

Hey 🖐️ "Dahl" I was browsing your Instagram and was intrigued by your content!! Really got me thinking about buying another car from your dealership. The last time the customer service was amazing and the experience was how any top dealership should be. All that got me thinking about how other customers (previous and potential) are coming across your great establishment. With that, I also found some areas that could be gold mines if tapped into!! generating new leads/customers and creating tons of recurring customers. I would love to share strategies and tips tailored for your business absolutely free over a virtual coffee meeting. (you are free to do what you want with the strategies and tips I share over the call).
