Read the message from your friend, Zalina.

Hi,
I am thinking of doing some shopping this weekend. I am thinking of going to a shopping mall but I don't know if that is the right decision during this pandemic. Do you think I should continue with my shopping plan? I need to buy some clothes and a traveling bag. I might do some window shopping. Can you suggest to me any other place during this pandemic and why?
Please give me your opinion.
Zalina
