Subject: Please support congressional letters on global nutrition

Dear *Name*,

My name is *Your Name*, I am a constituent and a volunteer advocate with Together Women Rise.

Last year, almost five million children still died before their fifth birthday. Most of these deaths were from preventable or treatable causes in impoverished countries. Malnutrition was the underlying cause of almost half of those deaths.

The return on investment in nutrition interventions is significant. Studies show that for every \$1 invested, society recoups as much as \$35 in economic returns. If the U.S. shows strong positive pledging signals early in the run-up to the Nutrition for Growth Summit, it will inspire increased commitments from others.

[Will you sign onto this Nutrition for Growth Dear Colleague letter ?](#) The bipartisan letter is led by Representatives McGovern (D-MA) and Salazar (R-FL) lead the House letter, and the deadline will be **this Thursday, September 12 at close of business.**

Please let me know if you have any questions, and thank you for your consideration.

Regards,

Your Name
