offensive
that's all there is to it

instead of asking a writer
because he thought that he knew best

i bought a flashdrive that i should be able to put the 20 hours recording on it but i cant use my pc till tomorrow because my family doesnt want me to use it as it apparently is the cause for my mental illnesses(it isnt,i always had depression)
Just saying so, ill be uploading it on a site for anyone to download and adding the missing proof of her starting the whole fetish talkingshit and her admitting shes a pedophile twice
and manipulating me into thinking her wanting to groom her childrenis a okay(very fair)
like blatant manipulation
pure evil vs level 1 clover but nobody came(apparently 2 answered the call for help which is great)
29 October 2026

she is mentally 38 as she has already said, and physically 24, according to her on both messages
and pixeled has infact manipulated me too
look they both manipulated me, age doesnt matter when you are literally the one being manipulated
"she is still a minor"isnt a good enough defense and you know it
minors can manipulate without consequences?give me a break
she isnt even that young and she is a genius
an evil one
and i was a papyrus throughout all of the 20 hours recording
just trying to please them in any way possible
and she started everything
every.
single.
time.
infact she played god with us and just wanted to see what would happen if i messed with pixeled
which got pixeled almost blocking me forever
and also her gradually becoming less and less, nice is the word, and showing her true colors more and more)
i wish i resisted a little more and not have given her what she wanted every single time like an idiot
But again she is an evil genius and has anger issues, if i resisted she would just convince me to do it with logic or just outright destroy me with words
i just hope you help on this because i honestly dont know what to do anymore
shes like really evil but shes getting away with it,idk how because ofcourse she made her server private so i cant respond to her counter arguments
although here is a counter argument that i just destroyed to the point she couldnt respond and blocked me(this was a somewhat short conversation with them
also sorry for being nihilistic in the image i just wanted this to be over because i have been puking everything i eat or drink
her just saying "Yeah delete that shit"would just have made me go "ok"and actually do it
to be clear im giving you all the info no matter what they are just because i think its only fair to give her
well thats just stupid 😭
"its only fair to give her a fighting chance in your eyes"dude she killed 2 people😭

it's an entirely justified action

and she just went "nah he deserves death"
do you see how evil this is or is it just me?

i will just be sending whatever i can
most flash drives dont support uploading more than 4 gb of space at a time(FAT32 (File Allocation Table 32))so it will be hard to get the 20 hours video on a flash drive unless i find one that supports more than that
in the meantime i will be sending those individual recordings, when im done ill send the link to the folder

ok so

someone ruined her chances at getting recognized as a good fangame maker
so she talked them to them everyday in order to get them to accept suicide is good
anddd they actually killed themselves
she excused this with her saying "he was a pedo!!!!"but she is literally a pedophile so she doesnt care about someone else being as evil as her

right
that guy was trying to become a better person and was getting help from his friend,the person she killed

I got it.
You know anybody else?
@Clover You know anybody else?
Hudai 04:34
i currently have 0 friends besides pixeled(which turns out he changed, he added me on this account)
kinda lost all my friends after a manic episode and suicidal thoughts (i will still call it my fault)and lost my only other friend after lovegeezer (being kochiya sanae)after she threw transphobic accusations at me
so yeah im kinda all alone
would have helped if i was born in another country so i can be friends with people that share the same hobbies as me

Hudai Yesterday at 22:23
i hope we can bring justice to this evil genius somehow
shes TOO smart
the other evidence includes this

> Hudai 15:37
> i bought a flashdrive that i should be able to put the 20 hours recording on it but i cant use my pc till tomorrow because my family doesnt want me to use it as it apparently is the cause for my mental illnesses(it isnt,i always had depression)
> Just saying so, ill be uploading it on a site for anyone to download and adding the missing proof of her starting the whole fetish talkingshit and her admitting shes a pedophile twice
> and manipulating me into thinking her wanting to groom her childrenis a okay(very fair)

Hudai 12:21
and ofcourse my pc is dead
gave me the blue (Wish i took pictures although i can take some tomorrow)screen of death then told me that one of the compatible devices arent connected and to either try again(instantly makes the error disappear and reappear)or to go into recovery mode and other shit, going into recovery mode turns off the pc
so yeah thats all the proof i can provide for now
i hope thats enough

Hudai 14:50
2 random thoughts i had:she pretty much used the shit out of me in every concievable way
also she got me accustomed to talking about weird shit with her even when i argued otherwise(if i remember correctly)so yeah

get their consciousness, she has her own consciousness and she cant just get into someone else's body, so why care about others when you have a god complex and everyone are pawns for you?or why care about them if you dont feel what they feel?(psychopath, but again, being a psychopath opens up the door to a shitton like grooming being a proud pedophile a murderer etc), so this is very smart from her, just like she is, one small problem, she thinks and believes there are no consequences to her actions, or small consequences cosidering her actions, well guess what, someone that is both an idiot and i quote her "better(in intelligence)than the rest"is just NOT having it today and not letting you get away for you to just continue hurting others

im SURE she pulled out the "i changed"card in her server i just cant prove it

Wyatt Lancer GAZA Yesterday at 23:30
Oh no doubt

Hudai Yesterday at 23:39
i will explain why thats not possible
1:she is physically 24(5000 hours in sleep debt)which means while she is 17 her physical/mental body has surpassed the age of 18, once youre 18 or older the likelyhood of getting a different personality(like from pshycopath->people pleaser)is close to 0%(ngl im not that smart to know that i just got this from a documentory(not sure if thats the right word)series which uses a lot of good sources
2:she explained she is "mentally 38"which means she is mature, she is too smart to be in the wrong here, most of the shit if not all her shit while not lying/decieving are true,so shes saying she is mature while manipulating/killing lying deceiving,i dont think if she sees that as mature that she can change that about herself
3:hot take but from her pov all of this makes sense, she(psychopath)CANT feel what others feel or get their consciousness, she has her own consciousness and she cant just get into someone else's body, so why care about others when you have a god complex and everyone are pawns for you?or why care about them if you dont feel what they feel?(psychopath, but again, being a psychopath opens up the door to a shitton like grooming being a proud pedophile a murderer etc), so this is very smart from her, just like she is, one small problem, she thinks and believes there are no consequences to her actions, or small consequences cosidering her actions, well guess what,

Alrighty then

Hudai 16:37

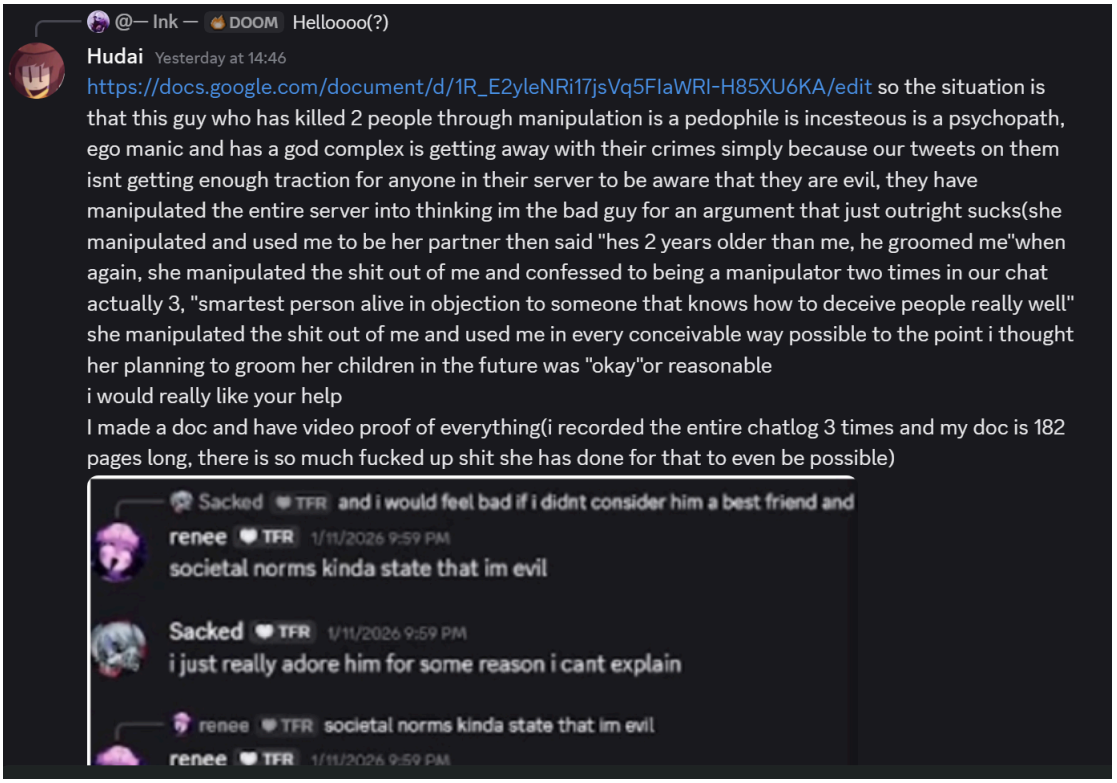

right now
had to go
right now my tweet is doing pretty good but not a lot of people are willing to read a 214 pages doc, thats understandable but i think me being unserious while is more honest as i typed everything that came to my mind is making the likelyhood of someone reading it less,because it makes the doc longer for no reason pretty much
although i was told by 2 people who have read it that it is "very good"

this person deserves to be in jail although i have reported her to the police the law enforcement didnt find proof of this because she deleted everything

unfortunately for her, i had everything recorded beforehand but nobody was willing to help me 5 months ago because i had an accusation that was true but outlandish(idk how i consider that outlandish and her killing two people through sheer manipulation not)but i came back just to expose her for nobody else to be hurt or manipulated by her

we have this though
again, she is just pretending she didnt see that shit because she cant think of a possible defense for her her only defense she has given is pretty much just saying "fake"
