

Are you selling these for a profit? If so, who's pocketing the money?

While we *are* selling these at a higher price than we bought them at, any profits simply go back into the club. Most of our money sources are restrictive on what we can use it for, so having a source of unrestricted income makes it much easier to purchase things like prizes for our events.

I don't live on/near campus, can I still buy merch?

Yep! Shortly after buying whatever item you want, we'll reach out to arrange getting it to you. Just let us know that you don't live nearby, and we'll work with you from there.

Ok I ordered some stuff. When/where can I get it?

That depends! If you ordered a pin or pair of socks, we already have those and will reach out shortly to arrange pickup. If you preordered a sweatshirt, you'll have to wait a little bit, as we won't end up ordering those until everyone who wants one has a chance to get one. You can expect more details as we go through the ordering process.

Is this it for merch? Or will there be more in the future?

For now, this is it. We're in the process of planning some other things, but aren't ready to announce anything yet.

Can I get a refund?

If, for whatever reason, you need to get a refund, just reach out to a BGC exec member and we'll work something out with you!

Oh no, this item is sold out! Will you be restocking it anytime?

Obviously, it's a little hard to predict this before we've even announced anything (when this document is being written). But depending on demand, we'll probably restock our more popular sold out items.
