

Final Abstract Guidelines

ISACON KARNATAKA 2026, Bengaluru

Oral Presentation

1. Slide Design

- Slides must contain **only the ISACON 2026 Conference Logo** only
- **No institutional, departmental, personal, hospital, or sponsor logos** are allowed in any slide.

2. File Format & Compatibility

- Presentations must be prepared and submitted in **Microsoft PowerPoint (.PPT or .PPTX)** format only.
- **PDF, Keynote, Google Slides, Prezi or Canva** formats will NOT be accepted.
- Use standard fonts such as **Arial, Calibri, Times New Roman**, to avoid rendering issues on the presentation laptop.
- The maximum number of slides allowed is 10, inclusive of the title slide and the thank-you slide.
- Recommended slide size: **16:9 widescreen** (PPT → Design → Slide Size → Widescreen 16:9)

3. Mandatory Slide Structure

Your presentation must follow the structured format below:

1. **Title Slide** (Title must match the submitted abstract)
2. **Introduction / Background**
3. **Objectives / Aims**
4. **Methods / Methodology** (Include statistical methods, software used, sample size, study type, etc).
5. **Results** (Use high-quality figures, charts, and tables)
6. **Discussion**
7. **Conclusion**

8. **References** (optional, but recommended if citations used) (maximum of 5 references)

Note:

(i) Avoid excessive animation, heavy transitions, or embedded videos (ii) Unless necessary-they may cause delays during projection.

4. AV Submission & On-Site Requirements

- All presenters must submit their final PPT at least **48 (2 days) hours before the session.**
- On the event day, presenters should report to the **preview room (area)** at least **1 hour before** their session to:
 - A. Verify compatibility
 - B. Test audio/video (if included)
 - C. Ensure formatting displays correctly on the main screen
- Presentations will run **only through the conference AV system** at the preview room (Personal laptops will **not be permitted** to ensure seamless transitions)

5. Timing & Judging

- Presentation time: **8 minutes**
- Q&A and assessment by judges: **2 minutes**
- Total duration: **10 minutes**

.....

E-Poster Presentation

1. Slide Rules

- E-posters must display **only the ISACON 2026 conference logo**.
- No additional logos (institutional/organizational/sponsor) are allowed.

2. Preparation Format

- E-posters must be prepared and submitted in **Microsoft PowerPoint (.PPT or .PPTX)** format only.
- **PDF, Keynote, Google Slides, Prezi or Canva** formats will NOT be accepted.
- **Only one slide is permitted for the E-poster presentation.**

3. Poster Layout Specifications

- **Orientation:** Landscape
- **Slide Size:** Standard 16:9 ratio
 - A. PowerPoint → Design → Slide Size → Standard (16:9)
- **Font Style:** Times New Roman/Arial/Calibri (recommended)
- **Images/Figures:**
 - A. Must be **high-definition**
 - B. Avoid pixelated or low-quality visuals

4. Poster Content Structure

Your E-Poster must include:

1. Title (same as the submitted abstract)
2. Presenting author & co-authors
3. Introduction / Background
4. Methods
5. Results (high-quality tables/charts)
6. Discussion
7. Conclusion
8. References (if required-maximum of 3)

Note:

- (i) **A maximum of two images, two tabular columns, or a combination of Both are permitted.**
- (ii) Keep text concise-AV screens display posters at a viewing distance.

5. AV Display & On-site Requirements

- Posters will be displayed on **LED/E-poster screens** provided by the conference.
- Ensure the Final PPT file is not larger than **10 MB** for smooth loading.
- Presenters must report to the E-poster station **30 minutes before** their judging session.

6. Timing & Judging

- Presentation time: **4 minutes**
- Q&A and assessment: **2 minutes**
- Total duration: **6 minutes**
- Time limits will be strictly followed using AV timers.

Additional AV Guidelines (Applies to Both Categories)

- Avoid **embedded audio/video**..
- Use **minimal animation** to prevent technical glitches.
- Do not use **special fonts** (they may not display correctly).
- Ensure all graphs and images remain clear on a **large 4K LED screen**.
- Keep backups in USB drive
