## 20% DISCOUNT FOR FIRE EMBLEM CONTENT

-As I'm a fan of this series and its art, I give a discount for themes from this franchise.
-Characters from FE with clothes from different characters, even from other franchises are acceptable for the discount. Vice versa too. However, if something that requires complex design creation, like "X character as if he/she was in an overclass form" , I won't consider it for a discount. Simple design, like event themes (summer, yukata, halloween, etc), casual clothes, FE3H Uniform, will be accepted.
-FE OC's aren't in this discount.
-If you ask for a Fire Emblem character and an OC, I'll give the discount to the cheaper price, otherwise I'd be losing too much money, and OCs usually don't give much feedback.
Eg.: 1OC and 1FE characters, both full bodies will be 120+60(-25%)= 180USD.

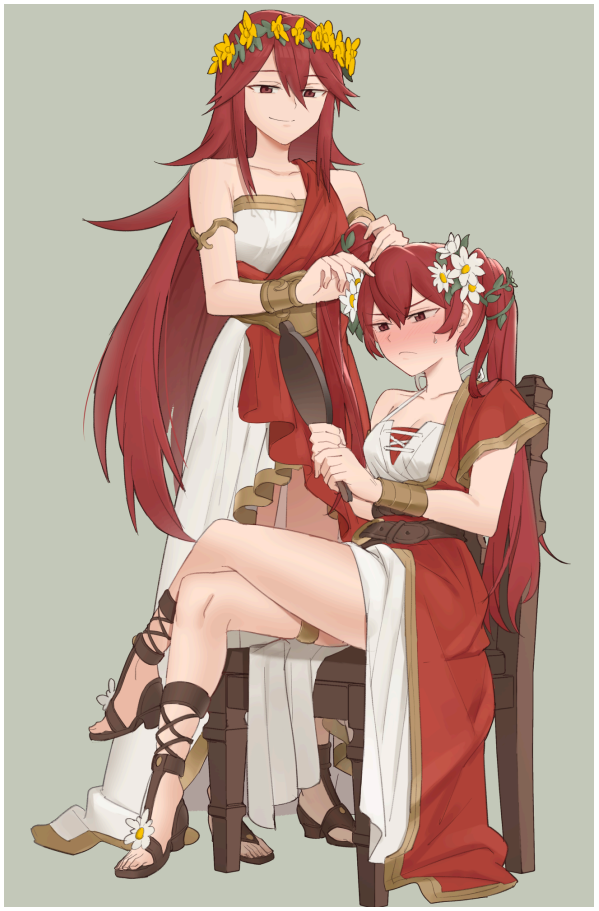

# Fullbody

- 1 Character is 130USD. Each additional is 85USD (max.:4). Examples:

- Characters interacting are 160USD(2 characters), and 200USD (3 characters). Max of 3 characters.

-Character creation is 165USD, no discount for additional characters. [You can check all the characters I created here.]

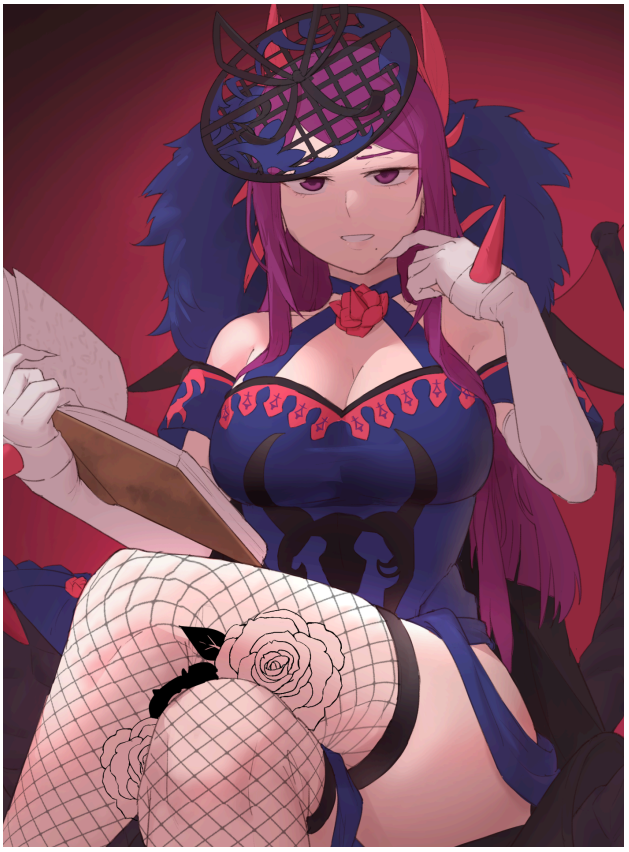

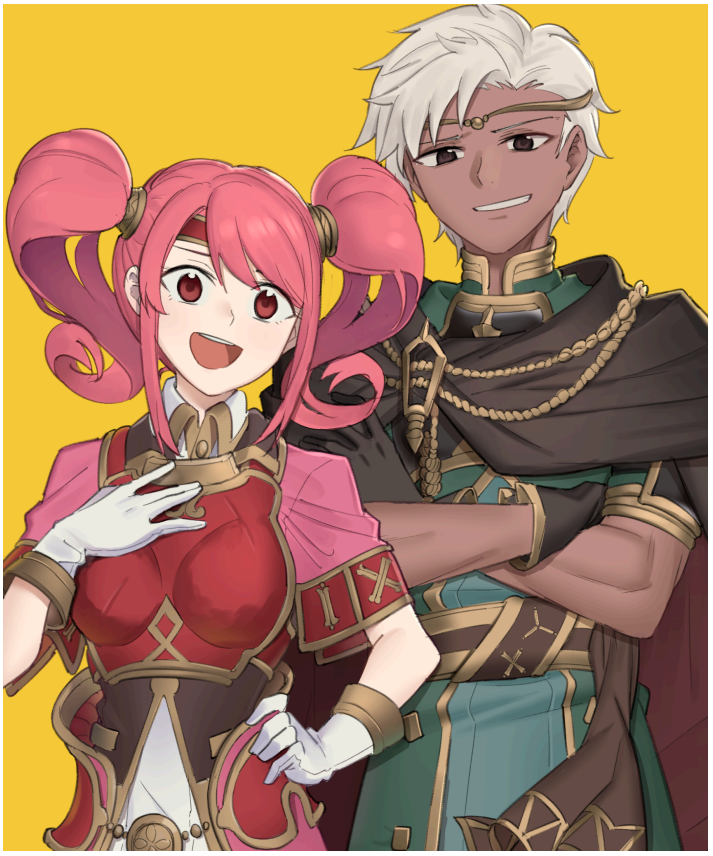

## Close-ups:

- 1 Character is 130USD. 2 characters is 175USD. 3 is 200USD. (Limit is 3 characters)
- I can’t guarantee a good complex background and I will spend one day maximum on it, otherwise I will make it a simple base color.

## ps.:

- Help me with the quality requests for drawings that I'm more familiar with. Check my past works to have a grasp of what I like to do.
- Usually, my drawings with more freedom on the pose brings better results.
- I am free to post the art on my galleries, portfolio and record the process to upload it.
- I also have the rights to give your commission in private and end up posting the same drawing with some changes. (eg.: you request for a character like standart Lucina, but I ask before accepting the request if I can end up posting her with short-hair, otherwise I won’t be accepting it). You can post the private one if you want afterward (except on pixiv).
